## "Royal Household" Flour

### Gives Stomach Less Work and Body More Strength.

No flour in the world is so nourishing, so vitalizing, so rich in all the elements of body, bone and brain building as pure, well-balanced, white flour.

Bran in bread is just so much wood fibre—so much extra work for the stomach—there is no nourishment in it for man. Cattle digest it and get nourishment from it because nature has given them a fermenting plant and double chewing facilities.

But man masticates once and digests once. For that reason he gets nothing whatever out of anything but the gluten portion of wheat—the inside of the grain—the part which yields "protein." And he gets more out of Royal Household Flour because more of the branny and waste portions are removed in making it than from any other flour.

The Royal Household Mills eliminate more bran and snorts than any other mill—therefore Royal Household Flour is the most nourishing flour in the world.

**A BAR.**

Charles Raymond a writer in the Toronto Daily Star, who has some very terse and well put items at times, gives the following on the bar:—

I stood before a door and read upon it in gilded letters the one word, "Bar." As I read a man pushed open the door, and staggering out, fell upon his face on the pavement. When he rose a thin red stream trickled down his cheek. He fumbled for his handkerchief, and the blood stained it, and dyed it, and dyed his hands. It was the blood of a sacrifice offered up at the shrine of the bar.

A Bar!

Yes, well named, a bar to happiness, for what happiness is there in a mind that is distorted, and a face that is bloody?

A Bar!

Yes, to good society, for who wants a drunken man? He is not welcome at the theatre, club or concert. He is a nuisance as he reels the street; he is a trouble at home.

A Bar!

Yes, drunken man, there is a bar against you in the very hotel where you bought the liquor and got full. You are not wanted there, for you are a bad advertisement, for who is the hotel man who will point to you and say: "That is my make," "That is my customer," "That is a product of my brand."

A Bar!

Well named, well put, short, pithy and to the point, b-a-r. Bar to a position of trust, to an increase of power to the fuller confidence of the employer and a better using of time. A bar to good, to the white life, to the strong life and well rounded character.

A Bar!

Yes see it, the bottles behind the rail in front, and the row of worshippers offering themselves soul and body at the shrine.

A Bar!

Yes, a bar to decency, to right judgment.

A Bar!

The rest is behind, the grocer is unpaid, and the money is blown, but what odds "Have another."

A Bar!

Yes, to all that makes for a man's best interests and the development of his highest nature, to that character which is the only thing that will stand the wreck of time.

A Bar!

How short, terse, and expressive. Yes, but not a bar to a hell on

**A Billious Headache.**

Is one of the meanest things in the world. To prevent billiousness use Dr. Hamilton's Pills which keep the system clean and pure, regulate the bowels, give tone to the kidneys and liver. You'll never have a headache, you'll never have a sour stomach, but you will have a vigorous bracing health by taking Dr. Hamilton's Pills. Your druggist sells Dr. Hamilton's Pills, 25c. per box or five boxes for one dollar.

**A Very Remarkable Disease.**

On Saturday a week ago Dr. Geo. Bingham, of Toronto, Dr. Stewart, of Chesley, and Dr. Mearns, of this place, removed a large cyst from the liver of Mrs. Charles Stoldt, Hanover. The quantity of cystic material removed exceeded two quarts and the cavity remaining about equal in size to an ordinary foot ball. Hydatids is the scientific name given to this remarkable disease. It is extremely rare in Canada but much more prevalent in Iceland and Australia, owing no doubt to the closer association of man in those countries with the canine species. It appears in order to have a case of Hydatids the primary cause must be first developed in the dog. One phase of its existence must have this animal as its environment. Accidentally reaching the human body the minute embryo develops into an immense cyst in time, and this mother cyst may contain hundreds of daughter cysts. Dr. Mearns withdrew some of the fluid in the tumor several weeks ago and had it examined microscopically in Toronto, thereby establishing the nature of the disease. The operation was well borne but at time of writing it is impossible to say what the ultimate of the case may be. We hope Mrs. Stoldt may speedily recover.—Hanover Post.

**A SUCCESSFUL HORSEMAN.**

Never allows his horses to suffer pain. He always uses Nerviline which is noted for curing stiffness, rheumatism, swellings and strains. Nerviline is just as good inside as outside. For cramps, colic, and internal pain it's a perfect marvel. In the good racing stables Nerviline is always used,—because it makes better horses and smaller veterinary bills. Twenty-five cents buys a large bottle of Nerviline; try it.

**FRUIT CROP REPORT.**

Advices received from our correspondents since the date of the last report, (May 27th), show that favorable conditions for fruits of all kinds

lent. Early fruit suffered in some districts from late frosts.

**APPLES.**

The bloom, on the whole, was very heavy. The period of setting was not yet over when most of the reports were received from the Maritime Provinces, but every indication points to a medium to full crop except for early varieties, which do not promise more than a light crop. The prospects are for a medium to full crop in most sections of Ontario.

**PEARS.**

Indications point to full crop.

**PLUMS.**

There are excellent prospects for plums in almost every section.

**PEACHES.**

Allowing for the winter killing of 1899 and 1904 the prospects for peaches are very promising.

**OTHER FRUITS.**

Indications are that cherries and bush fruits will be an abundant crop in nearly every district. Some losses occurred to the strawberry crop from the late frosts.

**SPRAYING.**

It is reported in nearly every district that more spraying has been done this year than ever before.

**FOREIGN COUNTRIES.**

Late advices from England report that the apple crop there will be a short one.

**Pimples Spoiled Her Beauty**

A Society Belle of Kingston Cured of Pimples and Blotches by Using

**Ferrozone.**

Miss Evelyn M. Gaetz of Kingston, writes: "I had an attack of bowel disorder which broke out in horrid looking pimples. They were ugly red disfiguring blotches that ruined the appearance of my face. I tried all sorts of medicine, but the pimples didn't leave. I was recommended Ferrozone and gave it a trial. I noticed an improvement after the second box, and kept up the treatment which finally cleared my skin. As the result of Ferrozone I have a clear healthy complexion and can recommend it to all other young women similarly affected.

Another young lady well known in society circles of Springfield, who derived exceptional benefit from Ferrozone, says:—"I feel it my duty to make known the value of Ferrozone. My trouble was poor, weak blood, and as a consequence my lips were pallid, and my cheeks had no color. I wasn't at all strong and required a bracing tonic. Ferrozone soon brought color to my cheeks, improved my appetite and made me stronger than I have been in years. I favor Ferrozone because it is so simple to take and works so quickly.

Just one Ferrozone tablet at meals—that's all. Easy to take, sure to cure, and not expensive. Better use Ferrozone and be beautiful and strong like others that employ this splendid tonic. Price 50 cents per box or six boxes for \$2.50 at all druggists or by mail from The Ferrozone Company, Kingston, Ont. Don't fail to get a supply of Ferrozone today.
