**PREVENTION OF SMUT AND APPLE SCAB.**

(By Prof. W. Lochhead.)  
Spring is approaching and farmers will soon be planting the seed for the season's crop. With some crops clean seed means good crops, and dirty seed poor crops. It is important, therefore, to take a few simple precautions, especially when it is known that these precautions will save much money.

Now, smut is very prevalent in many oat and wheat fields, and the loss to the province by this disease alone amounts every year to two or three million dollars. Smutty oats and wheat are caused by planting seed oats and wheat that have smut spores attached to them. These spores are so small that it is impossible to see them on the seed with the naked eye.

Perhaps the simplest and most effective method that has been devised for killing these attached spores is to sprinkle the seed grain with a dilute solution of formalin, made by pouring half a pint of formalin into ten or twelve gallons of water. The formalin can be procured at almost any drug store for 25 cents. The seed grain should be spread out on a clean floor or wagon box, and the formalin solution sprinkled over it by means of a sprinkling can. The seed should be thoroughly shovelled over and mixed while it is being sprinkled so that every grain receives some of the solution. Ten gallons of solution will suffice for 20 or 25 bushels of grain.

When the grain is dry, it should be put into clean bags to prevent the entrance of fresh spores of smut, which are always floating in the air of barns.

If this method is carefully followed, no smut heads of grain will be found in the crop.

APPLE SCALE is one of the most serious diseases of the apple. It can be prevented by spraying the trees with Bordeaux Mixture. Four applications should be given.—the first just as the leaves are unfolding, the second just before blossoming, the third after blossoming and the fourth two or three weeks later. If the season is a wet one, it is advisable to give another application in July or August. The formula for Bordeaux Mixture is as follows:

Copper sulphate (blue stone) 4 pounds  
Fresh stone lime.....4 "  
Water.....40 gallons

Make a stock solution of bluestone by dissolving 25 pounds in warm water in a barrel and add water to make up to 25 gallons. Every gallon of this solution in this barrel contains one pound of bluestone.

Into a second barrel put 25 pounds of fresh stone lime, and add with stirring small quantities of water to slack it. When fully slacked make up to 25 gallons by adding water. Every gallon of milk of lime in this second barrel contains one pound of lime.

To prepare the Bordeaux, empty four gallons of bluestone solution into the spray tank or barrel, which already should have 25 or 30 gallons of water in it; stir the milk of lime thoroughly and empty four gallons of it through the strainer into the spray barrel with constant stirring; then add water to make up to 40 gallons.

The Codling worm may be controlled at the same time if 6 oz. of Paris green are added to every barrel of the Bordeaux Mixture used in the application made after blossoming.

**STOMACH CURE.**

An Easy Way from Standpoint to Convenience.

The so-called cures for indigestion are almost as numerous as the victims themselves, and scarcely a day passes without the hopes of thousands of sufferers being raised by the discovery of some novel method of cure for this prevalent disease.

Until a combination of unusual remedies, heretofore but little known in this country, was made in Mi-o-na tablets, no certain cure for indigestion had been found, and it is therefore hardly to be wondered at our leading druggists who have the Durham agency are selling large quantities of Mi-o-na.

Mi-o-na is a guaranteed cure for all diseases of the stomach excepting cancer. If you have pains or distress after eating, headache, belching of gasses, sour taste in the mouth, dizziness, heart-burn, specks before the eyes, furred tongue, sleeplessness, back ache debility or weakness, it shows that the stomach needs to be strengthened with Mi-o-na.

Just one little tablet out of a 50 cent box before meals for a few days, and you will soon regain perfect health and strength.

If you cannot obtain Mi-o-na of your druggist, it will be sent by mail post-paid on receipt of price. Write us for advice on your case from a leading stomach specialist which will be sent free. The R. T. Booth Company, Ithaca, N. Y.

The practise of tempting hotel-keepers to break the law is thus referred to by the Orillia News Letter: "The man who goes around hotels seeking in prohibited hours to get liquor by pleading the illness of some of his alleged family, and then lays charge against the soft-hearted hotel man, who moved to pity, gaves way to importunities, ought to be given a dose of the cat and a month on the stone heap. It doesn't help such scoundrels to call them detectives. Where the facts are such as our contemporary describes, the work of the detective, to say the least, is absolutely useless. The object is to punish those who persistently break the law and eventually, to drive them out of business. The man who is imposed upon by a pitiful tale of sickness may or may not be a persistent law breaker; probably the man who is continually breaking the law would be on his guard, and would not fall into the trap. All evasions isolated cases of this kind prove nothing. The general character of a hotel must be well known in the neighborhood, and especially well known to the license commissioners and the inspector, and they ought to have the means of securing convictions for offences that are typical of that general character."

**Why Suffer From Rheumatism?**

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after a while the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale at Parker's Drug Store.

"Maple Leaf Rubbers" are made of pure Para rubber, are wet-proof, neat, perfect-fitting and lasting.

Every rubber has a Maple Leaf branded on the sole, and this brand is our guarantee that the rubber is perfect in every way.

Insist on your dealer giving you

**"Maple Leaf Rubbers"**

Made for every purpose and to fit every shape and style of ladies', men's and children's shoes.

**KEG OF POWDER BLEW UP.**

Aaron Wenger's Store At Ayton Wrecked.

Ayton, March 1.—A serious explosion occurred at 5.15 this evening when the large general store of Aaron Wenger was almost completely destroyed by the accidental explosion of a keg of powder, from which Alex. Wenger, clerk, was weighing some out, wrecking the entire building. Wenger is seriously hurt and the damage to the building and contents is about two thousand dollars.

It is said that in searching a drawer in his barber shop recently, Frank Wood of Syracuse, New York, discovered a certificate for five shares of stock of the Bell Telephone Company, for which he paid \$5 twenty-two years ago, and which is now worth between \$16,000 and 20,000. The great value of the certificate is due in a measure to the accumulation of dividends. Communicating with Albany, Mr. Wood found that the stock was registered, and was issued by a Boston Company.

**How to Ward Off Old Age.**

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale at Parker's Drug Store.

While a bilious attack is decidedly unpleasant it is quickly over when Chamberlain's Stomach and Liver Tablets are used. For sale at Parker's Drug Store.

A Collingwood girl who was an invalid for years has grown strong and vigorous since becoming engaged to be married. The way she accounts for it is that the love microbe has driven all others out of her system.

Sam Hough, who was convicted two years ago of putting obstructions on the railway track near Tara, and sent to jail, was subsequently removed to the asylum. He remained in the jail for a whole year, and was so well pleased with his treatment that he has ever since been anxious to get back. A week or so ago he managed to give the asylum authorities the slip, and on Monday bobbed up serenely in Walkerton. He was taken to the jail again, and was as happy as a clam. But his happiness was of short duration, for next day a guard from the asylum appeared on the scene, and waltzed Sam off to the asylum again.—Telescope.

**Be Done With Catarrh.**

Why allow this filthy disease to poison your system? It drains your strength, ruins digestion, pollutes the breath, makes you repulsive. The one certain cure is "Catarrh-zone," it cures because it destroys the cause of the disease, cures thoroughly because it goes wherever the catarrh is, cures every case because its vapor destroys the catarrh germ instantly. To get well and stay free from catarrh get Catarrh-zone and use it; satisfaction guaranteed.

The editor of a Kansas paper says that he picked up a Winchester rifle one day recently and started up the street to deliver the weapon to its owner. The delinquent subscribers got it into their heads that he was on the war path and anyone he met insisted on paying what he owed him. One man wiped out a debt of ten years standing. On his return to the office he found a load of hay, fifteen bushels of corn, ten bushels of potatoes, a load of wood and a barrel of turnips that had been brought in.
