# No Argument Will Convince a Women

that a flour is all right, if she can't make good bread with it. The one argument that wins every woman in favor of ROYAL HOUSEHOLD FLOUR is, that it never fails to turn out the most beautiful Bread and Cake and the most crisp and delicious Pastry when used according to the very simple "Royal Household" recipes. That one fact outweighs all the theories of two thousand years.

No other flour has ever made so many intimate friends among Canadian women in so short a time.—Perhaps it's because "Royal Household" is made by the new electrical process—that makes a wonderful difference in flour.

Your grocer sells "ROYAL HOUSEHOLD" and you can have the recipes by simply sending your name and address to The Ogilvie Flour Mills Co., Limited, Montreal, and mentioning the name of this paper.

The cow for the dairymen is the one that can make the most profit in milk, butter, or cheese for the food consumed. A large number of cows are kept for dairy purposes that don't yield sufficient milk to pay for their keep. They consume as much as profitable ones and require as much time and care in their milking. Alte many a good "Milker" has gone to the butchers block owing to improper care and feeding. Many of the milk producing qualities of the feed are lost owing to improper digestion and assimilation. This can be overcome by the addition of Clydesdale Stock Food to the ordinary feed as it puts the stomach in such shape as to help her to digest and assimilate her food, besides enabling her to eat more of it, as it is made more appetising. This makes her capable of secreting more milk, and, in many instances, richer milk. If it could be demonstrated that more bushels of wheat could be grown on a piece of ground than ordinarily, and without injury to the land, in fact improving it, and at an extra profit, wouldn't you take up the proposition. Clydesdale Stock Food will add to the milk production, and with extra profit, and without injury to the "Milker," because it gives a tone and sleekness to the animal that cannot otherwise be had. The use of Clydesdale Carboline Antiseptic will keep the stables in a healthy condition ensuring healthier milk. If after using the above, you find you are not satisfied, your money will be c heerfully refunded by our dealer. Clydesdale Stock Food is sold in your district by:
