

Your Wall Paper Chance

In spite of the backward Spring our wall paper business has this year exceeded the sales of any previous year. This is largely due to the fact that practically our whole stock was new paper—the latest 1905 styles. It is a great advantage to buy an entire new stock every year, so to clean up the remainder of this year's line we will sell all papers now in stock at

One-Third Off

This is a reduction of one-third from prices that were already low. It means that you get these new, stylish papers—the cream of this year's production—at cost or less.

We Want You To See These Papers

Even if you are not going to paper until late Fall you had better buy the paper now while the saving can be made.

Sale Begins Thursday, June 15th.

Durham, July 13, 1905

FLESHERTON.

About three months ago the Royal Templars decided on a contest in the lodge, in which Miss Mamie Sullivan and Mr. Emerson Bellamy were elected captains of the competing sides, who were to furnish programmes at the meetings alternately and be credited with marks for points of merit in the same. Marks were also given for new members, for payment of dues, for attendance, etc. A deep interest was taken in the contest which closed last week. Preparations are already being made for the Orange celebration here on Wednesday. Reeve Boyd has had a handsome flagstaff erected at his residence.

A large number from Feversham were in the town hall on Monday at a Magistrate's trial conducted by Mr. A. A. Van Dusen, before whom Mr. Joseph Irwin, of Feversham, was charged by Mr. H. J. THIS MEDICINE IS BREATHED

That's why it is sure to cure Catarrh. You see it goes direct to the source of the disease—its healing vapor repairs the damage caused by catarrhal inflammation. "Catarrh-ozone" always cures because it goes into those tiny cells and passages that ordinary remedies can't reach, goes where the disease actually is. Impossible for "Catarrh-ozone" to fail as any doctor will tell you. Don't be misled into thinking there is anything as good a Catarrh-ozone—use it and you'll soon say goodbye to catarrh.

MULL CORNERS.

If brother Ostrich had been looking after his own stray chicks a week ago Sunday, he would not have noticed cracked eggs at Mull Corners. You are a little behind brother Ostrich, as this scribe is fully feathered. Perhaps it was an ostrich egg as there seems to be an attraction round here for Aberdonians.

Roadwork has been completed here. The boys did fine work and quite a piece on the 2nd concession has been gravelled in fine style. The road grader has also added to the appearance of the road, and we hope the next time that fellow from Durham comes this way he will find his way without any difficulty.

The weather is very uncertain for the commencement of the hay.

While Duncan McLean was working a team of colts the line got caught on the tongue. Duncan went out on the tongue to loosen it when the horses became frightened and ran away throwing him under the wagon and dragged him a considerable distance. He is improving nicely.

A number of the youth and beauty of our burg attended the party at Caswell's, of Mull Corners.

Our teacher is enjoying a well earned holiday at home.

Human volcanoes in eruption! Some men break out around the mouth and belch forth curses, vile language, evil names, ill abuse and all kinds of volcanic venom. We have, we are sorry to say, some of those kind not a hundred miles from here. It is a disgrace to civilization and common decency.

The Baptists are going to hold a monster garden party on Duncan McLean's lawn on July 14th. There will be a grand old time—sacks full of fun and waggon loads of pies and lemonade.

A number from here attended the garden party at the Rocky and had an enjoyable time.
