Varney.

Miss Maggie McNiece has been visiting for the last few weeks with her friend, Prudence Reilly, of Glensly.

Ten of the young people of this neighborhood went down to the Revival meeting at Holstein a week ago Friday night.

There was ten of the Varney L. O. L. brethren attended the county meeting in Durham on Tuesday. Varney Lodge shows up pretty well for officers in the county Lodge, the Deputy Master, Treasurer, Financial Secretary and Lecturer are all from the Varney Lodge.

Miss Maggie Aldred went to Mount Forest last week to consult a doctor. Her throat has been giving her a lot of trouble for some time back.

The Epworth League Social, Tues. night last, was a huge success. The program consisted of essays given by Miss Maggie McCalmon on "Life of John Wesley," Miss Ethel Morrison on "Longfellow," Rev. Mr. Stephenson on "Success," and Mr. Roy Aldred on "Faults and Ideals of Young Men." Miss Aggie Sirrs gave a reading, Miss Mabel Mead sang two solos, Mr. W. Glass sang a solo, Misses Mead and Sirrs sang a duet, Mr. Stephenson sang a solo, the choir and Male Quartette also sang selections. There was a goodly number from Durham and Ebenezer and all went home well pleased with the evening's entertainment.

The Varney L. O. L. brethren at their lodge meeting on Friday night decided on getting a new banner for next 12th. We hear they intend to get a dandy.

Wilbert and Eva Blyth and Winnie Lander drove down to Holstein on Thursday evening and attended the meeting. Before returning home they partook of Miss Ella Pettigrew's hospitality.

We wish our townsman, William McCalmon, success in his new shop. Any person wanting anything done in the blacksmithing will find Billy an obliging and painstaking fellow.

Melvin Hoy drove down from Flesherton a week ago Sunday to see his parents. He brought his friend Mr. Wilson down with him.

The Farmers Association is adding members to its list at a great rate. A dozen or more at the last two meetings and still there are more to follow at the next meeting to be held on the 23rd of this month. Mr. McEwing, President of the Central Association, will be present and address the meeting. They say he is a good speaker and a committee has been appointed to prepare a program. A good and profitable time is expected and every farmer should come and bring his family. We believe there will be a silver collection at the door to defray expenses.

Albert McClinton is engaged with Mr. Ed. Kress. He drives up and home every morning and night.

Mr. and Mrs. Quinte Pettigrew, Jr., who has been visiting around this neighborhood for some time returned to their home in the West last week, and Miss Berth Pettigrew, daughter of Robt. Pettigrew, went with them from Toronto.

Mr. Alex. VanAlstine and family and Mrs. Joseph Goodfellow, sister of Mr. VanAlstine, were visiting at Mr. and Mrs. John Aldred's on Friday.

Walter McCrie is working for Mr. Clark while home from the West. He does not believe in being idle.

Miss Nellie McAnulty was the guest of Miss Ella Pettigrew, of Holstein, last week.

Mr. and Mrs. J. W. Blyth spent last Wednesday evening very pleasantly at the home of Mr. VanAlstine.

Rheumatic Pains Quickly Relieved.

The excruciating pains characteristic of rheumatism and sciatica are quickly relieved by applying Chamberlain's Pain Balm. The great pain relieving power of the liniment has been the surprise and delight of thousands of sufferers. The quick relief from pain which it affords is alone worth many times its cost. For sale at Parker's Drug Store.

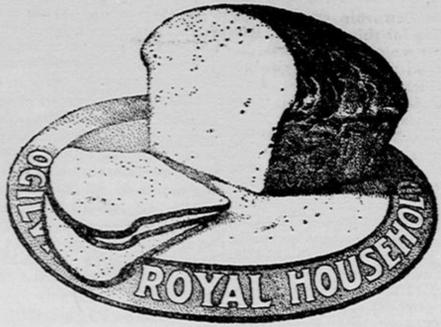

The Gaynor-Greene Trial.

Savannah, Ga., February 10.—Clarkson Raynor, of New York, a member of the firm of W. W. Kelvin & Co., was put on the stand on the resumption of the trial of Greene and Gaynor yesterday. He testified that Lachlan Kellogg, of New York, who has been attorney for O. M. Carter, bought, on October 12, 1897, \$14,990 worth of United States bonds through his firm. District-Attorney Erwin said he would prove that these bonds were bought from Carter and Greene.

Major Cassius E. Gillette next told of the poor material used in the work done by the accused.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say it can be cured is, therefore a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale at Parker's Drug Store.

Absolutely white flour makes the most beautiful white bread—the kind we all like. But white bread is not necessarily pure because it is white. To be pure it must be made from purified flour.

There is only one method of making flour absolutely pure, and that is by electricity. No impurity can withstand the searching, purifying work of this electrical process.

The electrical method is employed by every big mill in the United States.

In Canada the only flour purified by electricity is

Royal Household Flour

therefore it is the only flour that can be considered as absolutely pure.

Say "Ogilvie's Royal Household" to your grocer—he'll do the rest.

Ogilvie Flour Mills Co., Limited, MONTREAL.

"Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never before published. Your grocer can tell you how to get it FREE.

A CONFLAGRATION AVERTED.

While Eddie Piggott was amusing his audience at the concert on Monday evening in his selection "Come Dance With Me," the word "fire" resounded through the hall and in an instant nearly everyone was on their feet and making a stampede for the door. Allow us in passing to remark what a death-trap that Marsh hall would be in case of fire in that building; an audience of probably four hundred with only one means of exit—a small door. Several persons endeavoured to quiet the crowd, the concert troupe came on the platform and sang "God Save the King," but by the time the closing words were sung the hall was half vacated. The fire was discovered to be in the McFarland block. It was shortly after ten o'clock when Joe Walker a well known citizen, went to the jewellery store window of J. H. Stephenson to see what time it was by the regulator, and discovered a dense smoke within. Giving the alarm search was promptly made for the cause. Some time was spent in locating the fire, which was found to be working between the joists in the ceiling floor and had made considerable headway, but not before the contents of Dr. Campbell's dental rooms and Miss Eagles' dressmaking apartments were ruined. A hole about eight feet square was burned through the floor into Stephenson's jewellery store and through the post office ceiling. These compartments are located in the west end of the McFarland brick block. Considerable damage was also done to Mr. Stephenson's stock. The origin seems mysterious, but the most likely theory is that a box of charcoal, which was in the corner, ignited from the stump of a cigar carelessly thrown into it. A few minutes more headway would have resulted in the destruction of this large block and there's no telling how much more to the town. Too much praise cannot be given the band of willing workers who despite the blinding smoke, worked their way into the building and fought the flames until the last spark was out. About an hour after this blaze was extinguished, fire broke out in the basement about forty feet from the scene of the first fire, but this was soon subdu'd. Watchmen were placed in the building and the electric service remained on all night, but no further trouble was experienced. We understand the loss is partly covered by insurance.—Markdale Standard.

Thin as the Mist.

Scene, a town in the north on a very misty day.

Sandy McKay (coming out of the public house and meeting his minister face to face)—Gosh, sir its an awful deceivin' thing, this mist. D'ye ken (impressively), I wandered in there the noo, thinkin' it was the grocer's? —London Telegraph.

On Sunday, January 28th, as all the churches in Lions Head were holding their usual evening services the cry of fire was heard. Soon the congregations found their way to the street, and it was learned that the double store between Moore's large three story building and Burn's hardware store was on fire. This building, together with Burn's workshop was destroyed. Owing to some vigorous work, and the assistance of Moore's hand engine the fire was confined to buildings in which it originated. The sash, frames and cornice of Moore's store were destroyed, and some hundreds of dollars worth of goods injured by water. Half a dozen of the occupants of the adjacent buildings had their goods packed, and in some cases removed, fully believing that the south half of the village would be swept out of existence, Mrs. Rutherford kept a fancy goods store, and Miss Rumley a millinery store in the burnt building. Fortunately they were both fairly well insured.—Tara Leader.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO QUININE Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

This is one of Thomas A. Edison's jokes. Not long ago a friend of his was looking over the inventor's laboratory, when a curious looking model caught his eye. It looked like a cradle with some kind of telephonic attachment. "What on earth is that?" inquired the visitor. "I hope to make my fortune off that invention," said Edison gravely. "It is a motor to run by sound. You attach it to a cradle and the louder the baby cries the faster the cradle rocks."

An American Disease.

Some doctors go so far as to say that indigestion is the national disease of America. There is but one national remedy for indigestion and that remedy is Dr. Hamilton's Pills which accelerate the action of the gastric glands and give tone to the digestive organs. They strengthen the kidneys and liver, cleanse and purify the blood and thus add general tone to every organ of the body. Flesh and strength are fast restored and the patient can eat and digest any food he pleases. Test Dr. Hamilton's Pills yourself.—25c. per box or five boxes for \$1.00 at all dealers.
