While working round a sawing machine on Saturday Mr. William Ritchie got his coat sleeve caught on a set screw on the shaft from the horse power. He was jerked down and against the knuckle on the shaft but was fortunately able to pull himself free. His coat sleeve and shirt sleeve were torn to ribbons but beyond a few slight scratches he escaped injury.

Mrs. Jas. Edge took seriously ill again on Sunday morning, but at time of writing (Monday) she is some better.

Willie Weir, of Boothville, visited his brother Jimmie here on Saturday.

### The Wonders of the Body

It is mechanism, like delicate machinery, by even a slight cause is so disarranged as to be practically useless. A headache is no trifling matter because the stomach, kidneys and liver are sure to be affected. To cure the cause of headaches and prevent new attacks, use Ferrozene; it aids the stomach by supplying nourishing blood, vitalizes the nerves and brain instantly. Ferrozene braces—gives tone—elevates your spirits. No such health bringer known. Fifty chocolate coated tablets at all dealers.

### Pain About the Hips

It is a common complaint with women. The right treatment is Nerviline, which penetrates to the seat of the pain immediately. Nerviline warms and soothes the affected parts, draws out the irritation and pain, allows the patient ease after one rubbing. No liniment so economical and safe. Nearly fifty years in use, and the demand immensely greater every day! Nerviline must be good.

### Sackett's Corners.

Well, Mr. Editor, we are thawed out again and will try to give you a few happenings around the Corners.

There is snow enough for commerce yet and the farmers are hoisting in logs and drawing home lumber which goes to show that building and improvements are going on.

Mr. and Mrs. Wm. Paris left for their home in Dakota this week. Previous to their departure a very pleasant time was spent at the former's mother's, Mrs. Jas. Kenwick's, of this place. Mrs. Paris entertained the company with some very fine selections on his phonograph. Some fine songs were sung by those present and an all round pleasant time was indulged in. After partaking of the good things provided the company dispersed with good-byes and good wishes and a safe journey for Mr. and Mrs. Paris.

Miss Mary Ernest has returned home for the present looking hale and hearty.

Mr. and Mrs. Sim Williams, of Boothville, are the happy possessors of a young daughter.

Misses Carrie Paris and Bertha Lane spent Sunday with friends near Hopeville.

Cook and housemaid wanted for city. Apply to James R. Gun.

We have the latest spring styles men's hats and caps. S. F. Morlock

The fellows are all getting onto the racket now that Flarity can turn out the best suit for the money.

We have just received the nattie spring clothing we have ever shown. S. F. Morlock.

AFTER a residence in town for three or four years, Mr. John McKechnie has moved to a farm near the Rock.

We will hold our Millinery Openings on Wednesday and Thursday, March 28th and 29th. S. F. Morlock

SEE the two full sale bills given elsewhere in this issue. John Robertson offers household effects, and Arch Baird his farm stock and implement.

THE services in the Presbyterian church on Sunday were conducted by Rev. James Farquharson, of Pile Mound, Manitoba, brother of the Pastor.

AUCTION SALE of farm stock and implements, at Jon. 19, lot 11, Egmont, on Friday March 23rd. D. H. Coleridge, Proprietor. D. McPhail, Auctioneer.—3 tpd.

The little daughter of Mr. Alex. Russell had an operation performed few days ago for the removal of part of her tonsils. We are pleased to know she is doing well.

THE sermon by the pastor on Sunday evening next in the Methodist church will be addressed to young women, the topic being, "A Young Woman's Engagement."

Miss Dick's Spring Millinery Openings will be held on Wednesday and Thursday, March 28th and 29th. She has put forth every effort to make a grand display of the best goods yet shown in Durham.

THE Chatsworth News has entered its twenty-second year, and gives evidence of a vigorous manhood. Mr. Blyth has a strong right arm and wields a vigorous pen in defence of what he believes to be the right. We wish him continued prosperity.

A New Methodist Church was dedicated at Hornings Mills on the 4th inst. The building is 35 by 64 ft., 20 feet high, with full sized basement. The walls are of cement blocks and the cost is \$4,100, which has been more than provided for by subscription.

THE Oddfellows have decided to hold an At Home on the 26th inst., but their big day will be the demonstration to be held about the 14th of June. Premier Whitney, R. R. Gamey and other members of the Legislature will be present, but they'll not talk politics.

HAVE you seen Flarity's new and up-to-date stock of suitings. Every garment guaranteed, not only its style and comfort, but having this season a more skilful and experienced staff employed can assure workmanship equal to the city trade.

THE extremely mild weather has taken a change and the last week or so differs but little from the same date of ordinary winters. True the snow is quite light, but sleighing is good and farmers are making good use of it. Wood and logs are coming in rapidly.

We truly regret to chronicle the death on Friday last, of Mr. Michael Reilly, of Priceville. Deceased was a genial, generous, big hearted Irishman, possessed of the general characteristics of his country and admired and respected by all who had the good fortune to know him well. For many years he plied his trade as a blacksmith, until forced through illness of a cancerous nature to retire some months ago. Since then he was a constant sufferer till relieved from pain by the cold hand of death. He was a strong Conservative, an adherent of the Presbyterian church and a member of the Ancient Order of United Workmen by whom the funeral services were conducted on Sunday last. A widow and four children survive deceased who was about fifty-five years of age.
