FIFTY printed Envelopes for 25c., on Saturday. This is the first time we made such an offer and it may not be repeated. We'll lose money by it if we don't get a number of orders. Do not miss the opportunity. Leave in your order and 25c. at once.

THE printer's sins of omission are sometimes numerous, and in this connection we might state our omission to intimate two or three weeks ago that Mr. S. F. Morlock invested in the residence now occupied by Mr. John A. Darling. He purchased from Mr. Archie Little.

We regret very much to learn of the death of Miss Phenia Davis, daughter of Mr. and Mrs. J. D. Davis, proprietor of the Middaugh House. The young lady was twenty years of age, and died after eight days' illness at her home at Fingal. She was a bright, clever young woman, and held in the highest esteem wherever known, and the extensive floral offerings from St. Thomas, Brantford, Port Stanley and other places, where she was popular as a reciter, attest the kindly feeling in which she was held.

THE Middaugh House has been sold to Mr. John Murphy, of Markdale. So far for the sale of the property, but more we can't say at present. Mr. Davis' lease of the premises expires, we understand, about the 1st of September, and whether Mr. Murphy will relet the premises, or run the business himself is not yet decided.

WE notice by the Harrison Tribune that "Mr. T. M. Humble, of Toronto, has purchased the Southampton Beacon." In our humble opinion Mr. Humble has humbly entered into the humble calling of an humble local journalist. If he has hitherto been praying to the Lord to keep him poor and humble, he may now drop out that portion of his daily petition, for he'll soon learn that local journalism is a thorough specific for the production of poverty and humility. We tender our humble sympathies to Mr. Humble in his humble venture.

EXTRAVAGANT salaries are being paid to lacrosse players as a result of the intense eagerness of the clubs to secure winning teams. The Globe says that Brantford has signed Hutton of Ottawa who played with them last year, to play goal at a salary of \$80 a week, or, in other words, \$1140 for the season of 19 weeks. The Tecumseh's have offered Powers of Ottawa \$70 a week. Laube and Kirkwood have signed to play with the Torontos at \$45 a week each, five more than the amount for which Rowntree signed. The latter turned down \$35 a week offered by the Tecumseh's and the Toronto's salary is not far from \$'00 a week or \$2800 a month. When it is considered that the Toronto Baseball Club's limit is \$320, and that they play every day, it is hard to see how the T. L. C. will make both ends meet. The way things are running a losing season financially is staring the C. L. A. senior clubs in the face.

THE death of Ben Male, which occurred Tuesday morning, removes an old pioneer from the town of Durham, where he has been a well known resident for about thirty-five years. Much of his earlier manhood days were spent in driving stage between Clifford and Walkerton, and Durham and Mt. Forest. This Wednesday is his 68th birthday, though many imagined his age to be much more. He was genial and off-handed in his manner, and was able at any time to tell a good story. He leaves a widow (a sister of Mr. S. Putherbough) and one daughter, Lydia now Mrs. McTavish of Cedarville. He wanted no handles to his name, and was always pleased with the plain "Ben." Interment takes place Thursday to Durham cemetery.

THE ladies of the W. C. T. U. leave in for publication an appeal to the temperance organizations of Canada, and all Christian and Temperance workers, regretting "a disposition on the part of some in Ontario to favor the creation of a public liquor monopoly whereby philanthropic and religious people may be induced to join in the setting up of a so-called Public Trust System." The manifesto comes from the National Temperance Federation of England, demonstrates the evil of such trusts and warns Canada against their adoption. The circular is too lengthy for our convenience this week, and we have not sufficient knowledge of the scheme to say much about it. Moreover, there is no immediate danger of any radical changes being made in the liquor business, more than an effort on the part of the present Government to enforce the laws we have.

AFTER considerable shuffling, a Lacrosse League has been formed consisting of Owen Sound, Southamption, Hanover and Durham. The reputation of Owen Sound in lacrosse circles is not an enviable one, but we hope the boys from the County Capital will try this year to redeem themselves and work up a good name if possible. Surely it is time that our National Game should be conducted along true sporting lines, and not be reduced to a periodical slugging match. The Owen Sound papers are not helping very much to put down the rough spirit for which their teams are noted. The Lacrosse boys themselves are perhaps not so much to blame as the rough following that goes with them. We hope for better things than we have been accustomed to.

WE intimated briefly last week, of the death in Saginaw of Mrs. Greig, sister of Mrs. W. Calder of this town. Mrs. Calder left on Tuesday morning and a telegram received here about an hour later, brought the sad intelligence of Mrs. Greig's death. The remains were taken to Durham, where they arrived on Thursday evening, and interment took place on Friday afternoon. Findlay Graham, of Midland, Neil Graham, of Sioux Falls S. D., and John Graham, of Elkhart, Indiana, brothers of the deceased, as well as Mr. Greig, the sorrowing husband, were present at the funeral. The deceased was the only sister of Mrs. Calder, for whom much sympathy is felt in her sad bereavement. Mr. and Mrs. Greig were married at the home of Mr. and Mrs. Calder seven years ago last November, and the remains of the then cheerful and happy bride were taken from the same room on Friday last. A little boy of four or five years, the only child, is now with Mrs. Calder, where he will be well cared for.

A MAN shows great weakness by stopping his paper just because it tells the truth about him. We regret the loss of arrears in some cases much more than we do the loss of patronage. Any man has a right to stop his paper if he wants to, but an honest man will pay up before doing so.

50 Printed Envelopes For 25c.

TO GIVE FARMERS AN OPPORTUNITY to secure a supply of Printed Envelopes we have decided to devote our whole time on Saturday next, June 10th, if necessary to furnish Fifty Envelopes, neatly printed Name and Address, for the small sum of Twenty-five Cents. This offer is for Saturday only and intended merely to introduce the use of Printed Envelopes amongst the Farming community. FOR particulars of Farmers' Excursion on Saturday see their advertisement on page 7 of this issue. This is an excellent opportunity for a profitable day's outing at a small cost.

THE Farmers' Manufacturing and Supply Company, Limited, is pushing the co-operative idea to the front as rapidly as possible. Their object is to secure as many shareholders as possible, and by judicious and extensive buying to furnish their members with all kinds of Farming and Domestic Machinery and utensils at the lowest possible margin above the wholesale prices. Their advertisement this week offers to members what is claimed to be an A1 Mower, at the low sum of \$38.80. We are not posted now in the prices of harvesting machinery, but it certainly isn't many years since mowers sold at \$65, and even more. Farmers will no doubt hail with delight the day of low prices, if such be the case with the figures they ask for the goods. The co-operative idea is in its infancy in Canada, and to us it is too new a thing to venture anything like a matured opinion. The cost of a share is only \$20, and the purchase of a single share entitles the holder to all the privileges of cheap rates. We are under the impression, whether right or wrong, that the Company is not anxious to sell more than one share to any one purchaser, preferring to increase the membership, and consequently increase the trade likely to grow out of a large organization. Of course small investors can only expect a small cash return of profits every year from the annual dividend the company expects to make, and it is highly probable, notwithstanding our opinion regarding "one share" to each subscriber, the far seeing speculator will have the opportunity of purchasing more largely if he feels disposed to do so.

An eccentric farmer near Highland Kansas was married recently. "Do you," said the preacher, "take this woman to be your wedded wife, to love and to cherish in sickness and health, for better, for worse, for rich or for poor, until death do you part?" There was an awkward pause. Then the bridegroom finally replied: "Them's the calculations."
