### A NARROW ESCAPE.

What was a narrow escape from drowning occurred on Monday of last week at McCalder's bridge. A teamster named McGregor, in the employ of Keys Brothers, contractors, while going over the bridge fell a distance of 18 feet, being precipitated into the waters beneath the bridge. It appears from the report to hand that McGregor had gone only a few feet when the gangway gave way and in a moment both driver and horses disappeared. The man sank, but by a herculean effort succeeded in reaching shore where he was rescued by the other workmen. Both horses were badly injured and one of them died from the effects shortly afterwards.—Bruce Times

### A Million Dollars Squandered.

It is estimated this sum was wasted last year by people trying to find a cure for catarrh. Foolish for sufferers to experiment when it's so well known that "Catarrhozone is the only remedy that cures permanently. Other treatments only relieve, but Catarrhozone cures and prevents the disease from ever returning. "I had Catarrh in its worst form" writes G F Fadden of Royan, Que., "I was so bad that ordinary medicine didn't even relieve; but Catarrhozone cured perfectly." No chance of disappointment with Catarrhozone—it's certain as death to cure your Catarrh—just try it.

### A SERIOUS ACCIDENT.

An accident that might have carried death in its trail befell Mr. John Whitehead of Brant on Monday afternoon last, and that we are now writing an article on a serious mishap instead of an obituary, is one of the wonders that characterize this age of miracles. "Honest John" as he is commonly known and distinguished from other Johns, was engaged along with his son, in erecting in his barn a sling to hoist barrels. The large pole attached to the sling suddenly broke free and alighted with tremendous velocity on the head of Mr. Whitehead with the result that all consciousness fled, and a lot of blood with it. He was picked up for dead and brought into the house, and medical attendance hurriedly summoned. Everything possible was done for the injured man, and with skilful medical attendance and a hardy constitution, the result of exemplar habits, strong hopes may be entertained for his recovery.—Bruce Times.

## Muskoka Free Hospital for Consumptives

☞ Not a single patient has ever been refused admittance because of his or her poverty.

FROM THE YUKON

—From Bishop of Selkirk, Caribou Crossing, Yukon: "The trifling remittance ($10.00) herewith enclosed, is intended to express our sympathy for the sufferers in other parts rather than imply a special need for your institution here."

CONFEDERATION LIFE ASSOCIATION

—J. K. Macdonald, Esq., Managing Director Confederation Life Association, in sending cheque for $500.00 from his Company, says: "I am pleased to be able to be the medium of helping on so good a work."

## Funds Urgently Needed

The financial reports for the year just ending show that to keep the doors of the Free Hospital for Consumptives open, maintaining the number of patients for which accommodation has been provided, not less than $25,000 is required for the year now entered upon.

Since the Free Hospital was opened (18 months ago) 224 patients have been received. The help the institution has been to these people—all from the wage-earning and poorer ranks of life—cannot be estimated in human language.

—Edward D. Heddon, Solina, Ont., on leaving the Free Hospital, writes: "I cannot speak too highly of the institution from which I have received so much benefit. I can but tender my best thanks for the kindness shown."

—Minnie Linklater, Hamilton, writes: "I have spent over nine months at the Free Hospital for Consumptives. I believe I have been greatly helped, and shall never hesitate to use my influence to further that good cause."

There is no endowment, excepting the provision made by three life insurance companies for six beds for the current year. Only by the continued contributions of the Canadian public can the work be maintained.

Patients are accepted from every part of the Dominion, and there have been in residence during the past year patients from Prince Edward Island on the east to the Northwest Territories on the west.

Contributions may be sent to SIR W. R. MEREDITH, KT., Vice-President National Sanitarium Association, or MR. W. J. GAGE, Chairman of the Executive Committee, Toronto, Can.

## VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele, which I neglected until it became severe, and I was often laid up for a week at a time. My family physician told me an operation was my only hope, but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to think I was a hopeless victim, when I read of Dr. Kennedy & Kergan, and why I was off work so much and I told him my condition. He advised me to come to Detroit, which I did, and after having taken treatment from them almost daily, I found they were honest and skilful. He wrote them and got the New Method treatment for me. My progress was somewhat slow in curing the first month's treatment, but I was rewarded for my perseverance. I continued treatment for three months longer and was rewarded with a complete cure. I could only earn $12 a week in a manufactory before treatment, now I am earning $21 and never lose a day. I wish all sufferers knew of your valuable treatment.

HENRY C. LOCUST.

HAS YOUR BLOOD BEEN DISEASED?
