The Mount Forest
Business College

This College is the Best -
 Because each student is taught separately at his own desk.
 Because all difficulties are thoroughly explained as they occur, thus avoiding the waste of time to the students and enabling them to accomplish more than is possible in class teaching.
 Because each student receives special attention in his weak subjects and may choose his own subjects.
 Because each student does his own work independent of all others thereby establishing confidence in himself.
 Because by attending the day and evening classes, students graduate in a shorter time and at a smaller cost.
 Because its graduates are enjoying the best positions in almost every Canadian and American city.
 Because this College enjoys the confidence of the Business Public.
 Because it teaches Actual Business from start to finish.
 Because its shorthand students are doing marvelous work, some writing 200 words a minute after attending only two months.
 Because at the head of it is a man whose qualifications as a teacher are unequaled, whose ambition is to see his students become good citizens, morally, socially and financially.

Edge Hill.

Mr. Thos. Ritchie sold a fine horse to Mr. Duncan Smellie at a good figure.

Miss Fanny McNally is home from Durham for a couple of weeks.

A fine colt coming three years old, belonging to Mr. Thos. Morrison died very suddenly last week. Mr. Morrison was giving it some medicine from a bottle and a portion of the fluid "went down the wrong way" causing choking and almost instant death. This entails considerable loss to Mr. Morrison as the colt was of the heavy draft type, one of the well known Buffalo Bill colts.

A number of the neighbors were most agreeably entertained at a party at Mr. John Collier's last Wednesday evening.

Rev. Mr. Bice conducted a largely attended prayer meeting at the house of Mr. Jas. Edge on Thursday evening last. This was Mr. Bice's first appearance before an Edge Hill audience and all thoroughly enjoyed his discourse. We hope he may come again.

We congratulate Squire Edge on attaining his eighty-fourth birthday. We wish that he and his estimable life partner may yet be spared many years of health and happiness.

The Blood is the Life.

Owing to faulty actions of the kidneys and liver, the blood becomes filled with disease germs that imperil health. The first warning is backache, dizziness, headache and lack of vital energy. Act quickly if you would avoid the terrible ravages of chronic kidney complaint. Get Dr. Hamilton's Pills today; they cure kidney and liver complaint for all time. No medicine relieves so promptly, nothing in the world of medicine cures more thoroughly. For good, clear complexion, healthy appetite, the proper treatment is Dr. Hamilton's Pills. 25c. per box, at all dealers.

Darkie's Corners.

Mr. Thomas McGirr we omitted to mention has recently purchased the farm owned by Captain Jas. McGirr, for which he paid a handsome figure.

In reporting the sale of the Keeler property on Lambton St. we committed an error, the name of the purchaser should have been written as Mr. N. McCannel instead of Mr. McCQueen who has it rented for the present, from Mr. McCannel.

Miss Sarah Harley visited friends on the 8th con. of Glenelg, over Sunday last.

Mr. John Bell is the lucky investor in the purchase of the O'Donnell property from Mr. W. J. McFadden of the Farmers' Mfg. and Supply Co. of your town.

Mr. and Mrs. John Collier gave the young people of the neighborhood a swell dance last Wednesday night with the result that everybody enjoyed themselves until the wee sma' hours of the morning.

Buggies are again in operation, at time of writing, Sunday, no cutters are visible, the runners will likely get a couple of days rest on account of the January thaw.

Mr. Thos. McGirr of Lambton St. made a business trip to Holstein one day last week.

Miss Lizzie Firth of Glenelg is the guest of her sister Mrs. Geo. Ryan Jr. of Lambton St.

An article has recently been communicated to us, concerning the stealing or attempt to steal a number of articles at the Auction Sale of Mr. W. J. Eator on the 5th of January 1906. The fact evidently reached the Varrey Reporter who does not like the idea that any party or parties would be guilty of such a base conduct, however it is too true we regret to say.

Notice to the Public.

The undersigned wishes to rectify a misunderstanding in the minds of the public regarding his business. While I and my son-in-law, Mr. John Shultz, have a mutual understanding regarding our work we do not form a business partnership in any way or form.

FAMOUS PEOPLE
 BY FANNIE M. LOTHROP

W. A. FRASER
 Canada's Author, Artist and Engineer.

Knowing the life of William A. Fraser, the books he has written seem inevitable. Each is the harvesting of certain distinct years of his living; renewed, revived and transformed by his individuality. The nervous intensity of the writing, the incisive, forceful phrases, the keen observation, the humor, the originality, the sympathy with nature in all its phases, the artistic genius in catching instantly the essentials of a scene or an episode are characteristic of Fraser the man, as well as of Fraser the author. His books are himself; he writes because he loves to write, because he cannot help writing.

Born in Nova Scotia in 1859 of Scotch parentage, his early school days were spent in Boston and later in New York. His unusual artistic ability early became manifest, and it seemed that he was destined for a sculptor's life, but the death of his father changed his plans. He now paints scenes in his novels in vocabulary colors instead of with a brush. It was with regret that he temporarily gave up the oils of art for the oils of commerce and made a specialty of petroleum; but he was thorough and a second time mastered oil.

In 1881 he went to India as an expert for some English capitalists, and later the British government employed him on some mission in Beluchistan. Nine years he spent in India, Burma and the neighboring countries, not studying the country idly from an armchair, but in nine years of constant travel, where he saw everything and forgot nothing, and it is the splendid fruitage of these years that is garnered in his stories of India.

In 1889 he returned to Boston and married Miss Barber of Toronto, and the year following, went back with his wife for an eight months' stay in the Orient. On returning to Canada he settled in Toronto and for six years went each summer, surveying and doing other engineering work in the North-West. It was far away from the whirl of humanity; lonely, often having no roof but the starry sky, no bed but his blanket, no restaurant but his pouch. He met trappers and guides sometimes, grew to know and love the animals better, and his splendid stories of Canadian life and charmingly sympathetic animal stories would never have been written but for the payment of price in months of isolation. His first story was published in the "Detroit Free Press," and a few others soon afterward gave him that first rich taste of literary creation. He went each year to the North-West with greater reluctance as it cut out his time for writing, until finally reluctance led to rebellion and then to revolt, and he turned his back on it all forever and consecrated his life to literature and art. Mr. Fraser has had the honor of having his paintings hung on the line with the work of professional artists.

Entered according to Act of the Parliament of Canada, in the year 1905, by W. C. Mack, at the Department of Agriculture.

FALL CATARRH
 Disease Prevalent Now, But Can be Quicker Cured with Hyomei.

A great many people suffer more with catarrh during the fall months than at any other season of the year, the changes in weather seeming to have a bad effect upon the disease.

Some of the cures made by Hyomei seem marvelous when one remembers that the patients had suffered from catarrh since childhood and that for four years they had been unable to get a good night's sleep, on account of the disagreeable tickling and dropping at the back of the throat caused by the offensive disease. A few days' treatment with Hyomei brought quick relief, and its continued use made a complete and lasting cure.

By breathing Hyomei through the pocket inhaler that comes with every outfit, all the air passages of the lungs and throat are filled with air laden with Nature's own remedies for the cure of catarrh. All disease germs are killed, and the irritated mucous membrane is healed.

The complete outfit costs but \$1.00, extra bottles 50 cents. Compare this small expense with the fees charged by specialists.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write to-day for consultation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomei Building, Ithaca, N. Y.

THE TORONTO STAR'S WONDERFUL GROWTH.

One cannot find in this country a parallel for the remarkable progress of The Toronto Daily Star during the last five or six years. It is a fact perhaps not yet fully appreciated that from modest beginnings it has grown under its present management until now it is not only the most widely-read afternoon paper in Ontario, but there is only one morning paper in all Canada that exceeds it in circulation.

There was a time when people thought they had to get a morning paper if they wanted all the news, but that prejudice has given away to a conviction that to really get the news while it's hot and crisp you must read a live afternoon daily like The Toronto Star. The advances made in printing machinery and telegraphy are largely responsible for

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220, Peoria St., Chicago. "Two years ago during a political campaign I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale at Parker's Drug Store.

Mrs. Archie Johnston, an old lady who lived in Lucknow met with a terrible accident on Tuesday evening from which she died on Wednesday evening. Just how the dreadful accident happened will never be known but it is supposed she lighted the lamp with a piece of paper and was in the act of putting the paper into the stove when her clothing took fire. Mr. Frank Ham who was passing on the sidewalk at the time noticed the flames and ran to her assistance, but before the flames could be extinguished she was terribly burned. -Gorrie Vidette.

A sad misfortune happened to Mr. and Mrs. Leo. Ruth near Hepworth on Monday evening, when their infant son was smothered to death. Mrs. Ruth was visiting at her brother-in-law's and when preparing to leave for home in the evening wrapped her child up to keep it warm. When she opened the wraps on arriving at her home she found that it was dead, it having been smothered to death by the close wraps. Mrs. Ruth and her husband are almost heart-broken. -O. S. Sun.

Stepping Stones to Health

PSYCHINE
 (Pronounced Si-keen)
The Greatest of Tonics

Nothing I Ate Agreed with Me
 Mr. Arthur Tension, Toronto, writes enthusiastically of the merits of PSYCHINE for all stomach troubles. For six or seven years I have been troubled with indigestion and dyspepsia. Too much acidity of the stomach, the doctors said, originated the trouble. I tried scores of remedies. My room at home resembled more a drug store, with many glibly advertised nostrums which I had bought. Eventually I used PSYCHINE, although it was three times the price of any other medicine I had ever bought, yet every dose brought permanent relief.
 It is so easy to cross this stream if only you exercise care and attention.
