

The Big Store

Easter Opening.

Easter time bespeaks new life. We see nature putting on her new garb and it becomes us to put away our old heavy winter garments and look up fresh, bright new ones. This Big Store never contained as nice an array of fashionable

Spring Dress Goods and Trimmings, Silks, Laces, Etc.

The place is jammed full from one end to the other—scarcely room to shove the goods in endways. See our NORTH WINDOW—it is nicely draped with up to date Spring Dress Goods, Waistings, Shirt Waist Suitings, Etc., and the SOUTH WINDOW showing some of our House Furnishings. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials.

DOES anybody know the whereabouts of Mr. Neil McGillivray, recently of 23 Ontario St., Toronto? CHRONICLE to this address has been re-directed to Owen Sound and remains uncalled for. We would like find out where he is.

THE Grit papers throughout the province are making considerable kicking over the removal of some of the former Ontario Government officials. There may be some instances where changes are not called for, but may be considered unjustifiable, their long term of office and their extremely offensive partisanship is sufficient in many cases to unseat pompous little roosters who have flown away so long.

THE B. Y. P. U. gave a social in Baptist church Tuesday night. Though the attendance was small nevertheless a pleasant evening was spent in solos, duets, choruses, songs and recitations. At the close of the program ice cream and cake were served. Mr. Bell was the chair and everything went off right. The following took part: Mrs. New Miss A. McKenzie, Miss Clara Sieg, Miss Dora Burnett, Miss Ada Brown, Miss Rita McComb, Miss Lily Wall, Miss B. Browne, Miss Aggie Cron, Mr. F. Search and Mr. A. I.

AFTER spending six weeks with Goodison people, of Sarnia, Mr. D. Smith returned on Saturday night. David is an inventor, and recently cured a patent for a new straw cutting machine. The Goodison people are "blowers," and Mr. Smith arranges with them for the manufacture of new device, one of which he made had thoroughly tested while in Sarnia. The contrivance works well, and is likely to meet with good sale. With the blowing attachments, save the trouble of straw cutting, enable farmers to store their fodd in the smallest possible space.

THE boys are in trouble again. They haven't heard the names of any of them, but a gang it seems have been giving annoyance to Mr. Jas. Falkham, who has them up before the bench. The case is to be heard in Town Hall, this Wednesday evening after we go to press. We stand law and order, but at this stage have nothing to say, as we might have a tendency to prejudice the result of the investigation. Some of our boys who were punished on previous occasions have been benefited by the son, and the improvement in their conduct since has often been commended on. A boy's apparent enemy sometimes his best friend, and it ever gets old enough to have sense will look back with gratitude on an individual who checked him in his foolish career.

THE Firemen's Concert tomorrow, Thursday, May 4th, is one for which we must bespeak a very liberal response. The boys have always been ready to respond to the call of fire bell, and those who have watched them in the discharge of their duty know full well their willingness to hazard life and limb, to save property. We feel proud of their achievement in the past, and all the more do we admire them, because they are in a paid institution. All who have a ticle of loyalty to a volunteer, sacrificing, home organization, should make an effort to help the boys and do so by their presence tomorrow in filling the hall to overflowing. It is a citizen's duty to be next to need the firemen's assistance and we can only imagine how much a person should feel, who puts the greatest obstacle in the way of
