### MARRIED.

MERVYN-BAILEY-At the Manse, on Wednesday, June 25th, by the Rev. Wm. Farquharson, Mark Mervyn to Charlotte, daughter of Thos. Bailey, Esq., all of Bentinck.

ROSEBOROUGH-YOUNG-On Tuesday, July 11th, at the Manse, Durham, by the Rev. Wm. Farquharson, Wesley Roseborough to Allie Young, both of Bentinck.

### BORN.

McDERMID-In Glenelg, on Wednesday, June 28th, 1905, to Mr. and Mrs. Samuel McDermid, a daughter,

### MOOSOMIN, N. W. TERRITORY.

In the CHRONICLE of June 22nd, you mention that a letter from the West would be of interest just now, and in complying with the request have much pleasure in stating that the crop prospects are bright, having got a good supply of moisture the soil is well saturated. But warmth is needed to assist vegetation the past two weeks being rather dull and cool.

The Government estimated acreage for 1905, including Manitoba and the North West Territories is as follows:-

Wheat, 3,765,692 acres at 20 bushels per acre, 75,313,840 bushels.

Oats, 1,626,220 acres at 35 bus. per acre, 56,917,700 bushels.

Barley, 525,823 acres at 35 bushels per acre, 18,453,805 bushels.

Total yield of above three kinds of grain according to the supposed estimate per acre which I have supplied is 145,377,862 bushels. Judging from present appearances, the yield will much exceed the foregoing figures.

Your young readers can figure out how many cars of 1000 bushels each of wheat and 1500 bushels of oats or barley and the number of trains of 40 cars each it would require to move the grain, and if kept going for six months how many trains every twenty-four hours.

It may be news to some to know that of the estimated crop, 13,852 ac. is fall wheat grown in Alberta. When we consider that the land under cultivation is infinitesimal with the vast area of agricultural land waiting for the plough, Canada may be proud of her vast western heritage, but unfortunately it is not being taken advantage of by eastern people and is filling up by Britishers, Americans, and foreigners from almost every country in Europe.

In and around Moosomin I meet with few people from Grey county or the town of Durham, and as the Home-seekers' Excursions will be on shortly, those who think of looking over the West this summer can do no better than stop off at our town. There is no better part of the North-west for mixed farming than right here. There are now no free lands, but wild and improved lands may be had at from ten to twenty five dollars an acre.

Moosomin is on the main line of the Canadian Pacific Railway and has a population of 1600. There are 3 Banks, 6 Elevators, a 250 bbl Flour mill, Foundry employing about a dozen hands, two stores each with a staff of twenty to twenty five hands, 5 churches, a \$55,000 school where students can matriculate, a \$23,000

Townhall, a \$10,000 Hospital, 4 fine Hotels, 3 Lumber Yards, Creamery, Gas, Telephone, Drug, and many other smaller stores, Implement, Coal and other warehouses for different kinds of business, Court house, the Judicial centre of East Assinaboia, also Jail and Barracks for 6 or 8 R. N. W. M. police, and last but not least in importance are the Band, Skating and Curling Rinks, Race Course, etc., etc. Look us up when on your trip and see our fine district.

Moosomin is out for her Dominion Day celebration. It is an ideal holiday with flags flying and 3 bands playing and hundreds of people from the country and nearby towns.

Yours truly,  
J. C. JOPP.

PROF. DORENWEND will be at the Middaugh House, on Wednesday next, with samples of Hair Goods, etc. We announced him to be at the Knapp House last issue, but this was his mistake and the correction did not reach us in time to make the change.

We understand the Farmers' Manufacturing & Supply Co. are taking over the plant and effects of the Durham Manufacturing Co., and the amalgamated Companies will be conducted under the former name. At present they manufacture only Cream Separators, but propose extending so as to make several lines of goods.

DURHAM, Glenelg and Allan Park Lodges L.O.L. left here for Mt. Forest on special train Wednesday morning. Varney Lodge joined them at Varney. About three cars were fairly well filled on leaving here, the discouragement of a rainy morning kept many from going. A large number of Orangemen celebrated at Mt. Forest.

### Entrance Results.

The following are the results of the recent Entrance Examinations in the centres named. Owing to a change in the regulations 60 per cent of the total marks were required to pass in addition to 40 per cent. on each subject, 300 was the pass mark. The successful candidates will receive their certificates but not their marks. Those who failed will receive their marks through their teachers.
