THE Medicine Man held an open air
concert for several nights past and had
a good attendance at each perform-
ance. It was entirely free from any
objectionable features and he disposed
of a lot of his remedies. The baby
contest is a special feature and will be
decided to-night, Wednesday, when
the entertainment will close.

THE invention of horseless carriages,
wireless telegraphy, chainless bicycles,
and the production of seedless
oranges, apples and raisins was herald-
ed as something great. And so it was.
Next comes creamless milk, tenderless
beefsteak, and at this season of the
year, tagless dogs and waterless water
carts. To the man who first invents
a speechless woman or a howless
baby, THE CHRONICLE will give a free
ticket to heaven and a self-instruction
guide book on "How to Play a Harp."

THE Presbyterian Guild had a very
successful garden party in the Manse
grounds on Tuesday evening of last
week. A very unique feature in con-
nection with this party was the
introduction of such games as quoits,
croquet and other amusements, the
party having commenced at an early
hour in the evening. The proceeds
amounted to about \$100.00 to be
applied to the Manse fund.

THE Garden Party on the Methodist
Church grounds Tuesday night was
well attended and quite a success.
The night was too cold to make a big
demand for some of the refreshments.
The Band was in attendance and gave
a good liberal supply of music. Miss
Jean Brown's solo, was exceedingly
well rendered and highly appreciated
by all present. A duet by Miss Brown
and Miss Byers was also a pleasing
number. Soirs by Irene Latimer and
Edna Limin were well received, also a
quartette by Messrs. McCrae, Flarity,
Davidson and Laidlaw.

WHEN Mr. Frank Lenahan was
coming down the Durham hill one
evening last week with a load of hay,
driving a team belonging to Mr. T.
Lauder, the martingale broke, and the
loaded wagon bore down upon the
horses. The animals took fright, and
being unable to hold the load, started
in to get rid of it altogether. Depositing
the hay in the centre of the bridge
at the foot of the hill, the team took
the middle of Garafraza street for a
workout run. A couple of rigs, which
were standing on the edge of street
escaped being wrecked by a narrow
margin and the race was on. The
team turned in at Saunders' Harness
Shop, (to get the martingale repaired,
no doubt), and to split the difference,
one took the sidewalk and the other
the street, ran the tongue of the
wagon into a telephone pole, and
discarded the harness. One horse fell
on the sidewalk and both were
captured before further damage was
done. It's lucky no one was injured.

FARMERS should have printed En-
velopes. We furnish them in large or
small lots.

WANTED—Tailor, at once. Steady
work. A. W. ROWE,
2 in. Dundalk.

ON Monday morning last, Mr. Zenus
Clark, Varney, went to Fergus to have
an operation performed for appendi-
citis. Mr. Clark has been ailing for
some time, but had done nothing for it
though the doctors strongly advised an
operation some time ago. The past
few weeks he has not been so well as
usual, and finally decided to have an
operation performed. Dr. W. J. Mac-
donald, of this place, was called and
left on the early morning train, operat-
ing on the patient the same day. At
last report Mr. Clark is well, consider-
ing, and has every chance of pulling
through; in fact no serious results are
entertained whatever, though it will
be a matter of a month or more before
he is around again.

COMPLAINTS have been made to
The Durham Furniture Company
about boys prowling around the saw-
mill during the evenings and in care-
lessly smoking and lighting cigars and
cigarettes to the danger of the mill
and property. Older citizens too are
said to be careless in the matter of
smoking about the premises and the
Company, desirous to avoid a repetition
of the calamity which happened last
March, have felt it their duty to pro-
hibit visitors unless accompanied by
one of themselves. Hence the
"Warning" advertised in this issue.
It is not through any domineering
spirit on the part of The Durham
Furniture Co., that this warning is
published, but simply to protect the
property. They regret to be forced
to prohibit all so as to be sure of pro-
hibiting the careless ones.

ANOTHER level crossing accident oc-
curred in Mount Forest on Friday
evening last, when Mrs. Felix Curran,
was instantly killed and her seventeen-
year-old daughter fatally injured. We
have no particulars other than the fol-
lowing G. N. W. despatch:—"Mrs.
Felix Curran and her seventeen-year-
old daughter Elizabeth of concession
three Normanby started from this
town for home last evening and at the
G. T. R. crossing on Main street north
were struck by the 8.17 express, Mrs.
Curran being killed instantly and her
daughter so seriously injured that she
died this afternoon. The horse they
were driving was also killed and the
covered buggy smashed. This after-
noon an inquest was held and the fol-
lowing verdict returned:—We, the
coroner's jury, empanelled to inquire
into the cause of the death of Cather-
ine Curran, have viewed the remains
and also visited the scene of the ac-
cident, after hearing the evidence of
the train hands and others, are of the
opinion that death was caused by be-
ing struck by engine 359 on regular
train No. 55 on the Grand Trunk Rail-
way north, timed to leave Mt. Forest
at 8.17 p. m., on Main street north end
of town. From the evidence given we
find that the train hands gave the usual
signals and were not negligent in
their duty, and are in no way to blame
for the accident. We, however, be-
lieve that crossing to be a very dan-
gerous one and would recommend that
the Grand Trunk Railway be requested
to replace the board fence on both
sides of the track with wire fence for
at least 200 yards west of the crossing
and also that arrangements be made
with Mrs. Foster to remove that part
of her orchard that obstructs the view
of an approaching train from Main
street."

ALL PERSONS ARE WARNED

FOOTBALL.

It was a great game, and a good one
too. Holstein and Ayton, the two
leading teams of this part of the coun-
try, who, for some months past have
been blowing about how they could
"lick the other feller," met on the
Holstein grounds on Monday, when
Ayton was defeated 2-0.

Holstein's prettiest were there, and
how could their team lose? Allan
started the game for Holstein, and Ay-
ton went away with a rush. It looked
as if they would score, but Mitchell
sent the ball up the field, and midfield
play followed. The home team for-
wards were playing good combination
and the visitor's defense was kept
busy. At this stage of the game a
much regretted accident befell Tom
Allan, of Varney, he getting his collar
bone broken. Benton, of the Durham
team took his place, and the game was
soon full of excitement again. Half
time was called, with Ayton pressing,
and no goal scored.

All through the last half, it was
easily seen the home team meant
business, Edwards, Benton and Backus
playing good combination, and Dow-
ling playing playing a strong game.
With ten minutes to play, Holstein
scored the first goal,—and how that
crowd yelled.

Both teams were determined, one
to score and tie the game, the other to
score if they could, but at no cost to
let their antagonists in. Holstein was
successful, Benton scoring the second
goal for the homers.

Durham plays in Ayton this Thurs-
day and Holstein in Durham next
week.

nity will receive a great awakening
