

(Toronto News)

To the Editor of the News: Allow me to thank you most heartily for the stand which you have taken against the proposed imposition of Separate Schools upon the new Provinces of Saskatchewan and Alberta.

Because such contemplated action is subversive of the principle of Provincial rights, which lies at the basis of our Confederation inasmuch as it denies to the citizens as such of these proposed Provinces any voice in formulating their own school system.

Because it is a direct violation of the principles of equal rights to all, and special favors to none, of the citizens of Canada.

Because in view of the diverse elements entering into the settlement of the proposed Provinces the provision for Separate Schools, if logically carried out, and fairly applied, would greatly increase the cost of education, and also impair the general efficiency of our Public School system in which we firmly believe, like to a very large extent the hope of a united, prosperous and peaceful Western Canada.

RADIANT WOMANHOOD

The glory and satisfaction of beautiful womanhood can be known only to those possessing the unlimited advantages of health. No woman can be happy or enjoy half the pleasures of life.

ANDREW MISCAMPPELL

One of the best of the representative men in the provincial arena has been called away in the person of Andrew Miscampbell. There was not a more faithful Conservative or a more honest, painstaking public man than this honored parliamentarian.

Red Rose Tea

Table with 2 columns: Label (Brown, Crimson, Green, Blue, Bronze, Gold) and Price (25c, 30c, 35c, 40c, 50c, 60c per lb).

Both Black and Green teas, also a mixed tea (Black and Green) are put up in each grade.

The price and description are printed on each label.

The Black teas are a richly color in the cup and have a rich, fruity flavor.

The Green teas are a pale lemon color and have a delicate, pungent flavor.

You are sure to use Red Rose Tea some day—better try a sample package now; you can't begin to enjoy it until you've tried it.

Venezuela must wish at times that its old friend Cleveland was still in office.

We should not expect too much of spring until it has had a little more practice.

Some men are so untidy that all they would have to do to live forever would be to get their lives braided.

Mrs. Chadwick may head into the magazine, but the ganders will keep her off the stage for a while.

As the snow melts in the back yards these days, we discover many mislaid articles—not lost, but gone behind.

One way that the Government might keep out foreign money is by making the domestic article more plentiful.

Russia does not want to touch its gold reserve. Neither is Japan going to touch it for a few millions if Russia can help it.

Like the Russians, the main occupation of the Senate seems to be holding their "passes"—or something just as good.

A Persistent Backache Can have but one cause—diseased kidneys, which must be strengthened before backache can be cured.

Why not use Dr. Hamilton's Pills? They cure the kidneys quick, make them strong and able to filter disease—breaking poisons from the blood.

Aberrant.

We have every indication that spring is now with us. All the birds are singing gaily, glad in the freedom of bursting buds and approaching flowers.

One old wild goose (Gander) in particular, took his flight to the north two soon and had to return to the south. He seems to be somewhat off his boundary of late, whether from the result of his northward flight, the effects of spring or the approach of the summer—we know not, but he is now doing around in his own part.
