Losing Money on Horses??

There are several ways for doing this—betting on the wrong; making mistakes, etc. But the most frequent way is by neglecting their health, just when the hard work of spring and summer is at hand. A great deal can be saved by using our celebrated

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Cresolene tablets, ten cents per box. All druggists.

Considerable excitement was created in Warton last Thursday morning by a report that one of the horses of the Stokes Bay stage, the property of Mr. E. Kyte, had been horribly maltreated the previous night while standing in the Pacific hotel stables. The animal had a wound in its shoulder, and another between the ribs. Dr. McDonald was called and dressed the wound. As doubts were expressed as to how the injury had been caused, Dr. McEwan was called and also Dr. Thomas, of Tara, in consultation, and a decision was reached to the effect that the animal's mate, standing beside it in the stall, was the cause of the trouble. Wartonians are glad of this, as they disliked to think they had among them a man fiendish enough to commit so dastardly an act.—Warton Canadian.

PROTECT YOURSELF AGAINST GERMS.

People With Weak Stomachs Most Liable to Catch Disease.

When the stomach and digestive organs are weak, the food does not digest, and there is a sour, slimy, fermenting mass, making it an ideal spot for the disease germs to multiply. The only way to protect yourself against disease germs is to strengthen the stomach and digestive organs, and Mi-o-na is the only agent, so far as is known, that will accomplish this.

The ordinary medicine that is taken for indigestion and stomach troubles is advertised to act upon the food alone, and hence can give no more than temporary relief. Mi-o-na is a certain cure in all cases of stomach troubles, excepting cancer, because it enables the stomach and digestive organs to act in the way Nature intended they should. Drugs cannot digest the food; they simply decompose it.

If you suffer with distress after eating, pains in the head, chest, sides and back, belching of gases and undigested food, bad taste in the mouth, dizziness or vertigo, heartburn, variable appetite, sick headaches, spots before the eyes, and have a general feeling of despondency, weakness, and debility you should at once strengthen the stomach and digestive system by the use of Mi-o-na. There is no liquid, no alcohol, no spoonful doser with Mi-o-na. Just one simple tablet out of a fifty cent box before eating, and your stomach will soon become so strong and healthy that you will be game proof. Ask McFarlane & Co to show you the guarantee under which they sell Mi-o-na; costs nothing unless it cures.

KILLED IN THE NORTHWEST

Mr. Joseph D. Ferguson, one of Kepple's young men who went west a few years ago to carve out a fortune in the new country, was killed on February 20. He was mechanical superintendent in one of the tunnels under construction for a new railway and was called to look after the fixing of some pipes. On the trip, the cars jumped the rails, and the concussion threw Mr. Ferguson under the motor, which was behind the flat car he was riding on, and death was practically instantaneous. The foreman and one other were riding on the same car, but they escaped without serious injury.—Hanover Post
