Merchants Rubbers
QUALITY IN RUBBER GUM
 Good gum is requisite to make the highest grade of Rubber
 Footwear.
 There are many grades of gum from which Rubbers are
 made—some is obtained from starchy plants in tropical zones;
 more of it from small trees in warm countries, but the best
 comes only from the great Para forests in Brazil.
 Gum from plants and vines makes soft, spongy rubber,
 sensitive to weather conditions, lacks wearing quality.
 Para gum has body, life, solidity, combined with per-
 fect elasticity.
 Merchants Rubbers are made from Para gum
 that's why they are better than ordinary
 Rubbers.
 If your Shoeman doesn't sell them
 let us know.

LOCAL OPTION
 EDITOR OF THE CHRONICLE:
 Mr. Editor—A great deal is being
 said at the present time on the tem-
 perance question and may be at-
 tempting to paint the matter of local
 option in such colors as to strip it of
 its real meaning. When we consider
 for one moment the insidious and
 captivating nature of our enemy,
 the enormous money interests by
 which it is upheld, and the centuries
 during which it has been allowed to
 gain a foothold in our midst, it is
 really remarkable that our progress
 has been such as to drive it from
 many of its strongholds. We are
 cheered when we think of our suc-
 cess and we are determined to push
 the battle to the gates and victory
 will eventually crown Israel's ranks.
 There is a well concerted action on
 the part of the liquor traffic. One,
 and perhaps the chief plan, is to "nip
 it in the bud" and to do so every
 possible pressure is brought to bear
 on the municipal councils in order to
 induce them to refuse to submit the
 by-law to the people. We are cer-
 tainly proud of the action taken by
 the municipal council of the town-
 ship of Egrement. They were un-
 animous in submitting to the wishes
 of a large proportion of the rate-
 payers of this municipality. The
 "blue ruin" cry rends the air because
 the craft is in danger. They cry out,
 and lustily too, that the "place will
 be killed". Let us exemplify this in
 the case of Toronto Junction. Last
 March the by-law was carried by a
 majority of 25, but notice the results
 as given by a resident of that place.
 He says: "I have been a resident of
 this place for five months and I have
 seen but one drunken man on the
 streets. The treating system has
 been abolished. Business has never
 been better in the history of the
 town. The growth is more rapid
 than in the "boom" days and is more
 solid. The population has increased
 nearly 2000 since the bars were
 closed. This may not all be attri-
 buted to local option, other causes
 have helped; but local option has not
 "killed the place" as many of the op-
 ponents of the measure predicted.
 Merchants say that sale are greater
 and collections easier. About three
 hundred dwellings have been erected
 this year. These with other busi-
 ness places also erected represent an
 outlay of close to three quarters of a
 million of dollars. First class enter-
 tainment is provided for the public
 at the hotels and one hotel has ad-
 vertised "seven meals for a collar".
 The bar is not necessary to the pros-
 perity of any place and if those now
 engaged in the traffic would content
 themselves with reasonable profits,
 with the bar out of a most respect-
 able and reasonably profitable busi-
 ness could be carried on. The day of
 skirmishing is past and the time is
 now ripe for a decisive battle. In the
 words of the Hon. G. E. Foster
 we would say: "Watch with eager
 eyes and bated breath as we storm
 the ranks and outworks, scale the
 walls, spike the fatal guns and are
 lost amid the smoke and din of the
 conflict. Thanking you Mr. Editor
 for occupying so much of you val-
 uable space.
 I remain yours,
