WHY SO WEARY?

Always Restless and Weak Isn't Natural—But It's Dangerous.

You have to work hard. This uses up lots of nerve force and tears down the body faster than it can build up. The result is a half-dead feeling you can't shake off. Somehow you must get more vitality. The water in your blood must be turned into nutriment and building material.

This is just what happens in using Ferrozone, which renews the blood and nerves, and makes each organ do the work that nature expects of it.

Ferrozone quickly increases your weight, brings appetite and healthy color, instils a reserve of vigor into the system that defies weariness, exhaustion, debility, or sickness of any kind.

The enormous strengthening power of Ferrozone is proved in the case of Mrs. Edward Hill of Orr Lake, Ont., who says:

"Two years ago I had a nervous breakdown. At night I tossed restlessly in bed, unable to get any rest from sleep. In the morning I suffered from overpowering weakness. My appetite was poor. I grew pale, thin and despondent. A slight hacking cough also added to my burden.

"My doctor said to try Ferrozone, and it did me good in a few days. I increased in strength, the nervous sensations disappeared, and with my appetite came back my color and good spirits. I have gained over ten pounds in weight, and as my age is 56 I consider Ferrozone a marvel."

(Signed) Mrs. Edward Hill.

REMEMBER THIS: Ferrozone is a true tonic—not an alcoholic stimulant. Fifty chocolate-coated tablets in a box for fifty cents, or six boxes for \$2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U. S. A. and Kingston, Ont.

EVERYBODY DELIGHTED

Those who have received a copy of the beautiful picture, entitled "Queen Alexandra, Her Grandchildren and Dogs," are simply amazed that such a beautiful picture can be included with such a paper as the Family Herald and Weekly Star of Montreal, and all for one dollar a year. The Family Herald publishers have certainly surpassed all former efforts. It is a perfect gem of a picture, far different to anything ever before issued with that great paper. To see it is to want it, and with the Family Herald and Weekly Star at only one dollar per year is beyond question the biggest value in the newspaper world to-day.

The butcher business carried on by Messrs Firth & Turnbull has been disposed of. Rod Macfarlane, recently of Flint, Mich., and formerly of this place, is the lucky purchaser, and as he is well and favorably known in and about Durham, we have no hesitation in predicting his success.

Not the Oldest—Not the Largest Just the Best.

If you wish to receive the Best Commercial and Shorthand Education, it is necessary that you attend the Best—

The Mount Forest Business College

This College is the Best—
 Because each student is taught separately at his own desk;
 Because its difficulties are thoroughly explained as they occur, thus avoiding loss of time to the students and enabling them to accomplish more than is possible in class teaching;
 Because each student receives special attention in his weak subjects and may choose his subjects;
 Because each student does his work independent of all others thereby establishing confidence in himself;
 Because by attending the day and evening classes, students graduate in a short time and at a small cost;
 Because its graduates are enjoying the best positions in almost every Canadian and American city;
 Because this College enjoys the confidence of the Business Public;
 Because it teaches Actual business from start to finish;
 Because its Shorthand students are doing marvellous work, some writing 200 words per minute after attending only two months;
 Because at the head of it is a man whose qualifications as a teacher are unexcelled and whose ambition is to see his students become good citizens, morally, socially and financially.
 Open July and August.

 DURHAM, ONTARIO

160 Acres For Sale

160 acres of the best land in Manitoba, not away West beyond all civilized surroundings, but right in the oldest and best part of Manitoba, within a mile and a half of two different stations on the C. N. R. Main Line (Carris & Newton Stations), and only about 8 miles from Portage La Prairie, and about 50 miles from Winnipeg.

This soil is a deep black loam on clay subsoil and is exactly similar to that of the far famed Portage Plains, which have produced as many as 20 successive crops of wheat without fallowing or manuring. There is no better land in the wide world.

The land is covered with light scrub and small poplar, but enough cordwood could be cut to more than pay for clearing. This is in the heart of a first class settlement of English speaking farmers, who are thrifty and prosperous and who would welcome and assist any new settler.

The surrounding land is none of it held at less than \$20 per acre, but to close out an estate, we are authorized to offer this for a short time at \$15 per acre. \$1760 cash, balance in five equal annual instalments. If definite offer was made, a smaller cash payment might be arranged.
