DURHAM CHRONICLE

W. IRWIN, Editor and Proprietor.

Durham, Jan. 5th, 1905.

COUNTY AND MUNICIPAL ELECTION RESULTS.

The Municipal elections and the election of County Councillors were held on Monday last, but we find much difficulty in getting complete and accurate returns. Whatever was the matter on Monday night we were unable to rouse the central Telephone Office at Hanover and even the Station Telegraph operator at that town gave the consoling message about half past nine that he knew nothing about the elections. As the poll then stood with two polling places to hear from in Glenelg, four in Bentinck and the town of Hanover, McCannell stood at the head of the list with Sharpe next, but about 200 behind. McLean followed close on Sharpe. But as all felt that Ball was a winner and McCannell and McLean stood well for substantial gains it was a mere guess which of these gentlemen would come out second in the contest. On Tuesday morning it was learned that Ball took 640 in his own town and got a good lift at Campbell's Corners, putting him easily out of danger and well in the lead. Of the other two probable winners McCannell was still ahead of McLean, and speculation and guess-work left us still in a quandary. All we knew was that one of them would be it, but which one we were unable to determine. In the afternoon of Tuesday, however, it was ascertained that Lamdash and Louise did handsomely for McLean and he stood second only to Ball and was re-elected County Commissioner for Division No. 3. We give here a detailed statement of results as far as we were able to get them.

HANOVER.					
	640	7	101	5	12

In Glenelg there were eight in the field, and the following totals furnished by T. P., Treasurer, John S. Black give us sufficient data to name the Glenelg Council for 1905. Here are the total votes polled by each of the aspirants, the first four named being the winners:—Wm. Weir, 318; Edwin Hunt, 293; Geo. Arrowsmith, 239; John McMillan, 239; M. Kenny 186; W. J. Kerney, 159; Black, 123; Sullivan, 62.

Messrs. Arrowsmith and McMillan are members of the old council and Weir and Hunt are new men on the Board. These with Mr. Thomas McFadden as Reeve will be able to take good care of the Township for 1905.

The total votes for Commissioners from the township given by Mr. Black are as follows:—Ball, 12; McLean, 62; McCannell, 569; Staples, 434; Sharpe, 209.

Results by Wards.						
	1	2	3	4	5	Total
Arrowsmith—	70	43	68	24	49	254
Black—	4	12	48	8	51	123
Hunt—	73	51	67	46	56	293

Sullivan—	17	9	15	9	12	62
Weir—	147	60	8	50	44	318

Council elect:—Arrowsmith, Hunt, McMillan, Weir.

DURHAM.

THE BY-LAW. The By-law to raise \$4,500 was defeated by a majority of 86. The following is the result in the different Wards:—

	For	Against
North Ward	17	42
East Ward	16	39
West Ward	33	71
	66	152
Majority, against—	86.	

TRUSTEES. In regard to the Trustees, Mr. Mills defeated Mr. Telford in the North Ward, his majority being 13.

In the West Ward Ye Editor was knocked out by Constable Carson, the vote being 108 to 76.

Sniffeling and Sneezing Colds.

Can be stopped in a few minutes and permanently cured in one hour by inhaling fragrant healing Catarrh-ozone. No remedy compares with Catarrh-ozone for cold in the head and nasal catarrh. It soothes and heals the inflamed mucous membrane prevents sneezing and coughing clears away the "stuffed up" feeling in the forehead. If you have not used Catarrh-ozone get it to-day and try it on your next cold. You'll be surprised at the sufficiency and this delightful inhaler treatment which pleases everyone because it cures so quickly. Trial size 25c.

Assignee's Notice to Creditors.

IN THE MATTER OF HANCE WALKER, INSOLVENT.

NOTICE is hereby given that Hance Walker, of the Township of Bentinck, in the County of Grey, carrying on business as a brickmaker, has made an assignment to me under the provisions of Chapter 147 of the Revised Statutes of Ontario, 1897.

A meeting of the creditors of the said insolvent will be held at the law office of J. P. Telford, at the Town of Durham, in the County of Grey, on Tuesday, the 17th day of January A. D. 1905, at the hour of 2 o'clock in the afternoon, to receive a statement of the affairs and to appoint inspectors, and fixing of their remuneration, and for the ordering of the affairs of the Estate generally.

The creditors of the said insolvent are hereby required to file their claims with me or my Solicitor, duly proven as required by the said Act, on or before the date of such meeting.

And further take notice that on and after the 17th day of January, 1905, I will proceed to distribute the assets of the said estate among the creditors of whose claims I shall then have notice.

Dated at Durham this 3rd day of January A. D. 1905.

DUNCAN McLEAN, Assignee, Durham, Ontario.

Pale Faced, Nervous Women

ALWAYS GROW STRONG AND HAVE A ROSY COMPLEXION BY USING

Ferrozone.

Ferrozone is by long odds the best tonic for pale-faced girls and exhausted women. It forms the right kind of blood and tissue for rebuilding the system. It replaces tiredness by energy and vim, and adds nerve force and staying power. Miss D. E. Ledue, of Chester, gives the following convincing evidence of Ferrozone's power.

"My work compels me to rise early in the morning and work ten hours daily as a saleslady. Last spring I was run down, lost my color and fell off in weight. I seemed to lack ambition and the life was out of me. A friend recommended Ferrozone and I took one tablet after meals with wonderful results. Ferrozone soon brought back my complexion and has given me new strength and abundance of energy and spirits. I would advise all young ladies to use Ferrozone."

Mrs. H. G. Wilder, of Dexter, says: "My daughter was not very well last summer and lost her strength completely when the hot weather came. I gave her Ferrozone and am glad to say it did wonders. After six boxes were used my daughter was strong and looked the picture of health. I can recommend Ferrozone to all mothers, both for themselves and daughters."

Go to your druggists to-day and get a supply of Ferrozone. Price 50c. per box, or six boxes for \$2.50. By mail from The Ferrozone Company, Kingston, Ont.

Corner Concerns.

Miss Edith Matthews of the Wingham school staff, spent Christmas with her sister Mrs. Ben Crittenden.

Thos. Tucker and his mother is spending a fortnight's holiday with Wingham and Belgrave friends.

Lorne Allan is home on a visit from Winnipeg where he has spent the last two years.

At our school examination on Thursday there was a good attendance of adults, and all expressed themselves well pleased with the way the children acquitted themselves. At the close of the examination a good programme was given by the scholars of song and recitations and dialogues interspersed with short addresses by the trustees and others. The pupils took exception of the occasion to present their teacher with the address given in the CHRONICLE last week.

Our Township Council was re-elected by acclamation on Monday. They are a fine clever looking body of men now with none of the green awkward appearance they had when we first put them in harness, and it was expected they would be able to do business now with a neatness and a dispatch that the township would be benefited by them, and everything seemed O. K. until they announced that they would require a raise in salary that it would take about a half more per day to support them than it has done. Now that we are keeping them for our mark another year it will be about as well to give them what will keep them in decent order as to take the chance of causing them through hunger to break somewhere that would be disastrous to the township. Next year let them go for heavier work and by giving much less than it would take to support them to some of the untrained ones much improvement could be made in some of the younger men and the light work of the township done equally as well.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO QUININE Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Traverston.

Mrs. Cook and Master Bert returned to their home in Paisley on Monday. Miss Florence Hunt accompanied them back.

Miss Marrion McNab returned to Toronto this week. Her sister Mrs. John McGillivray is in a little better health.

Though timber land is worth money nowadays, that doesn't prevent Mr. Wm. Greenwood sr., from giving his woods up to a wood bee gang for Zion's benefit. They will make things lively there next Saturday afternoon.

(Continued next week.)

Sore Throat and Coughs

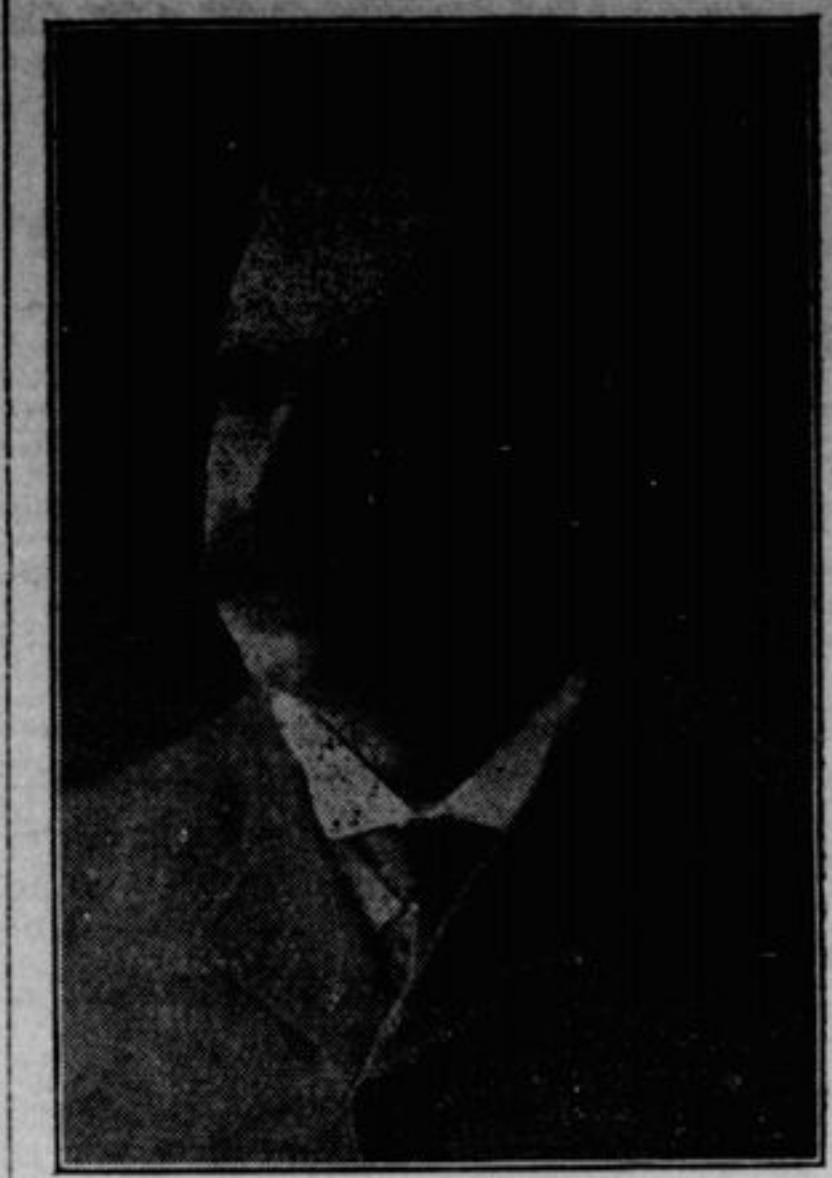

A simple, effective and safe remedy for all throat irritations is found in **Crescolene Antiseptic Tablets**. They combine the germicidal value of Crescolene with the soothing properties of slippery elm and licorice. 10c. All Druggists.

Ayer's Pills

Sugar-coated, easy to take, mild in action. They cure constipation, biliousness, sick-headache. **BUCKINGHAM'S DYE**

Ontario Elections

JAN. 25TH 1905

Your vote and influence respectfully solicited.

D. JAMIESON.

Hurried And Worried All Day.

And the worst of it is you are a little run down and have mighty little chance to catch up. Everything seems like a grindstone wearing down your nerves. You are irritable and get less sleep than is absolutely necessary. Better stop before things get worse. Your best plan is to use Ferrozone for a while and give your nerves and brain a chance to pick up. Ferrozone is the finest tonic a busy man can take. It makes new blood, nourishes the body, strengthens the nerves, improves the appetite and re-habitates the whole system.

Will cure the conditions causing piles. Try Dr. Hamilton's Pills of Mandrake and Butternut; their frequent use prevent piles. No case ever known where the use of Dr. Hamilton's Pills failed. Price 25c.

PRACTICAL RESULTS OF CO-OPERATION.

Packing and Marketing Fruit.

Purchasing Supplies.

For the past three years the Fruit Division, Ottawa, has been earnestly advocating co-operation among fruit growers, not only in marketing their products, but in many other ways as well. It has been pointed out that beginners might co-operate to buy the trees best suited to their district at the lowest price; that uniform methods of orchard management might be adopted in order to ensure a uniform quality of fruit, that of effective and systematic spraying might be secured by means of power outfits, serving a neighborhood in the same manner as the threshing machine; that cheaper supplies, such as implements, chemicals for spraying, and packages for shipping, might be obtained; and that by putting up co-operative packing houses at proper centres, uniform grading and packing, with consequent easier sale at better prices, might be secured. This season apple buyers have not been competing as usual for the farmer's crop, and the prices offered for apples have been unusually low. A good many farmers have not been able to sell their apples at all and in consequence they are more or less disgusted with the fruit outlook. They have learned by bitter experience that it will not do to depend on the travelling buyer. The most co-operative in the plan of marketing their apples if they desire to be reasonably sure of a fair return from their orchards.

The co-operative system of marketing has proved a great success in connection with the California fruit crop, the Texas tomato crop, and in many other cases in the United States. It is rapidly gaining ground in Canada, and the practical results of its operation at several Ontario points, are worthy of consideration by every orchardist. The Walkerton association, which started in small way three years ago, established this season a central co-operative packing house. To this centre point the members brought their apples in barrels which had been purchased through the organization. The apples were delivered in hay racks, the bottoms of which were well covered with hay, or in spring waggons, and any found unfit for packing were returned. The various lots were not kept separate, but were graded as they came in and the proceeds were divided among the members according to the quantity of each grade they supplied. The expense of packing was from ten to fifteen cents a barrel, which was less than the cost of packing in the orchard. This year eight cars of fruit were sold, including soft apples like Duchess and Astrachan, and for the entire lot prices ranged from \$1.75 to \$2.20 a barrel on board cars at Walkerton. The cost of barrels, packing, etc., had to be deducted from this, but without co-operation the apples would have been left to rot on the ground.

The Forest association was organized last spring and has a membership of about one hundred. This thirty eight cars of apples were shipped to the West and realized an average of \$1.90 for No. 1 and \$1.40 for No. 2, on board cars at Forest. The apples shipped were mostly Baldwin, Kings and Greenings, but included all marketable varieties. The association appointed its own salesmen to handle the fruit in the West. At first shipping from the orchard was tried, but it was soon found advisable to have two central packing houses. Instead of buying barrels the association bought the stock and had them made up, at a cost of about twenty-eight to thirty cents, compared with forty-five cents charged by coopers. The railroad and shipping companies have been four much readier than formerly to give proper transportation facilities, and the results generally have been satisfactory to members. The cost of packing was about fourteen cents a barrel, but about six cents of this was made up by the sale of culls, of which were sent to the evaporator.

The St. Catharines co-operative association shipped during the past year 400 cars of tender fruit and apples. Members in one town bought a power sprayer for co-operative use. All their baskets, Pea green and bluestone were purchased in the same way and at a considerable saving.

One of the pioneer co-operative societies of Ontario is that at Chatham, which has been in operation seven years. The practical benefits have been very much in evidence there as elsewhere. This season forty-three cars of fruit were shipped to the West by the above organization.

These are by no means all the co-operative fruit associations, but results achieved go to show that where farmers grapple intelligently with the problem of packing and marketing their fruit, there is need for it to go to waste and a profit may usually be secured.

W. A. CLEMONS, Publication Clerk.

Farm for Sale.

LOT NO. 53, CON. 3, GARAFRA Road, Bentinck, situated about 2 1/2 miles from Durham. Contains 100 acres, 60 being in good state of cultivation, and rest in good condition for pasture. This is a new frame barn 40 x 50, and a frame dwelling house on the farm, and barn. For further particulars apply to JNO. McLEHAN, Mt. Forest, or J. BEYDON, Egerton, Executors.
