

The Big Store New Goods.

Our supremacy in Dress Goods and Fancy Dress accessories will be more fully demonstrated this spring than ever before. We expect this week the most complete and exquisite stock of Dress Goods ever exhibited north of Toronto, embracing all the newest fabrics—

Voiles, Eoliennes,
Fancy Lustres,
French Poplins,
Crepe-de-chenes
and Mohairs,

the fabrics for 1905. Mohair is a fabric distinct in itself. It is light, strong, brilliant as silk, and above all it is extremely fashionable.

New Wall Paper.

EVERY YEAR we offer greater bargains in Wall Paper. Our stock is larger than ever before. In the most modern and exclusive designs, at prices from 5c to 25c per roll. Let us show you them.

Corner Concerns.

Thursday evening was spent in a very enjoyable manner at the home of Mr. Samuel Queen by the youth and beauty of the neighbourhood. Dancing was heartily indulged in by the majority of the crowd, while a gramophone with many good records kept the rest busy.

We are not hankering after any more big snow storms, but we would like to see the working of the new system for opening snow roads adopted by our Council. Road Commissioners move slow enough in midsummer when notified of a bad piece of road, and we would like to see their zeal when the thermometer registers about 30 below.

Your Aberdeen correspondent said last week he would be in hiding until the assessor has placed his valuations. He needn't hide this year, for, under the new Assessment Act, there will be a respectable enough sum placed on his head. It calls for increased valuation of the surface, and no consideration of contents.

Miss Smith, of Hamilton, was the guest of her sister, Mrs. Ben Woods, last week.

Messrs. Robt. and John Barbour have been noted for some time for doing good clean farming. Last week they leased Mrs. Dennett's farm in connection with their own.

Mr. Wm. McEeken gave a party last Friday night which was very much enjoyed by the people of the neighborhood. Dancing, the popular pastime of the country, was the principal feature of the affair. Music was supplied by Mr. T. Gordon and Mr. James Allan was in Galt, Ayr, and other places last week, in the interest of the Farmers' Mfg. and Supply Co.

Messrs. Ritchie and Moore were given the contract of repairing the school house.

Ex-Councillor Davis, in company with an agent of the Berlin Sugar Company, was in this neighbourhood Monday canvassing for sugar-beet growers. If steps were taken for a better mode of shipping, more people might be inclined to give the matter a thought.

Mr. Ben Wood's sale last Tuesday went off nicely. The cattle were small in size, and big Dougald McPhail could easily knock them down when he got good prices. We understand a very enjoyable time was spent at night, dancing.

We were all very sorry to hear of the illness of Mrs. Baird, after her arrival in Paisley, but hope she may recover soon. She is past the four score mark, but well preserved in health.

Your Varney man seems to be ashamed of Varney writings of late. He insinuates we did it. We don't wonder that he'd be ashamed of Varney correspondence at any time, but we are surprised he tries to blame it on us. If he said it was Orchard or Holstein men who were writing such silly stuff, people would believe him.

Miss S. McCallum, of McKillip, is spending a few days with her cousins the Tucker family.

Flesherton.

Mr. J. R. Hogg, of Eugenia, was in town on Thursday last and for a moment left his spirited young driver at Medical Hall door when she took fright and dashed round the corner at the butcher shop. She afterwards turned and ran to D. McTavish's shop when coming in contact with the verandah post she broke loose from the cutter leaving it such a complete wreck that Mr. Hogg invested in a new one. The harness was also considerably damaged, but the animal which sought shelter at the livery stable escaped without a scratch.

On Saturday forenoon last fire which started in the roof completely destroyed the residence occupied by Mrs. Gillespie one mile out on the Collingwood Road. Teamsters passing hurried to the scene and though unable to save the building succeeded in removing most of the contents. The building, a comfortable frame, was owned by Mr. John Porteous, who purposed moving into it this spring. No insurance. Mrs. Gillespie, who recently lost her husband, has the sympathy of the community in this added trouble. She purposed moving into the village this week.

Mr. D. Dow, of this place, is nursing a cut foot. The accident befell him while chopping in the bush a few days ago, and the wound was such that Dr. Carter inserted six stitches to close it.

Owing to a severe cold Rev. G. F. Hurlburt was unable to preach in the Baptist church on Sunday morning last. A praise, prayer and testimony service was held.

Mr. M. K. Richardson occupied the Methodist pulpit on Sunday morning and the pastor continued his series of sermons on the Commandments in the evening when the fifth, or filial obligations, was ably expounded under the divisions—obedience, reverence and love.

A meeting in the interests of W. C. T. U. is to be held in the Presbyterian church on Thursday afternoon next, to be addressed by Mrs. McLeod and Miss Doyle, of O. Sound.

Mr. F. G. Karstedt is enlarging his business by the addition of millinery this spring. He and Mrs. Karstedt attended the openings in Toronto last week and engaged Miss Haldane, of Strathroy, who is now preparing for Spring trade.

Mr. W. Heard is moving this week to his recently purchased farm near

Inistoge. Mr. and Mrs. Heard are citizens whom we regret to lose.

The residence of Mr. and Mrs. John Pedlar, east of the village, was the scene of a pretty evening wedding on Tuesday of last week when their elder daughter, Alema May, was united in marriage to Mr. John Beecroft, of Osprey. The ceremony was performed by Rev. G. F. Hurlburt, of this place, in the presence of about thirty guests. The bride's sister, Miss Pearl Pedlar, played the wedding march. The bride was prettily gowned in navy blue taffeta silk, trimmed with chiffon, and was attended by the groom's cousin, Miss Jennie McLean, who wore a navy blue cloth skirt and silk waist. The bride's brother, Mr. James Pedlar, discharged the duties of groomsman. The ceremony and congratulations over an inviting wedding supper was served after which with music and social intercourse the company spent an enjoyable evening. Mr. and Mrs. Beecroft left the following day to spend a couple of weeks with friends at Stayner, Barrie and Toronto, after which they will settle in their new home near Maxwell. May happiness and prosperity attend them. The bride was the recipient of a large number of beautiful wedding presents.

Mr. and Mrs. John Gordon, of Brooklyn, N. Y., formerly of this place, have announced the marriage, which took place on the 28 ult., of their eldest daughter, Mary Elizabeth, to Mr. Wm. Josias Strain, of Great Falls, Mont. The bridegroom is the fourth son of Mr. Wm. Strain, of Ann Arbor, Mich., formerly of this place. He and the very estimable young lady who has become his wife are held in the highest esteem here. We join their numerous friends in the ardent wish that their's may be a long and happy life. The four sons of Mr. Strain now married have all entered the benedict state since becoming residents of the United States, but all have wedded Canadian girls which betokens not only their loyalty but their high admiration of the fair sex of their native land.

Mrs. H. A. Willett has decided to open dressmaking parlors over Boyd, Hickling & Co's., store on the 21st. Miss Mercer, at present with Stitz in Toronto, and who has had many years experience with the famous costumer, Peter Robinson, of London, England, has been engaged to take charge of the cutting and fitting. Mrs. Willett's aim will be the latest styles and fullest satisfaction to her patrons.

Mr. and Mrs. D. McTavish are receiving the warm congratulations of their friends on the addition to their family of twins—a son and daughter—born on Monday, the 6th inst.

We are pleased that Mr. Thos. Cook, of Ceylon, whose life has been despaired of has been given hopes of recovery by specialists in Toronto where he is at present.

Dr. Murray is sufficiently improved to be out a little, but not yet in condition to practice. He hopes however to soon be able to handle the forceps again.

Mr. Harmon Radley, of Toronto, is spending a holiday with his family here.

Mrs. Northmore, of Toronto, is spending a couple of weeks with her brother, J. H. Watson, and other relatives in this vicinity. We had a pleasant call from her on Friday last.

Mr. Walter Loucks who has been travelling abroad recently, returned home from Minneapolis last week.

Miss Annie Anderson, daughter of the late J. R. Anderson, of Manor, N. W. T., is the guest of Mrs. (Rev.) Thom this week. Miss Anderson's numerous old friends here are pleased to meet her again.

Mrs. Christopher Irwin, Dundalk, is spending a week with her parents, Mr. and Mrs. John Bellemy.

Miss Mamie Sullivan spent Sunday with friends at Markdale.

Mr. George Lathan, of Dromore, visited on Friday and Saturday with Mr. and Mrs. Will Moore.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Cresolene tablets, ten cents per box. All druggists.

GOOD POSITIONS. The Mount Forest Business College

Has placed all its graduates in good positions and has several good positions in view. Its courses are the most up-to-date and the best that can be obtained in Canada or the United States, and, as its examinations are read by a board of examiners specially appointed, its diplomas are an excellent recommendation in both these countries.

Good positions present themselves to every person, and young people with a business training are always in demand. We are now prepared to receive any young ladies and gentlemen who wish to accept good positions in April and May. All our students are taught separately at their own desks, and do their work independent of one another. In this way, they receive special attention in such subjects as are difficult to them, and are enabled to accomplish considerable in a short time. They may also, begin the course at any time.

Day and Evening Classes. Trial Lesson free. Visitors always welcome.

Pretty as Pretty Sees

So with Many Eyes. "My face is my fortune," said the pretty maid in the old English ballads. She had proper appreciation of the value of a fair face in the matrimonial market. Eyes make or mar many a face, the other features may be ever so comely, a pair of weak red, inflamed or twitching eyes will spoil all beauty. Properly adjusted glasses will cure most of these troubles. Our qualifications and equipment for eye examination are the most thorough and modern, our choice of frames and taste for fitting them is unexcelled.

CUSTOM SAWING.—Robert Smith has purchased a portable mill, and is prepared to do custom sawing at the Durham Foundry.

IN some churches they have ushers but out at Ebenezer they have an hostler. A contributor tells us that some people think it's all right. We don't see why it shouldn't be.

WE have been informed that Mr. J. C. Nichol purchased a valuable pug dog on Thursday last from Jimmy Lavelle of Palmerston. The ferocious brute arrived Saturday night on 55.

THE Parker farm has been purchased by Thos. Searf and Sons, along with the herd of Shorthorns. They purpose carrying on the business much the same as Mr. Parker.

MANY people are not aware of their duty when a contagious disease happens to visit their homes. The law is very clear in matters of this kind, and one article we quote in this issue relating to Scarlatina, will give our readers some idea of what's expected of them.

MR. JOHN STEWART, of Bussan, Piper of the Sons' of Scotland, and holder of the Queen's Medal, announces that he will be in town on Friday evening the 17th. As Mr. Stewart is a piper who needs no introduction, we expect to see a number attend the meeting.

ON Saturday night last, some of our local astronomers seemed to be deeply troubled over a new star they had discovered in the western sky, and had a heated argument on the question. Upon investigation, the twinkler proved to be our powerful light on Wolfe's corner. "Th' strange people make such mistakes isn't it?"

MR. J. C. Jopp, of Mossomin, is sorry for Durhmites in having to contend with so much snow. Up in his country there has been no sleighing since the middle of February, and not over eight inches of snow at any time. The ground is ready for the seed, and the weather quite warm though earlier in the season, exceedingly cold weather was experienced.

YE Editor and daughter were in Thornbury Saturday and the country demonstrates clearly to the mind that Durham and vicinity has no monopoly of the snow-drifts. Collingwood and Euphrasia have lots of the "beautiful" and in many places the fences. The "Valley Road" from Flesherton to Kimberley is an improvement on the road through Eugenia and is used almost entirely during the winter months.

ON Monday of last week Mr. W. Wilder, of Egremont, an old gentleman about eighty years of age, was in his usual health and came out to town on business, part of his object being, as far as we learn, to order for a sale he intended to have. Enquiry at both offices here showed failed to carry out his intention in respect to the sale bills. On Tuesday afternoon he took a severe pain in the region of the heart and went to bed. Subsequently he became very unwell and ate heartily, after which his wife retired with him. About one o'clock Wednesday morning she heard slight groan but before she could ascertain the cause her husband was corpse. Heart failure is supposed to be the cause.
