

Coughs Easily Cured!

Coughs are a result, not a disease. They are the result of inflammation, caused by a cold, invading the delicate capillary air tubes in the lungs.

All the narcotics in the world will not change the condition — they simply deaden the senses and afford temporary relief from the cough while the real trouble—the inflammation—may go deeper and deeper and become more dangerous.

Carr's Cough Cure

Allays this inflammation and quickly corrects the condition in the lungs and bronchial tubes that causes the cough. Don't waste your time with narcotic cough mixtures; take the remedy that acts directly on the seat of trouble. We warrant it.

DURHAM CHRONICLE

W. IRWIN, Editor and Proprietor.

Durham, Feb. 15, 1906

MILL WILL NOT BE MOVED

(Continued from Page 1.)

close of the meeting on Wednesday night.

At the Wednesday night session there were about thirty nominations for the new board of Directors. The number was reduced to twenty-two who allowed their names to stand. The counting of the ballots was no small job and it was not till after two o'clock on Thursday morning that the new board was announced. The following are the members of the board elected for the ensuing year with the number of votes polled by each.

- W. H. Hoyle, M. P. P., Cannington, 6180.
Gilbert McKechnie, Durham, 5168.
R. H. McWilliams, Owen Sound, 4907.
A. E. McLaren, M. P., Stratford, 4195.
Valentine Ratz, M. P. P., Parkhill, 2480.
S. G. McKay, Woodstock, 3438.
C. W. Dyre, St. Thomas, 3427.
We give also the names of the other fifteen candidates for office with votes taken, as follows:
Joseph Cobbleck, Exeter, 3008.
Alex McKinnon, Hillsburg, 2854.
J. W. Scott, Listowel, 2836.
Dr. Colville, Orono, 2488.
D. McNab, Claremont, 2808.
Alex McPherson, Longford Mills, 2233.
J. Cline, Stratford, 1900.
R. W. Robertson, Brantford, 1475.
M. Wilson, Woodstock, 683.
S. Trees, Toronto, 677.
W. Tooke, Fergus, 495.
A. E. Hodgert, Exeter, 465.
E. L. Gould, Brantford, 258.
S. Everson, Oshawa, 180.
John Kay, Paris, 106.

Regarding the options taken at Port Colborne, there was considerable animated discussion and notwithstanding the report from the office here the old board was soundly blamed for their action in investing the Company's

money without making a through investigation and bringing the matter before the stockholders prior to taking such action. It was intimated in the discussion that Messrs. Cobbleck and Ratz, were willing taken the option off the Company's hands and pay all expenses in connection with the deal so far, and a resolution was carried allowing them to have it. Thus the Port Colborne business was disposed of.

Some endeavors were made to show that Mr. McKechnie had unloaded Tobermory Lake in the Company for \$4500. This was a trade of property for Cement Stock, made during the promotion period, and no money had ever been received by Mr. McKechnie. Mr. McKechnie agreed some time ago to "trade back" if the Company was not satisfied and repeated his willingness to do so still. A resolution to that effect was made by Mr. Whitton, of Hamilton, we think, but there was no seconder and the matter stands just as it was. The government reports this property rich in marl, the officials authority for the statement, being Mr. H. H. Farr, late superintendent of the works here. Mr. Farr, it seems gave out this information about a year and a half or two years ago to the government official of the Bureau of Mines. This was explained by Mr. Hoyle, and the contrast between his report to the government and the written report submitted that day to the Company was a strong factor, in weakening the case of the officials and the old board. This, we presume, is one reason and perhaps a strong one why Mr. Whitton got no one to second his motion.

In the examination and cross examination of Mr. Woods regarding the quantity and quality of marl in Wilder's Lake, he stated that, as in the case of all marl deposits, there were marked differences, but that in his experience he NEVER EXAMINED A DEPOSIT WHERE THE QUALITY WAS SO UNIFORM. It was also shown that his analysis and the analysis made by the government analyst, differed but a slight fraction of one per cent on the amount of carbonate contained in the samples. Mr. Wood stated also that he made his calculations with the utmost care and feeling his responsibility regarding the test, and knowing that any mistake would militate against him in his profession, he endeavored to be fair and honest in his report, and would not at all attempt to be optimistic in regard to the matter.

There was a general feeling that too many employees are engaged in the office and we understand the pruning process has already commenced by the new board of which Mr. McWilliams, of Owen Sound, is President and Mr. W. H. Hoyle, of Cannington, Vice-President.

A meeting of the board is to be held here on the 21st inst. when it is expected that some changes will be made, and steps taken towards the appointment of a superintendent to take the place of Mr. Farr, who resigned.

Messrs. Scott, Cline and Cobbleck, of the old board, were defeated, the new members being Messrs. Hoyle, McWilliams and Dyre. We have no knowledge of Mr. Dyre, but understand he is a practical Railroad Engineer, with sufficient time at his disposal and bids fair to giving us an honest administration. We never had any serious charges to urge against Messrs. Ratz and Cobbleck, the former of whom has been returned. Though always treated very nicely by Mr. McKay, we felt that he should not have been returned, but the people evidently differed in opinion from us and now that he is back on the board we shall give him our support so long as he deserves it, and hope that this year's work may prove satisfactory to all stockholders.

The die is cast and it now remains with the new directorate to make the mill a success. We believe we have plenty of good material; we know we have a good mill; we hope we have a good board of directors; we expect to have a good wise and economic management, and we look forward to the end of the year for a good dividend.

We have now come practically to the end of the discussion, and we believe that much good will result from the agitation of the past three months. We hope we may continue in the future as in the past to be on good friendly terms with the management and directors and that we may be in a position to publish all such information as will be for the welfare of the Company. Many things had better not be revealed to the general public. It would not be in the Company's interest to do so. We must therefore use discretion and judgment as to the information we give out. We have high hopes for the prosperity of the mill. Let us hope they will be fully realized.

An inquiry comes in to ask why stockholders in the National Portland Cement Co. had to pay a third fare on the return trip when the certificates were signed stating that three hundred were present. We enquired of Mr. Ehrhardt who informs us that the certificates were signed, in anticipation and with a full expectation that three hundred or more would be pres-

FLESHERTON

NOTES OF THAT BURG BY OUR OWN CORRESPONDENT

Artemesia Township council held their meeting for this month on Saturday last at which the auditors for 1905 presented their report the abstract of which is as follows: Cash on hand Jan 1st, 1905, \$1907.57; taxes \$17095.35; fines \$7.00; licenses \$200.75; debentures \$1656.22; loans \$3000.00; miscellaneous \$1079.30. Total \$24949.32. Expenditure, salaries, etc. \$1154.32; stationery and printing 143.06; law costs \$14.58; road and bridges \$3201.19; charity 43.50; county rate 2329.23; school purposes \$8560.65; Board of Health \$14.25; coupons and debentures \$567.65; sinking fund \$2417.19; loans 3040.15; miscellaneous \$156.66; Flesherton Police Trustees \$674.09; balance on hand \$2641.80 Total \$24949.32. The assets of the township are \$10061.45 and liabilities, principally school debentures \$12510.95. It will be seen by the above figures that a large sum was spent on roads and bridges, but notwithstanding a good cash balance remains and the township's finances are in a healthy condition.

Artemesia township carried the local option by-law with a large majority last week. The total vote was 733. For the by-law 521; against 212; majority 309. At the council meeting on Saturday the time had not expired in which the by-law could legally receive its third reading and will therefore be dealt with at next meeting.

At the regular monthly meeting last week of the Presbyterian Ladies' Aid Society a resolution was adopted instructing the secretary to send a letter of condolence to Mr. Jas. Stinson who was bereft of his wife a few days ago. Mrs. Stinson was an esteemed member of the Society which feels the loss sustained by her death.

On Friday evening last an interesting hockey match was played between the Presbyterian and Methodist boys resulting in a score of 10 to 7 in favor of the former.

Another case of smallpox has developed at Port Law, a son of Mr. Francis Shier being the victim. Mr. Shier's family and three neighboring families who had been associating with them have been quarantined. Miss McAuley, of the Bible Training School, Toronto, addressed the Mission Band in the Methodist church on Sunday afternoon and spoke interestingly on Mission work in the city.

Mrs. Smith, who was the past season with Mrs. Willett has opened a dressmaking parlor for herself at the residence of Mr. W. G. Hacking.

Flesherton has again two buses running to the station, Mr. A. Munshaw having on Saturday last put on a new bus in connection with his hotel.

We deprived ourselves of some sleep to view the lunar eclipse which became total at 3:36 on Friday morning last. The conditions were fairly good for observation of this interesting astronomical phenomenon.

Mrs. Jno. Chard has so far recovered from her protracted illness as to be able to attend service in the Presbyterian church on Sabbath last. Her friends were pleased to see her in the place of worship.

Mr. Herbert Strain of Strain Bros., Great Falls Mont., was last week in New York and Chicago on a purchasing trip for their extensive business and from the latter city paid a flying visit to this place to spend Sunday among his old friends who were pleased to see him again. Since leaving home three weeks ago Mr. Strain was at Washington one of a delegation sent by his city to interview the Government on the great scheme of irrigation for their state.

Mr. and Mrs. Jas Stinson, Mr. Wm. Stinson, of Chesley; Mr. and Mrs. Bert Field, Mr. Jas. Field and Mrs. Le Gard Sr. of Toronto, attended the funeral of the late Mrs. Stinson last week.

Mr. A. Robertson, of Manor, Sask. formerly of Wareham, was in town last week a caller on Dr. Murray.

Mrs. W. J. Douglass, Collingwood is visiting her mother Mrs. A. S. VanDusen who is but slowly recovering from her illness.

Mrs. T. E. Aikenhead, of Toronto, visited her sister Mrs. F. W. Heckling over Saturday and Sunday.

Mrs. McBean, formerly Frances Burcroft of California, was in town on Monday visiting old friends.

Miss Ethel Trimble is visiting friends in Owen Sound.

Miss Ella Karstedt and Miss Hazel Boggs are spending a few days this week with friends at Holland Centre.

Mrs. J. P. Saunders of Toronto is visiting her parents Mr. and Mrs. Ed. Whitten.

Mr. Pete Norris left last week for Parth where he has secured a situation.

Mr. Knott, of Thornbury, Mr. Armstrong, of Heathcote, and Mr. Chas. Stewart, of Kimberley, spent Sunday with the latter's brother, Mr. George Stewart, here.

EXPLANATION.

In last issue of this paper an article appeared referring to Mr. T. J. Jordan, of Holstein. It was a clipping from the Owen Sound Times of about two weeks previous, and bore the heading "Charged with Fraud." One of our compositors set up the article, but made the heading read "Charged with Forgery" instead of "Charged with Fraud." We were not home at the time the paper was published and knew nothing about the error till our attention was called to it later. We enquired in regard to the mistake and find it was purely unintentional on the part of the compositor who set it up. We regret the occurrence very much and trust Mr. Jordan will accept our explanation which we feel it our duty to make, not only to set us right, as publishers in the minds of our readers, but to remove any feeling of unfortunate error might cause in regard to the character of Mr. Jordan.

A "Wheezy" Chest.

Means your trouble is deep seated. To delay is dangerous. All the inflammation will be drawn out in one day by applying Nerviline. It penetrates through the pores of the skin, relieves inflammation and thus prevents serious consequences. For sore throat, weak chest and tendency to colds, no pre-cure is better than Polson's Nerviline. For nearly fifty years it has been Canada's great household remedy. Twenty-five cents buys a large bottle.

We regret to report the death of Mr. James Moore of Glenelg which took place at his home on Friday last, at the age of seventy-two years. Interment took place to the Durham Cemetery on Monday. A short obituary was promised but has not yet reached this office. It may appear next week.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these Tablets a trial. Thousands have been benefitted by their use. They cost a quarter. For sale at Parker's Drug Store.

Keep your bowels regular by the use of Chamberlain's Stomach and Liver Tablets. There is nothing better. For sale at Parker's Drug Store.
