For Thin, Poor Blood

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this grand old medicine cannot do its best work if the liver is inactive and the bowels constipated. For the best possible results, you should take laxative doses of Ayer's Pills while taking the Sarsaparilla.

We have no secrets! We publish the formulas of all our medicines.

THE THIEF HEARD IT.

On Wednesday of last week John Orr Little and wife, Mono Road, left home intending to be away all night. Mr. Little happened to drop a remark to that effect to some of the neighbors in the hotel shed at Mono Road and the conversation was overheard by two others who were present at the time. About five o'clock on Thursday morning the hired man, a young Englishman who was alone in the house heard a noise downstairs and thinking Mr. Little had returned called out: "Is that you boss?" Getting no reply he went downstairs and found a strange man preparing to decamp with a valise full of goods which he had packed up. The hired man grappled with him and after a struggle in which he was badly cut about the hands with a knife drawn by the burglar, and bruised about the body, he managed to secure the valise, but the man escaped. Two watches and a number of articles of silverware were in the grip. Crown Attorney McFadden was notified and the county constables are on the lookout for the thief, but as yet no arrests have been made -Exchange.

AN OBJECT LESSON.

Ten or twelve years ago Maurice Dowd was one of the most prosperous and respected farmers of Arthur Tp. but in an evil day for himself and his family he disposed of his fine farm and entered upon the career of hotel keeper at Arthur village. Soon he fell into drinking himself and in a few years he became a helpless drunkard. From Arthur he drifted to Ferguson and thence to Teeswater where his course as hotelkeeper was wound up last year. There are six or seven small children who have been living with relatives since the mother became insane through the wild career of her husband. Dowd's experience in hotel keeping is a touching object lesson in temperance. He was worth fifteen or twenty thousand dollars on the farm, but today he is financially worthless, his children are dependent upon friends, his wife is in an asylum and he himself is a wanderer in the west. -Grand Valley Star-Vidette.

ENSNARING VICTIMS.

Steps Should be Taken at Once to Prevent Further Trouble.

Here in Durham, as in other cities and towns, dyspepsia or stomach troubles are ensnaring victims in a insidious way.

Nearly every mother's son of us and daughter, too, expects the stomach to accustom itself to all manner of ill-treatment, but the time comes when we cannot abuse it with impunity. How much better it would be to take steps at once to strengthen the stomach and prevent further trouble.

Use Mi-o-na now and so the tired iritated walls of the stomach, and strengthen the gastric follicles so that they will pour out their daily supply of digestive materials with regularity. Then the headaches, sleeplessness, specks before the eyes, poor appetite, tired feelings and nervousness will disappear, and you can eat what you want at any time you like.

Mi-o-na is a combination of remedies, some of which are but little known in this country, and is a positive guaranteed cure for all diseases of the stomach excepting cancer.

Just one little tablet out of a 50 cent box before meals, for a few days, and you will soon regain perfect health and strength, and have no fear of indigestion or stomach troubles.

If you cannot obtain Mi-o-na of your druggist, it will be sent by mail, post-paid, on receipt of price. Write us for advice on your case from a leading stomach specialist which will be sent free. The R. T. Booth Company, Ithaca, N. Y.

WHAT'S the use of telling newspapers are now warning public against accepting Straits Settlement coins which are said to be most worthless. The warning out, and so will the coins. The thing goes out against shoddy and fakers, but the slick tongue finds lots of open mouths ready waiting to bite at the bait. The green goods man victims and some of the victims land in jail, but there's a net ready for operation. They know wrong to engage in such business if any one is smart enough to then they may be "jugged" by other fellows, but then they smart to be caught with some of them do escape. If in a hundred escape the smart Aleck is going to be dread sure. Warnings are given and again about the damages less handling of gunpowder, mite, gasoline, acetylene and explosives, yet accidents are occurring and usually through carelessness in doing the very things we shouldn't do. If the thrill adventurers were the only ones suffer the loss would not be so but it isn't right to let a freak run loose to the damage of the sensible community. Better bed a coward than to prove a fool.
