This week will see harvesting operations pretty well wound up in this section. The farmers were blest with ideal harvest weather and most every thing was housed in excellent condition, excepting a little of the early cut hay, the weather being a little broken and catchy then.

The harvest on the whole is not the record smasher it gave promise of last June. The fall wheat was rusted to a very damaging extent. The peas in many fields were blighted and very wormy—the oats in some instances ripened rather quickly on account of the excessive heat of a few weeks ago, although some excellent fields are reported. Barley is expected to be an average crop or possibly a little better.

The apple crop is not nearly a full one, while plums are far above the normal crop. Potatoes are good but the fly is threatening the destruction of turnips and mangolds. Taken all round and considering the high prices paid for every kind of produce the farmers of this section are in no immediate danger of starvation, which is a very consoling condition of affairs.—Aytan Advance.

John Cunningham, a highly respected farmer of the township of Brant, died on Saturday, the 19th inst., after a lingering illness at the age of 66 years, 2 months and 7 days. Mr. Cunningham was born on board the vessel which brought his parents to Canada. Mr. Cunningham's parents first settled at Dunnville and about fifty-two years ago moved up to Bentinck and took up lot 3 on the 5th concession. When Mr. Cunningham reached manhood he took up lot 2 on the 9th, and married Miss Sarah Running. Twenty-one years ago he moved to lot 51 on the 5th of Brant and continued to reside there until his death. The deceased is survived by his wife and five sons, namely: Thomas, of Brant, John Henry, of Regina, Norman, of Michigan, Bert and George at home, and by Mr. George Gowanlock of Brant township.

Mr. Cunningham was a member of St. James English Church for many years, and was a life long Conservative. The funeral took place on Tuesday to St. James Church where service was held by the Rector the Rev. Horace E. Bray and thence to Hanover cemetery. The Hanover Orange Lodge, of which the deceased was a member, assisted in the service.—Hanover Post.

Rev. W. H. Cline, B. A., B. D., who has ministered with acceptance in the Baptist church here for the past four years, left yesterday for Toronto to accept the appointment of general financial secretary of the Dominion Temperance Alliance. The position is one of importance and responsibility to which Mr. Cline is eminently fitted. His headquarters will be in Toronto but his wife and family will remain here.—O. S. Sun.

WHITECAPS AT WORK.—This town had another big sensation on Sunday night of last week, when a crowd of young men surrounded the house of Micky Free, a moulder and demanded his 20-year-old daughter. Large stones were hurled at the house, windows were broken, and threats made on the lives of the inmates. The crowd soon learned that the young woman had not reached home, and a rush was made for the railroad bridge, which is the nearest route to the Free home from the town. In the centre of the bridge the mob met the young woman, who was being escorted by a gentleman friend. The couple were soon surrounded, and overpowered. Tar and feathers was the program arranged, but it appears the crowd got excited and attempted to throw the girl over the bridge, which is about 60 feet high. She was caught by her feet and held in mid air, and her cries not to take her life could be heard a long distance. The girl was roughly handled, but in the excitement she did not fail to recognize some of those present. On Tuesday following County Constable Phippen arrested nine young men, and induced one of the number to "talk." The men were tried before the crown attorney of Goderich, who allowed them their freedom on suspended sentence and paying a fine. The constable who worked on the case is receiving praise by the better class of citizens, while others have endeavored to keep the case from going to trial. The Free girl has a record, and it is only a few months since she was up for trial in Stratford. An effort is now being made to drive the family from the town.—Blyth Standard, Wingham Cor.

Mr. Will Livingston left on Friday last from Mr. John Vollet, a tumble from which he will feel effects for some time. He was working on a scaffold veneering a house Councillor Moran when the up pinning gave way and he was precipitated from his position near the top of the building. Some of the timber fell on him and he sustained a gash or two on the head which soon stitched up by Dr. Macdon. One of his young sons happened to be caught in the mix-up but escaped without much injury.

WE had an interview last week with Mr. B. B. Moore of Vito B. C., who is here now on a visit to friends. Mr. Moore is a poet, fancier and has now about a thousand head of thoroughbreds. This is the largest poultry ranch on Vancouver Island. The principal industries of the Island are fishing, lumbering, mining. Game and fish are abundant that the place is characterized as the "Sportsman's Paradise." For shooting, the valley quail, mountain quail, the blue grouse, willow grouse, ducks and geese of kinds, as well as the English pheasant form an unlimited in the line of game. Add to this an abundance of deer, the mountain sheep, the horn, the mountain goat, a pure animal, and many others. An additional sport that's much indulged in and highly prized. Mr. Moore enthusiastic over British Columbia and thinks there's no place on earth to surpass it, in fact, he says, doesn't think there is any place, isn't a farming country, being Edward Blake expressed it years ago "a sea of mountains." As usual between two hills there's a valley, the British Columbia Valley is surpassed for natural richness of soil on which anything that grows grow in the greatest luxuriance.

Ayer's Sarsaparilla
You know the medicine that makes pure, rich blood—Ayer's Sarsaparilla. Your mother, grandmother, all your folks, used it. They trusted Sarsaparilla. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.
I suffered terribly from indigestion and thin blood. I found no relief until I took Ayer's Sarsaparilla. Four bottles permanently cured me.

Mrs. Janet Blyth, mother of the Blyth family of this township, died at her home in Marden at the age of ninety-two years. She has been a very much respected resident of that neighborhood for seventy-eight years.—Aytan Advance.

Harry Brillinger, son of Mr. J. L. Brillinger, of Brant, had a startling experience a short time ago. He was out after ground hogs and sighting one he fired at it and the barrel burst leaving only the stock in his hands. Strange to say he got off without a scratch. Pieces of the barrel were found fully three hundred feet away.—Hanover Post.
