THE VITAL CENTER

No Man Stronger than his Stomach - Let Mi-o-na Strengthen your Digestive System.

The stomach is your vital center. No man is stronger than his stomach.

The average man measures his physical vitality by his heart, his kidneys, or his lungs. Yet it is the stomach that should be first considered when you cast up the account of health.

Every organ of the body is sustained and nourished by food which is converted into nutrition in the stomach and conveyed to every part of the system in the form of blood.

For this reason, when the stomach is strengthened with Mi-o-na and is able to convert the food into nourishment, all other organs soon become well.

Just one little tablet out of a 50 cent box of Mi-o-na for a few days, and you will soon see a great improvement in your health.

If you cannot obtain Mi-o-na of your druggist, it will be sent by mail, post-paid, on receipt of price.

HER NAME ON AN EGG. Shipped from Dundalk it Reached a Man in Belfast.

Dundalk Herald: One day last week one of Dundalk's fair young ladies received a letter postmarked "Belfast, Ireland, Jan. 13, '06," which read as follows:

83 Templemore St., Belfast, Ireland, 11 Jan., '06. Sweet A - (We omit the name):

To you the season's compliments and pigs' feet! How I would have enjoyed my Christmas dinner but for you. Your influence is felt over in this distant land. I had just sat down to the table when, Sweet - I observed an egg with your name - "Dundalk, Ontario, 5th Sept., '05, written on it. I gave my dinner to the poor and began the ecclesiastical year well. I await anxiously to hear from you.

Morris McMulkin. It appears the young lady was visiting in Proton Township with friends at the date mentioned, and her name was thoughtlessly written on an egg, which was later marketed along with others with a Dundalk merchant and finally landed in Ireland. The result of the correspondence thus stated it is difficult to foretell, but it may end in the regular novel style. In the meantime we have promised not to reveal the name. - Toronto Star.

Choked by an Egg.

Thos. Landsdale, a carpenter who has lived here a great many years, died about 4 o'clock on Tuesday evening from a most peculiar cause.

It seems that he has been suffering for some time from an enlargement of the windpipe, and latterly has been living largely on raw eggs. On Tuesday evening his wife gave him two eggs beaten up and mixed with pepper and vinegar. He took them but struggled in the attempt to swallow them. He was 55 years of age and has three children, two sons and a daughter, living in Toronto. - Tele scope.

A Mince Pie Story.

"Once when I was a reporter," said David Belasco at a holiday dinner. "I spent two days with a gang of tramps in order to get material for an article on tramp life.

"These tramps were a merry lot. They had as many stories to tell as the end man of a minstrel show. The excellent mince pie that we have just been eating reminds me of a mince pie episode told by one of the wanderers.

"He said that a friend of his, one cold day in January, knocked at the kitchen door of a farm house.

"Well," said the farmer's wife. "You here again?"

"Yes, ma'am," said the tramp respectfully. "I want to know, ma'am, if you'll be kind enough to give me the recipe for that there mince pie what I had here yesterday."

"Well, the idea!" cried the farmer's wife. "Land sakes, man, what do you want that recipe for?"

"To settle a bet," replied the tramp. "My partner says you use three cups of Portland cement to one of molasses, but I claim it's only two and a half."
