Chas. Scarborough of Shelburne has been unfortunate lately. His son fell and broke his arm at Hanover a few weeks ago and is not fully recovered. On Tuesday forenoon Mr. Scarborough and Wm. Collum were engaged working on a scaffold at G. B. Richardson's new house when the scaffold gave way the two men fell a distance of 16 feet and Mr. Scarborough's left leg was broken just above the ankle. He was taken at once to his home and Drs. Smith and Rooney set the broken limb. The injuries are such that the injured man will be confined to his bed for weeks. Mr. Collum received a severe shaking up but was not injured.—Shelburne Free Press.

Some Seasonable Advice.
It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale at Parker's Drug Store.

Judge Kennedy, of the Newton Police Court, although a model of courtesy on the Bench, never fails to nail a lie, especially if the falsifier is on trial for a crime.

An old offender was arraigned before him charged with drunkenness. When the complaint had been read the defendant bravely answered: "Not guilty." The Judge, eyeing him sharply, inquired: "How long since you were drunk?" The prisoner answered that he hadn't taken a drink for more than a year.

"That's not true," replied his Honor. "I saw you drunk within a month on the street in Boston, and you had the impudence to accuse me."

"Did I spake to you, sor?" asked the prisoner.

"You did," said the court.

"Well, then, I must have been drunk, yer anner."

No one in the court-room enjoyed the incident more than the Judge.

How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled for sale at Parker's Drug Store.

Blaze in Listowel.

Mr. Jas. Davidson's frame dwelling house on Union street was set on fire yesterday afternoon from the gasoline stove, which is said to have exploded. The building was quickly ablaze, and the occupants only had time to get out a portion of the furniture. The timely arrival of the Fire Brigade, however, saved the building, the fire being extinguished before it had gained much headway. There was no insurance. Mrs. Davidson's hand and arm were severely burned by the blaze caused by the gasoline, and Fireman A. C. Bricker had a bad gash cut just below the eye by the axe which he was using near the roof glancing back. Fortunately the eye escaped injury.

THE SOURCE OF CONSUMPTION.

Thousands are Dying—if Tired, Languid or Run-Down Get Protection Before Too Late.

No child, man or woman is safe from consumption unless their blood is pure, rich and nourishing. Allow the blood to become thin, and immediately the whole system grows weak. The lungs are deprived of resisting power and the ever-present tubercular bacilli develops.

The most positive protection against consumption is Ferrozone, which restores the blood to full strength. Weak organs are instantly strengthened. Worn-out tissues are rebuilt. New life is given to the lungs and all danger of consumption is destroyed.

Mrs. E. J. Richardson, Manotick, Ont., tells of her enormous gain in health from Ferrozone; "For two years I was not well. I was thin and anaemic. Towards spring I fell into a condition of nervous exhaustion. A dead tiredness hung over me like a load of lead. Housework of any kind I simply couldn't do. A bad cough developed that worried me greatly for I thought it might be tubercular. When I first read of Ferrozone I convinced it was good. I took it regularly for eight weeks and the change in my condition was wonderful. My cheeks filled out and became clear and rosy. I gained eight pounds and now am strong and vigorous as possible."

Ferrozone feeds, nourishes and tones up the body—it sends the thrill and vim of robust health from head to foot—makes you feel better at once. Won't you use Ferrozone? Price 50c. per box, or six boxes for \$2.50, at all dealers, or N. C. Polson & Co., Hartford Conn., U. S. A. and Kingston, Ont.

The illustrations and articles published each week help to widen the knowledge and increase the culture and refinement of those who are privileged to receive The Weekly Globe and Canada Farmer. This splendid family newspaper enables those even farthest removed from the centres of population to enjoy and profit by the best that art and talent have to offer.

BRUTAL.

A Memphis (Mo.) man has discovered a new way to get rid of mosquitoes. He says to rub alum on your face and hands. When the mosquito takes appetite it puckers his buzzer so it can't sting. It sits down in a damp place, tries to dig the pucker loose, catches its death of cold, and dies of pneumonia—Kansas City Star.

A bashful young man who was about to be married was very nervous, and while asking for information as to how he must act, put the question: "Is it kismetary to cuss the bride?"

"That new hired man works like a dog."

"Indeed! Glad to hear it."

"Yes, he chased a rat out of the barn and then laid himself down in the sun and slept all the afternoon."
