Chronic Catarrh

Always Catching Cold
No Return in 14 Years

PSYCHINE

(PRONOUNCED SI-KEEN)
A CANADIAN REMEDY—HOME CURES

MISS GARRATT, Sussex, N.S.

"My daughter, when she was 5 years old, was troubled with a very bad cold for over six months.

She was short of breath, and seemed to be choked up all the time. The doctor said it was catarrh of the head and throat, and gave her medicine for it, but it gave no relief. Seeing Psychine advertised, I decided to try it, and before she had finished the first bottle she was as well as ever. The catarrh never returned, although 14 years have passed away since then, and she is now grown to young womanhood."—Mrs. Wm. Garratt.

The first stages of catarrh are commonly called catching cold. It may begin in the head, nose, throat, lungs or stomach. In the majority of cases no attention is paid to a cold until serious complications set in. Neglect is a sin against yourself, your friends, and loved ones. Symptoms of catarrh, coughs, or colds are often cured with only one bottle of Psychine. Psychine can be purchased at any drug store, at \$1.00 per bottle.

Psychine is pronounced Si-keen
For sale by all druggists. For further advice and information write Dr. Slocum, Limited, 179 King Street West, Toronto, Canada.

A Chicago Alderman Owes His Election to Chamberlain's Cough.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign I caught cold after being overheated which irritated my throat and I was finally compelled to stop, as I could not speak loud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on taking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale at Parker's Drug Store.

Glenmont.

It was with deep regret that we learned of the death of Master John Tucker, son of Mr. Alfred Tucker, who died on Wednesday evening last, after an illness of three weeks from typhoid fever. The sorrowing family have our sincere sympathy in their sore bereavement.

VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.
Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope, but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me to advise me to consult Drs. Kennedy and Kergan, as he had taken treatment from them himself and knew they were reliable and skillful. He wrote them and got the New Method Treatment for me. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn \$12 a week in a machine shop before treatment, now I am earning \$21 and never lose a day. I wish all sufferers knew of your valuable treatment."
— HENRY C. LOCUST.
