Merchants Rubbers

PHENOMENAL GROWTH
Canadians are not slow to recognize superior merit wherever it exists.
March, 1904, production, 300 pairs per day.
December, 1905, production, 3,400 pairs per day.
These two lines tell graphically the wonderful growth in the production of Merchants Rubbers, and the demand still exceeds the supply.
The people have recognized the superior merit of these Rubbers over all others. Honest materials and honest workmanship are combined to produce an honest Rubber—Merchants Rubbers.
If your Shoeman doesn't sell them, let us know.

No Poison in Chamberlain's Cough Remedy.

From Napier New Zealand Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale at Parker's Drug Store.

CORNER CONCERNS.

The Chronicle's emphatic declaration that people are in no way liable for compensation of the license holders makes the thoughts of enforcing local option more pleasant. Men perform their duty more courageously especially when it concerns a neighbor if they know they are absolutely in the right and guilty of doing him no injustice. The provisions of the Act are that the people shall enforce it, and to be able to call on the hotel man the morning after the vote with an open countenance, clear conscience feeling we owe him nothing nor did him any injustice, to remind him he must observe strictly to our new law will be much more pleasant than to feel a guilt of doing any injustice to a fellow man that would cause us to have a consideration for him, or in any way shrink from performing the duties that fall on every one in the proper carrying out of the Act.

The formal opening of our new school will take place on the evening of Thursday the 21st day of Dec. Tea will be served in connection with an excellent program. The young people of the section are determined to make the affair a huge success. Inspector Campbell will take the chair for the program at eight o'clock.

Mrs. Jas. McMeeken left last Tuesday to visit her daughters at Port Elgin and Shallow Lake.

Mr. Tom McAllister has purchased eight choice Leicester sheep from an Orillia breeder. There is money in sheep now, especially the good kind and Tom is to be congratulated on his venture.

The young men of the neighborhood turned on Wednesday and cut a year's wood for Mrs. Dennett for which she wishes to return hearty thanks.

Inspector Campbell visited our school last week and his report is very comforting to all who have anything to do with school matters.

A social gathering of a select crowd was entertained in the home of Mr. Jas. Johnson on Friday night.

Prizes given by our teacher Miss Linnin for nature study brought forth some fine collections. Other new branches were brought up in a similar way.

Mr. Joe Lennox is preparing to put an addition to his barn next summer, with stone stabling, so that he can keep additional stock to consume the product of more extensive farming.
