

**FEELING IN THE WEST**

(Toronto News.)

To the Editor of the News: Allow me to thank you most heartily for the stand which you have taken against the proposed imposition of Separate Schools upon the new Provinces of Saskatchewan and Alberta. A great deal is being made out of the apparent apathy of the West in the matter. Let us assure you as a resident of Edmonton for nearly eighteen years and inspector of Protestant Schools from 1887 to 1901, that the West is not apathetic. We have been rudely and suddenly awakened by the treachery of Sir Wilfred in quietly, and apparently at the dictation of the Roman Catholic Hierarchy, assuaging the principal of Provincial rights by the advocacy of which he attained power in 1896. I enclose a copy of a protest which our Synod's Home Mission Committee forwarded to Ottawa. This committee, though not officially, yet fairly represents the Presbyterian church in British Columbia and Alberta. I have always been a Liberal and am one still, but certainly shall never vote for the support of Sir Wilfred Laurier again. This attempt, successful or unsuccessful, shows his capabilities. Let this question be an issue at the first, or any subsequent, Provincial election in either Saskatchewan or Alberta, and the voice of the West shall be heard in no uncertain terms. This following is the protest: To the Honorable the Speaker and Members of the House of Commons in Parliament assembled at Ottawa: The Home Mission Committee of the Synod of British Columbia and Alberta of the Presbyterian Church in Canada, in session assembled at Vancouver, strongly protest against the imposition of any system of Separate Schools by the Federal Government upon the proposed Provinces of Alberta and Saskatchewan, either by re-enactment of the clause or clauses of the Northwest Territories Act relating thereto, or in any other way, and for the following reasons:

Because such contemplated action is subversive of the principal of Provincial rights, which lies at the basis of our Confederation, inasmuch as it denies to the citizens, as such, of these proposed Provinces any voice in formulating their own school system, which is one of the most important agencies in qualifying for true citizenship.

Because it is a direct violation of the principles of equal rights to all, and special favors to none, of the citizens of Canada.

Because in view of the diverse elements entering into the settlement of the proposed Provinces, if logically carried out, and fairly applied, would greatly increase the cost of education, and also impair the general efficiency of our Public School system, in which, we firmly believe, lies to a very large extent the hope of a united, prosperous and peaceful Western Canada.

**RADIANT WOMANHOOD.**

The glory and satisfaction of beautiful womanhood can be known only to those possessing the unlimited advantages of health. No weak woman can be happy or enjoy half the pleasures of life. Pallid cheeks, sunken eyes, exhausted nerves, all tell of a terrible struggle to keep up. What the weak woman needs is Ferrozone; it renews, restores and vitalizes instantly—it's a "woman's remedy"—that's why.

Ferrozone makes a woman strong, plump and healthful because it contains lots of nutriment, the kind that forms muscle, sinew, bone and nerve. Vitalizing blood courses through the body, making delightful color, happy spirits, true womanly strength. Fifty cents buys a box of Ferrozone in any drug store.

**ANDREW MISCAMPELL**

One of the best of the representative men in the provincial arena has been called away in the person of Andrew Miscampbell. There was not a more faithful Conservative or a more honest, painstaking public man than this lamented gentleman. In the Legislature he was respected for his ability and industry. While there he initiated many propositions making for the welfare of the province. Outside of House was regarded with admiration. He was a splendid speaker and a thorough master of all the details of the provincial situation. It was a great loss to the province when through the criminal operations at the Sault, Mr. Miscampbell was excluded from the Assembly. It was a further loss when, owing to his devotion to the duties of organizer for the Conservative party, Mr. Miscampbell declined to become a candidate at the last election. That he would have remained out of the House for long had he lived is, however, improbable. Public rumor associated his name with the proposed Ministry of Mines, and had he been selected for that office he would have rendered good service to the province. Mr. Miscampbell was an exemplary public man. Of the Legislature he was a worthy member. As organizer for his party he was able and alert, and there was not one thing done by him of which anybody need be ashamed. He prosecuted a clean and honorable campaign. His demise is regretted by a large circle of friends, by whom it was hoped that there were many years of public usefulness.—Mail and Empire.

[It is only a few months ago since Mr. Miscampbell delivered a very eloquent address in this town.—Ed]

**Valuable Advice to Mothers**  
If your child comes in from play coughing or showing evidences of gripe, sore throat, or sickness of any kind, get out your bottle of Nerviline. Rub the chest and neck with Nerviline, and give internal doses of ten drops of Nerviline in sweetened water every two hours. This will prevent any serious trouble. No liniment or pain reliever equals Polson's Nerviline, which has been the great family remedy in Canada for the past fifty years. Try a 25c. bottle of Nerviline.
