

Ayer's

What are your friends saying about you? That your gray hair makes you look old? And yet, you are not forty! Postpone this looking old.

Hair Vigor

Use Ayer's Hair Vigor and restore to your gray hair all the deep, dark, rich color of early life. Then be satisfied.

"Ayer's Hair Vigor restored the natural color to my gray hair, and I am greatly pleased. It is all you claim for it." Mrs. E. J. VANDEGAR, Mechanicville, N. Y.

Dark Hair

OTLAND'S DAY IN DURHAM. Continued from Page 1.

"God Save the King" and "The Bonny, Bonny Banks of Loch Lomond" were exceedingly good numbers.

Will McLeod of Seaforth was the only man of the evening and gave excellent satisfaction in the rendering of his comic selections. His "Sailor's Rump" dance was also well executed and loudly cheered.

Miss McGill is a very pleasing soloist and she appeared on the stage to the close of the program. She presented with a couple of beautiful bouquets.

Sean Thiubhas, (if this isn't the way to spell it you can do it yourself) by little Grace Hamilton, was executed and brought forth vociferous cheers of applause.

The Trapeze man did some fine balancing after the rope broke and he landed on the chair placed under him by his watchful assistant.

Grand Chief Fraser occupied the floor and gave good satisfaction. At opening he made a brief address referring to the magnitude of the Ordeal and the importance of keeping the Scottish sentiment.

THE PRIZE LIST. Following events were carried out:

Shooting the Shot-1, Dan MacDonald 35 inches; 2, Alex. MacDonald 31 10 inches; 3, A. Sullivan, Toronto, 26 6 inches.

A GARDEN PARTY under the auspices of the B. Y. P. U., Durham, will be held in Mr. Samuel McComb's orchard, Bunnissan, on the evening of Tuesday, July 18th. Refreshments. Admission 25 and 15 cents.

LADIES look younger which is the desire of one and all. Take the trouble of visiting Prof. Dorenwend's private show rooms at Middaugh House, Durham, on Wednesday, July 19th, and see the many inventions in styles of human hair coverings, wigs, bangs, switches, etc., and inspect this new patent structure.

A PRETTY wedding took place at the home of Mr. and Mrs. Caton, of this place, on the afternoon of Tuesday, the 28th of June, when their daughter, Margaret, was united in marriage to Mr. William John Bailey, of Hanover. The bride entered the parlor on the arm of her father, to the strains of the wedding march played by Mrs. (Rev.) Colling, while the nuptial knot was securely tied by Rev. Mr. Colling, pastor of the bride. Mr. and Mrs. Bailey have taken up their residence in Hanover, where they will reside and the Chronicle joins their many friends in wishing them a long and happy married life.

Saugeen Presbytery

The Presbytery of Saugeen met on Tuesday of last week in Knox Church, Harriston, the Rev. Mr. Hanna, the Moderator in the chair. The attendance was smaller than usual partly accounted for by the absence of Messrs. Cameron and Young in the North West and of Mr. Little at the World's Convention of Young People's Societies at Baltimore. The Clerk's place was taken by Mr. Tate, of Rothsay, and the business of the day was passed through expeditiously and pleasantly. At the request of the Ayton congregation steps were taken to elect elders at that station and an interim session consisting of Messrs. Drummond and Campbell of Clifford, and Grant of Durham, with Mr. Farquharson as Moderator was appointed.

The Durham congregation was congratulated on the step they had taken in the purchase of a Manse and liberty was given them to borrow on the security of the property a sum not exceeding \$2500.

Reports from the Home Mission Committee and Young People's Societies was passed through and a list of committees was struck to take charge of the several departments of work for the next two years and Presbytery adjourned to meet in Durham on the 29th of September next.

NASMITH'S home made bread for sale at G. Lawrence's.

EXCELLENT bargains in women's fine Oxfords and strap slippers at Peel's.

DON'T forget the B. Y. P. U. Garden Party at Bunnissan on Tuesday, July 18th, in McComb's orchard. Refreshments and lunch 25 and 15 cents.

To the Garden Party on Tuesday next at Bunnissan is where you want to go. Refreshments and lunch served 25 and 15 cents in Samuel McComb's orchard.

CONSTRUCTION work has commenced on the Ware-rooms of the Durham Furniture Co. It will be apart from the main building and reduce the chances of loss in case of fire.

At a meeting of the shareholders of the Durham Furniture Co. held in the town hall on Monday night last it was decided advisable to extend the capital stock of the Company to \$40,000. It is now capitalized at \$20,000, and \$10,000 of the new stock is to be placed on a preference basis of 7% cumulative, not non-cumulative as we were advised some time ago and stated to our readers in these columns. We made particular enquiry to ascertain that no watered stock would be used, and that only \$10,000 worth of the present increased capital stock would be sold at present. It is our desire to be as fair and honest as possible in the presentation of this matter, and we can see no reason why new subscribers with a 7% guarantee would not be easily secured. The dividends are to be paid from the net earnings of the Company and none of the original stockholders will secure anything until the repayment of the town loan and the preference dividends are first satisfied. The stock books, we understand, are now open and any one disposed to do so may now make their purchases in small or large amounts. The machinery will soon be here and will be assembled immediately on arrival.

THE Lacrosse game on the Exhibition grounds on Friday afternoon next promises to be one of the fastest and most exciting exhibitions of the National game ever seen in Durham. The defeat in Hanover two weeks ago has been the cause of the Durhams waking up, and the result has been continued and faithful practice. Since winning the game in their own town Hanover has journeyed to the County Capital and secured a victory over the Wellingtons by a score of 3 to 1, and are no doubt, fully convinced they are invincible. The Durhams, however, learned their weak points in the game at Hanover, and by changing round a little have now the strongest line up in this part of the country, and will step on the field in the pink of condition, and to win. As Hanover has a strong team, thoroughly practised, and play good clean lacrosse, a most exciting contest is looked for, and no true lover of the game would care to miss it. Admission 25 cents; ladies and children 15 cents. Come and cheer for the boys in blue.

THE water to supply these big power plants is conveyed from the river above the Falls. Where the plants are being erected excavations are made 100 feet deep through the rock. At the bottom of this the water-wheels are placed, having a head of 100 feet; from the wheel at the bottom of this excavation a tunnel is constructed in some places to the centre of the Niagara River above the Falls, and thence to the foot of the Falls. This tunnel serves as a tail race, to carry off the water used by the wheel at the bottom of the 100 foot penstock. We can not attempt to describe the working in detail for two good reasons, the first of which is, we haven't the knowledge and ability, and the second, we haven't time nor space. One plant being constructed at the level of the River below the Falls receives its power from an intake pipe the same as the others, but requires no tunnel excavation for a tail race, the water being at once discharged into the stream. This gives a simple idea of the way the power is obtained and our readers will have to use their own imaginations in developing their ideas regarding the generation of electricity, and the transmission of the power to different towns and cities of the province. A year from now the works will in all probability be in operation, and as the Methodist Church is already planning another excursion for next summer by way of Toronto and the Gorge Route, a good opportunity will be given to view at least the outside of the great works. The weather was fine, and enough money was made to pay expenses and, we think to leave a small balance of profit.

AN interesting letter appears in this issue from Mr. J. C. Jopp of Moosomin. It explains itself and is interesting and profitable to those who think of settling in our great western heritage.

THERE are now two final lines surveyed through Durham, on one of which the C. P. R. is likely to be built. One crosses at the foot of Garafraza Street hill and the other near the Cement Works. Chief Keemle of the surveying party, though quite non-committal, expresses his belief that the road will be built next year.

Presbyterial Young Peoples' Society.

There was a successful gathering of the Young People's Societies at Harriston in connection with the meeting of Presbytery. The President, Mr. Corkhill filled the chair with his usual urbanity and the proceedings of the day were pleasant and profitable. Miss Grant read the report of the Durham Guild and Miss Hunter gave a paper on "The Model Meeting" both of which were highly appreciated. The address of Mr. Paulin, a student taking Mr. Cameron's place, was well received and was such as to awaken bright anticipations for his future career. The papers by Miss Hussey and Mr. Angus were bright and suggestive and the musical numbers by Mr. Glenney, Miss Smith and Miss Halliday were well received.

The evening meeting was well attended and the inspiring address by Rev. Dr. Pigeon, of Toronto, on "The Aims and ideas of Young People's Societies" was the crowning event of the day. Mr. Pigeon's clear statement and crisp style captivated all and made an impression that will not soon be forgotten. Mr. J. S. Drysdale was elected President for the ensuing year and the meeting adjourned to meet at Palmerston next July.

Delegates from Durham were Misses M. Hunter, M. Gun, Davey, J. Hunter, M. Hains, A. Grant, Mrs. W. Lauder and Messrs. McIntosh and Macfarlane.

People We Know

THE GOING AND COMING OF DURHAMITES AND THEIR FRIENDS.

Mr. and Mrs. Williamson visited Mt. Forest friends on the 12th.

Mr. John O'Melia, of Ceylon, was in town the beginning of the week.

Mrs. (Rev.) Colling spent from Friday till Monday with friends at the Falls.

Mrs. MacNeill, of Paisley, Mrs. Graham's aunt, is the guest of Mrs. W. Calder.

Mrs. J. D. Davis and Miss Lillian Davis are visiting friends and relatives in St. Thomas.

Miss Annie MacKenzie, teacher, is spending a couple of weeks with friends at Tiverton.

Miss Mary MacKay went to Toronto Wednesday morning after a few weeks stay at her home here.

Mrs. Park and her daughter, Miss Park, have returned from Hamilton where they spent the winter.

Mrs. McChesney and family, of Owen Sound, are guests of the former's mother, Mrs. John McFadden.

Mrs. R. McGowan and Master Rex McGowan left Tuesday to spend a few weeks with friends at Oshawa and Montreal.

Mr. Arthur H. Adlam, of Cheboygan Mich., is visiting his father, Mr. Robt. Adlam, and other relatives here, for a couple of weeks or so.

Mrs. R. Adams and son, Master Arthur Adams, of Holstein, were the guests of the former's mother, Mrs. Jas. McCracken, Bruce St., on Sunday.

Mrs. (Dr.) Lauder, her little daughter, Margaret, and Miss Edith Tunstead, of Cleveland, Ohio, are guests of the latter's mother, Mrs. George Blackburn, at "The Poplars."

Mr. and Mrs. N. McIntyre returned last week from Montreal where they spent some weeks with their son, Campbell, who was very ill and underwent an operation in the hospital. Campbell is home now, but we regret to learn that he is very low and the chances for his recovery are not at all bright.

T. P. SMITH, Eye Specialist, will be at the Knapp House, on Wednesday next, July 19th. One day only. Consultation free.

AN interesting letter appears in this issue from Mr. J. C. Jopp of Moosomin. It explains itself and is interesting and profitable to those who think of settling in our great western heritage.

THERE are now two final lines surveyed through Durham, on one of which the C. P. R. is likely to be built. One crosses at the foot of Garafraza Street hill and the other near the Cement Works. Chief Keemle of the surveying party, though quite non-committal, expresses his belief that the road will be built next year.

For Wedding Presents we have the Largest Stock of Fine Silverware ever shown in Durham.

Also Fancy China at Keeler's, the noted store for Quality, Large Stock, and Low Prices.

R. B. KEELER & SONS

Busy Bargain Store on the Busy Corner.

NIAGARA FALLS EXCURSION.

On Friday last a large number of our citizens as well as residents in the surrounding country took advantage of the excursion to Niagara Falls. It was Durham's Civic Holiday which added to the opportunities of many to see the great cataract for the first time. The train pulled out sharp on time and there was nothing eventful about the trip. At all stations between here and Elora cheap rates were made to excursionists. Beyond that it was straight "sailing" with no addition to the number which had swelled to considerable proportions.

The train should have reached the Falls before one o'clock, but owing to a couple of delays it did not arrive till about an hour later. At Victoria Park there was a general eating match and then for sight-seeing, every one being anxious apparently to see what he could in the few hours remaining. The majority left the Falls at 7 p. m., and the Durham portion reached home about 2 a. m. Of the 19 hours occupied in the excursion 14 hours were spent on the train.

Those who saw the Falls for the first time were no doubt pleased with the sight and while those who saw them years ago also felt a measure of delight, a very decided change has taken place during the past few years.

The great power works, mar somewhat the appearance of things on the Canadian side, but when they are all completed, we believe the artificial, added to the natural, will enhance the beauty of Niagara Falls as a pleasure resort.

We were very fortunate in being allowed the privilege of seeing these great power works, or rather the development now going on. We were introduced to Mr. Reilly, who has charge of the construction of the Niagara Ontario Plant, and being a little slack for an hour or so this gentleman not only explained the modus operandi of the plant he was himself interested in, but received the privilege of taking us through others as well. He was certainly a most courteous and valuable escort, and we appreciate very much the opportunity given.

The water to supply these big power plants is conveyed from the river above the Falls. Where the plants are being erected excavations are made 100 feet deep through the rock. At the bottom of this the water-wheels are placed, having a head of 100 feet; from the wheel at the bottom of this excavation a tunnel is constructed in some places to the centre of the Niagara River above the Falls, and thence to the foot of the Falls. This tunnel serves as a tail race, to carry off the water used by the wheel at the bottom of the 100 foot penstock. We can not attempt to describe the working in detail for two good reasons, the first of which is, we haven't the knowledge and ability, and the second, we haven't time nor space. One plant being constructed at the level of the River below the Falls receives its power from an intake pipe the same as the others, but requires no tunnel excavation for a tail race, the water being at once discharged into the stream. This gives a simple idea of the way the power is obtained and our readers will have to use their own imaginations in developing their ideas regarding the generation of electricity, and the transmission of the power to different towns and cities of the province. A year from now the works will in all probability be in operation, and as the Methodist Church is already planning another excursion for next summer by way of Toronto and the Gorge Route, a good opportunity will be given to view at least the outside of the great works. The weather was fine, and enough money was made to pay expenses and, we think to leave a small balance of profit.

A SMALL ad appears in this issue for Mr. H. W. Benton, who is opening up a general repair shop.

WE recently received a letter from Mr. E. Hawke, of Toronto, but formerly of the vicinity of Listowel. As this gentleman is favorably known here by some of our readers, we mention his removal to the Saskatchewan district, 65 miles east of Prince Albert, on the new C. N. R., where he has taken up 800 acres of land in what he regards as one of the best sections in the North West. He says there are still some fine sections to be taken up and that he will be glad to give information to any Grey boys who think of going West. We suggest that he write us letter for publication.

Beautiful . . . Spring Apparel

Beauty abounds on every hand here. Departments all complete with goods attractive, becoming and moderately priced.

Millinery--Elegant and Lovely Modestly Priced . . .

OUR ORDER BOOK plainly shows the result of Millinery opening week. Such a brilliant display was worthy of a much larger town than Durham. Our Hats were greatly admired and were designed by our own milliners who won unstinted praise for elegance, novelty and good taste.

Ladies' Dainty White Lawn Waists.

A complete showing of spring and summer White Lawn Waists, made in dainty fashions and marked specially low. It's a waste of time and money to look elsewhere. We have decided to sell these waists at 75c, \$1.00, \$1.25 to \$2.50.

Nottingham . . . Lace Curtains

This is the season for renovating your homes. NEW CURTAINS will be required. See our great stock before buying. We have them from \$1.00 to \$5.00 per pair. Our \$1.00 Curtain is a hummer.

S. F. MORLOCK

CASH AND ONE PRICE.

QUALITY COUNTS.

The Busy Store has long borne a reputation for the uniform good quality of their goods, and requires very little advertising to demonstrate the fact to their numerous customers. Every customer at this store is a living advertisement, and it is our aim to make and keep as many new patrons as possible.
