160 Acres For Sale

160 acres of the best land in Manitoba, not away West beyond all civilized surroundings, but right in the oldest and best part of Manitoba, within a mile and a half of two different stations on the C. N. E. Main Line (Curtis & Newton Stations,) and only about 8 miles from Portage La Prairie, and about 50 miles from Winnipeg.

This soil is a deep black loam on clay subsoil and is exactly similar to that of the far famed Portage Plains, which have produced as many as 20 successive crops of wheat without fallowing or manuring. There is no better land in the wide world.

The land is covered with light scrub and small poplar, but enough cordwood could be cut to more than pay for clearing. This is in the heart of a first class settlement of English speaking farmers, who are thrifty and prosperous and who would welcome and assist any new settler.

The surrounding land is none of it held at less than \$20 per acre, but to close out an estate, we are authorized to offer this for a short time at \$15 per acre. \$1760 cash, balance in five equal annual instalments. If definite offer was made, a smaller cash payment might be arranged.

Not the Oldest—Not the Largest Just the Best.

If you wish to receive the Best Commercial and Shorthand Education, it is necessary that you attend the Best—

The Mount Forest Business College

This College is the Best—

Because each student is taught separately at his own desk.

Because all difficulties are thoroughly explained as they occur, thus avoiding loss of time to the student and enabling them to accomplish more than is possible in class teaching.

Because each student receives special attention in his weak subjects and may choose his subjects.

Because each student does his work independent of all others thereby establishing confidence in himself.

Because by attending the day and evening classes, students graduate in a short time and at a small cost.

Because its graduates are enjoying the best positions in almost every Canadian and American city.

Because this College enjoys the confidence of the Business Public.

Because it teaches Actual business from start to finish.

Because its Shorthand students are doing marvellous work, some writing 200 words per minute after attending only two months.

Because at the head of it is a man whose qualifications as a teacher are unexcelled and whose ambition is to see his students become good citizens, morally, socially and financially.

Open July and August.

Under contract which commenced on the 1st inst. Vandeleur is receiving a daily mail instead of tri-weekly. The former daily mail route from here to Epping by way of Eogenia and Kimberly now takes in Vandeleur.

Mr. John Runstadler, lost a valuable horse last week with inflammation. The animal was one of the handsome span of browns he purchased last spring for the egg wagon.

Balliff Wright has been nursing a bullet wound in one of his hands for a few days. While handling a revolver it discharged and the bullet passed through the fleshy part of the hand, but fortunately did not touch the bone. The wound is healing satisfactorily.

Our village was without electric lights on Friday and Saturday nights last and citizens had to resort to the discarded kerosene lamps. We understand a bent shaft at the power house, Eogenia, was what put the plant out of business.

Rev. R. H. Horze L. L. B., of Elora, is to speak on the work of the Lord's Day Alliance in the Methodist church on Friday evening this week.

Anniversary services are to be held in the Methodist church on Sunday next when Rev. N. Wellwood, of Dundalk, will preach morning and evening.
