

Our New Wall Papers for Spring

Are so attractive and offer such a variety of choice that we specially desire your early visit whether you propose decorating each or only one room, and equally welcome if you are merely interested in beautiful and progressive ideas in Paper Hangings.

HOME ELEGANCE

Is so largely a question of Wall Paper that no householder should fail to consider the claims of the strikingly handsome patterns secured by us this season from the unequalled product of THE WATSON FOSTER CO., Montreal, and STAUNTONS of Toronto. But while prepared to meet the demand for high class Style and Design and Modern Color Effect, we have also provided the most complete range of Lower Grade Wall Papers. Every pattern shown is Artistic and Attractive no matter how Low the Price or how Modest the Design.

DURHAM CHRONICLE

W. IRWIN, Editor and Proprietor.

Durham, April 27, 1905.

THE BY-LAW CARRIED.

Durham Voters Sanction It by a Big Majority.

By a vote of 331 against 18 the Free holders of Durham have agreed to give the Durham Furniture Company the full amount they asked for and the town now rests easy on the full assurance that the factory will be re-built without delay.

While we favored the demands of the company, and advocated to the best of our ability the re-building of the factory, we at least respect the feelings of those who opposed the By-law as a mere matter of principle. Few believe in the granting of a straight bonus, and a look at the history of many bonused industries will justify them in no small measure in the position they took in opposing the By-law just carried.

The circumstances and conditions of this case, however, were peculiar. The town for many years lay in a state of dormancy. After many fruitless attempts to get an industry of some kind, the passing of a By-law to grant aid by way of a loan to the Furniture Company, gave life to the town, and ever since then, until the night of the 23rd of March, the history of Durham has been a history of continuous growth. Slow it may seem, yet there were few towns in Western Ontario made more material progress during the past five or six years.

During those years the factory was struggling along, making a little money, though handicapped from the start for want of capital. The experience of the old Board of Directors was anything but pleasant, and before they would undertake the work a second time, they felt the necessity of getting enough money to work with. Less than \$30,000 they felt was not sufficient, and therefore asked the town to give a bonus of ten thousand, a loan of ten thousand without interest and then to issue ten thousand dollars of preferred stock. Moreover, the company is bound to give work

the year round to an average of sixty hands, and to repay the loan at the rate of \$1000 a year, first payment to be made one year from the passing of the By-law.

In granting the demands of the company the town has certainly shown a generous spirit, and it is to be hoped there will be no breach of faith on either side. It is to be hoped also that the town and company will be so bound as to have no twisting of negotiations nor improper use made of the moneys granted. To carry out the terms there should be a hard and fast agreement, to be carried out strictly to the letter. That the furniture factory was appreciated was certainly shown in no unmistakable signs in the vote of Friday last.

FROM THE SUNNY SOUTH

We are in receipt of a letter from Mr. R. O. Wilkie, of Biloxi, Miss. The letter is not intended for publication, at least it is not so stated. However, we take the liberty of making a note or two from its contents. From it, we learn that Mr. Wilkie is prospecting in the south, taking an interest in the cultivation of figs and oranges, with a view to purchase all or part of a grove.

The letter was dated on the 16th inst., and he says: "Yesterday I walked thirteen miles into the interior of this country and saw fig trees loaded with fruit." He says "a tree five years old bears an enormous load, and any three figs will weigh a pound." Think of a man on a half-acre garden growing all he can eat by growing all the year round with (1) Raddishes and Lettuce (2) Irish potatoes (3) Sweet potatoes, and all the time you can have strawberries, squash and melons between the hills. Postal facilities, bathing conveniences, water supply for domestic uses and fire protection, and other matters pertaining to the city are graphically described.

Mr. Wilkie hasn't forgotten his friend Anthony, whom he would like to have down there to view the fine black land, and figure on the enormous possibilities of raising hogs, sheep, baby beef, chickens, etc., etc. Eggs are 35c a dozen, and tourists eat all the hens can lay, and hotels have to buy from Swift & Co., Chicago and other cold storage houses. He talks also about Ladies in White, Spanish Ladies, pretty ladies, etc., but redeems himself at the close of his remarks by saying they are not prettier than the ladies of Durham or Toronto. The people are polite down south, and everybody is addressed as "Sir" or "Madam," from the Superintendent to the fireman and oiler. This seemed queer, at first, to Bob—excuse us—to Sir Robert, but he soon got used to it, and he's getting to be a real southerner now.

We were indeed pleased to hear from Mr. Wilkie, and no doubt when we go to visit him in his orange groves, he will be as courteous in telling us particulars as he was while here in giving us information about the electrical machinery in connection with the cement mill.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Cresolene tablets, ten cents per box. All druggists.

SOUTH GREY LICENSES.

On Saturday last the License Commissioners for South Grey, consisting of Inspector Harris, J. H. Brown, Andrew Schenk and Wm. Goodfellow, met at the Knapp House to consider the applications for License for the ensuing year. From the report given it may be inferred that hotel men will, henceforth be expected to toe the mark a little better than they have been doing if they wish to retain their licenses. They are entitled to all the privileges the law confers, but they are entitled to nothing more; and should they go beyond the limits of right and get mixed up in a lawsuit and a fine they have themselves to blame for it as general rule. The existing License system is not a bad one, and if strictly adhered to there would be less complaint from the temperance agitators. The following is the pronouncement of the Board:—

OUR WESTERN HERITAGE.

An excellent address on "The Possibilities of Our Western Heritage" was delivered in the Methodist church on Wednesday evening of last week. The Rev. Dr. McDougall, a pioneer in Manitoba and the North-West since the early sixties, was the speaker on the occasion. The Doctor was born on the banks of the Sydenham River where Owen Sound now stands, and from his birth in 1842 up to the present, he has been associated with the realities of bush life and with the habits, customs and peculiarities of Indians in every phase of their existence. The hardships, trials and sacrifices of Dr. McDougall are almost beyond description, but this side of the Rev. gentleman's life was not so graphically portrayed as it was on his visit of a year ago. Though sixty-three years of age, Dr. McDougall is still active and full of vigor, and should anyone imagine his last address to come below the standard of the one he delivered a year ago, it must not be forgotten that he was speaking on a subject entirely different in its character, and one that would not appeal so directly to the feelings of his audience. Wild life and personal adventures with Indians, wolves, bears and buffaloes are always sure to rivet the attention of the listener. No man, we imagine, knows so intimately as Mr. McDougall, the vastness of our great western heritage.

Glenmont.

Mrs. Bothwell, who has been spending the winter at Mr. Tom Harrison's, left last week for an extended visit with her daughter, Mrs. James Muir, of Riverview.

Master James Weir, who has spent the winter months with his uncle at Edge Hill, is home again, and intends to remain all summer.

The Sunday school at Ebenezer will re-open on Sunday April 30th, with Mr. John Hornsby as superintendent.

The choir practice on Tuesday night was well attended, the choir including some neighboring societies, being in preparation for the Easter service in Ebenezer church.

Miss Minnie Halpenny, of Durham is spending her Easter holidays at the parental home.

Mr. Thos. Harrison lately purchased a new buggy, and Mr. W. L. Dixon a White sewing machine from Dan Campbell, Durham.

Listen For The Bronchial "Wheeze."

It means that disease will soon attack the lungs. Wheezing is distressing to the sufferer and annoying to his friends. Nothing half so certain in bronchitis and throat trouble as "Catarrhzone"; it gives instant relief and cures even the worst cases. Bronchitis fairly flees under the magic influence of Catarrhzone which cures so thoroughly the disease never returns. Other remedies may relieve, but "Catarrhzone" cures bronchitis, catarrh, and throat trouble for all time to come. Sold everywhere.

Darkies' Corner.

The farmers have started to sow, but the weather being so cold, the growth is backward.

Mr. Thos. Ritchie, and family, moved to their new home on the McCracken farm, a week ago Monday. We wish him success in his new venture.

Mr. Geo. Matthews and family moved onto the farm lately vacated by Mr. Ritchie. We welcome him to our midst.

Mr. J. H. Dean recently had the misfortune to lose a valuable mare.

The Canadian Band has been under the weather for the past few days.

The Hewitt property has lately been improved by a fine wire fence. Mr. John Staples still holds his reputation as a good fence builder.

Mr. David Ritchie is contemplating the purchase of a threshing machine from D. Campbell, Durham.

Mr. and Mrs. John Hewitt visited at Mr. and Mrs. N. G. Dunsmoor's of Rocky Saugeen, last Friday.

Mr. Thos. McGirr disposed of a fine horse recently for the handsome sum of \$140.

Mr. M. J. Staples visited friends around the Corners last Sunday.

The Happiness of Home.

Very largely depends on the mother's disposition; if she is animated and bright, everyone is happy; but if she is nervous, irritable and cross—everything goes wrong. Bright cheery women usually use Ferrozone, the greatest health-maker known. By acting through the blood Ferrozone is able to reach all the organs that need assistance; it establishes regular and healthy action of all functions, builds up the general health, fortifies the system with a reserve of energy that defies disease. Don't put off—Ferrozone costs only 50c. at any drug store; get it to day

Largest Organ In The Body.

Is the liver. Small wonder that liver trouble makes you feel so miserable. The symptoms are constipation, dizziness, indigestion, headache, feeling of depression and lack of appetite. There is but one cure—Dr. Hamilton's Pills. In every case they are successful. By relying on Dr. Hamilton's Pills you are sure of strong vitality, nourishing blood, bright cheery spirits. No longer will you suffer from disorder'd liver or kidneys. The marvel of this medicine is that it keeps you well—prevents and wards off sickness of every kind. 25c per box everywhere.

Sore Throat and Coughs

A simple, effective and safe remedy for all throat irritations is found in **Cresolene Antiseptic Tablets**. They combine the germicidal value of Cresolene with the soothing properties of slippery elm and licorice. 10c. All Druggists.

Not the Oldest—Not the Largest Just the Best.

If you wish to receive the Best Commercial and Shorthand Education, it is necessary that you attend the Best—

The Mount Forest Business College

This College is the Best:—

Because each student is taught separately at his own desk.

Because all difficulties are thoroughly explained as they occur, thus avoiding loss of time to the students and enabling them to accomplish more than is possible in class teaching.

Because each student receives special attention in his weak subjects and may choose his subjects.

Because each student does his work independently of all others thereby establishing confidence in himself.

Because by attending the day and evening classes, students graduate in a short time and at a small cost.

Because its graduates are enjoying the best positions in almost every Canadian and American city.

Because this College enjoys the confidence of the Business Public.

Because it teaches Actual business from start to finish.

Because its Shorthand students are doing marvellous work, some writing 200 words per minute after attending only two months.

Because at the head of it is a man whose qualifications as a teacher are unequalled and whose ambition is to see his students become good citizens, morally, socially and financially.
