

Little . . . Liver Ills

Constipation, biliousness, indigestion, etc., are apt to grow into more serious ailments unless you lend nature a little assistance.

Carr's Liver Pills

afford just the kind of help that is needed. These pills strengthen and stimulate the liver and restore normal activity to the bowels. They do not gripe, are mild and certain and, being purely vegetable, leave no bad after effects.

15c a Box, 2 for 25c.

Energy

Nearly everybody feels a lack of energy in the spring. This languid feeling is due to disordered blood and debilitated nerves. Our

Tonic Elixir

will give you new life and energy after you have taken only a few doses. It stimulates the appetite, affords material for nervous energy and, by increasing nutrition, increases brain and muscular power. It's a splendid general tonic that always does good and does it quickly.

DURHAM CHRONICLE

W. IRWIN, Editor and Proprietor.

DURHAM, MAY 3, 1906.

AROUND THE CEMENT MILL.

In another column we give a report from an official source of the work so far since the mill began operations this spring, and the record outstrips that of previous years so much that we can not forbear giving expression to a few thoughts. We hope the brilliant start may continue during the year and that every stockholder may find when the season closes a "Phenomenal Record" for the whole period and a source of pleasure and gratification in the monetary results.

We have always endeavored to be truthful in everything we published regarding this mill. We have been truthful, verdicts and decisions to the contrary notwithstanding. We always felt the mill should be a money maker; we feel so yet. We made some plain statements of truth last year for the benefit of stockholders. We stood a losing suit for libel, and notwithstanding the manly way in which some came to our assistance we will still be a loser to the extent of five or six hundred dollars. Our fight was on the side of right and in the end we must come out on top. "Truth is mighty and will prevail," and we hope that this year's work will demonstrate conclusively the correctness of our position and show to all the justification of our plea.

It isn't necessary to go into detail, but any observer who goes through the mill now can not fail to be struck with the altered condition of things, and if the present industrial activity does not result in a profitable output, we'll be at a loss to understand why. One day last week the total output was 1292 barrels of clinkers burned, and every day the output runs 1200 bbls. and over according to our information as given in the articles published elsewhere in this issue.

Stock was quoted last fall at 16c. and offered and even purchased at about the same figure. It now runs from 40 to 43 in the Toronto papers and we learn that as high as 65 cents has been received. What were our predictions last fall regarding the matter? Did we not say that stock would go up? Have our predictions not been verified? No one will deny they have in the face of such facts. We have lost by our

honest efforts and enthusiasm, but the shareholders have gained and we have proved once more the value of our opinion and the certainty of fulfilment of our predictions.

THE RIFLE ASSOCIATION.

The Ross rifles for the South Grey Rifle Association arrived last week and now its up to the officers and members to get busy and have a suitable range constructed for target practice this summer. To this end a meeting was called in the Town Hall last night. Scarcely anything has been done towards furthering the Association since last October, not even the land leased, and as the ground to shoot over and place the butts on is a very important feature in a rifle range, the failure to procure the necessary papers for the use of them threw cold water on the affair from the start.

The range selected extends from McGowan's Mill to the Hunter property across the property of Mr. Watson. We understand Mr. Watson has already signed his willingness, and the McGowan property can be procured so soon as one of the Executors of the estate can be seen. Mr. Hunter is the only one now whose consent is necessary. Last fall he verbally expressed his willingness to sign a lease for one year, though he would not listen to the five year contract. However, we think he'll not throw obstacles in the way of the Rifle Association, and it's only necessary to see him to procure his signature. He is to be interviewed to-day, we understand, and when every thing is clear, operations towards erecting a suitable range will be commenced at once, possibly to-morrow.

A meeting for the Association is called for next Tuesday evening, when a good attendance is requested. Important business is to be transacted and it is to the interest of every person desirous of the welfare of the Association to be present.

YELLOW JOURNALISM.

It is startling to note the increase in circulation certain American yellow journals are enjoying in Durham. Blood and thunder novels, hair raising stories of impossibilities, Jack-the-Ripper title pages and the general class of weekly papers that find their way to our town every seven days from the other side of the line is quite enough to set one thinking as to the final outcome. Articles in which it is impossible to find one grain of possibility are eagerly read, while the more sensible and truthful news of our own Canadian journals is passed over as too tame and non-exciting.

To illustrate, let us take for example, one of our own Canadian weeklies the Toronto "Saturday Night". No paper comes to Durham which stands higher morally than this, and the matter in it is just as interesting, a thousand per cent more reliable and ten thousand more beneficial than the trash contained in the "cut-throat edition" shipped from Chicago and some other places in the United States.

We don't mean to say all American papers are not reliable. That would be foolish. But we mean to say that many of them are not fit for the perusal of juveniles, and a paper the man of the house can't take to his home for wide-spread distribution is not the one to have sold broadcast on our streets, and the sooner they get the order to move the better.

This is no paid explosion for "Saturday Night" or any other paper, and we don't want the people to think so. At the same time, we'd have no hesitation, and make no mistake in recommending it as a fit companion to any fireside. There's no trashy stuff in it; it's not a goody-good, simply an up-to-date journal, alive to all the questions of the day, which are written up in a racy, pleasing manner. The editor, Mr. Joe Clark, is an old Durham boy, and his paper should be doubly interesting to the residents of this locality.

BORN.

LAWRENCE—On Friday April 20th. to Mr. and Mrs. Charles Lawrence, a son.

WILSON—At Aberdeen on April the 23rd, to Mr. and Mrs. W. T. Wilson, a daughter.

MARRIED.

ED. KRESS, SALESMAN.

FLESHERTON

NOTES OF THAT BURG BY OUR OWN CORRESPONDENT

After a long and trying illness Mr. T. W. Wilson departed this life at his home here early on Thursday morning last, aged 50 years and 5 months. For a few years Mr. Wilson had been ailing with what eventually proved to be a cancerous growth in the bowels. Seventeen months ago he underwent an operation in Toronto which prolonged his days a little, but they were days so full of suffering that only one possessing his buoyant spirit and indomitable will power could have endured so long. During his illness his physician, Dr. Carter, afforded all relief in his power and his now bereft wife constantly and faithfully ministered to his comfort. The funeral took place on Saturday to Meaford Road cemetery where interment was made in the family plot. A service was conducted at the house by Rev. L. W. Thom, who also officiated at the grave. The pall bearers were, R. J. Sproule, D. McTavish, T. A. Blakely, W. Moore, W. Crossley and J. Field. The deceased who is the eldest son of Mr. Wm. Wilson, of this place, who survives him, was born at Lloydtown York County, but has lived in Flesherton and vicinity since childhood. He learned carriage building with his father and was an excellent mechanic. He was full of enterprise and succeeding his father for a number of years conducted a thriving carriage business and planing mill here. Later he moved to Eugenia and managed the Wilson planing mill there as well as one at Durdalk, until he sold the latter and the former was destroyed by fire. In November 1902 he again moved to this place, leased the planing mill, now operated by Boyd & Blakely, and conducted the business with his usual push until last fall when his failing health compelled him to retire. Twenty-seven years ago Mr. Wilson was married to Miss Annetta Cheeseman, of Stayner, and to them were born the following children: Mrs. Andrew Graham, Kimberley; Mrs. R. J. Pedlar, Eugenia, who died nearly four years ago; Ben and Will, Toronto, and Misses Annie and Mary at home. Mr. Henry Wilson of this place is the only brother of the deceased. Among those who attended the funeral from a distance were the deceased's two sons from Toronto, his mother-in-law, Mrs. H. Cheeseman and her son, Mr. Ben. Cheeseman, of Stayner.

The monthly meeting of the Flesherton branch of Centre Grey Women's Institute was held last week and was a specially interesting one. Fourteen members were present including the President Mrs. T. R. McKenzie and Sec. Mrs. R. Best. The former dealt with "The care of chicks, feeding and management of poultry" and the latter "The betterment of the home." Both papers were interestingly discussed as was also afterwards the timely subject of "Housecleaning." At the conclusion of business refreshments were served and an enjoyable time spent over the cosy cup o' tea. At the next meet-

ing May 29th election of officers will take place for the ensuing year. Married—On April 18th, at the Manse, by Rev. L. W. Thom, Mr. David Warmington to Miss Lulu Simpson, both of Durham. Mr. Robert Trimble sold his property on Toronto street last week to Mr. W. A. Armstrong. The parcel contains two lots on which stand Mr. Trimble's store, small shop, warehouse and brick residence. Mr. Trimble retains possession of the store until fall. Mr. Armstrong also bought from Mr. Trimble two vacant lots adjoining the Baptist church property.

Excavation for the new hotel is progressing. The plans prepared by Edwin Large of Markdale, show that the building will be a neat structure costing upwards of six thousand dollars. Mr. Large has also prepared plans for Mr. Geo. Mitchell for a neat brick block next to the Richardson drug store. The old cottage occupying the site is now being removed.

Seeding is progressing rapidly in this locality and will be over early. Mr. Price Taeter, we learn finished last week and put in a large crop. At the monthly meeting of the Mission Band in the Methodist church on Sunday afternoon last officers were elected for the ensuing twelve months as follows: President Miss Flossie Thurston; 1st. Vice pres. Mrs. Jos. Clinton; 2nd. Vice-pres., Miss Lily Boyd; Cor-sec. Miss Lulu Mitchell; Rec. sec. Miss Ruby Trimble; Treas. Miss Gertie Bellamy. Mrs. Thurston was chosen leader.

Dr. Carter was at Dundak a day last week assisting Dr. McWilliams perform an operation for appendicitis. The patient lives near Hopewille. Mrs. W. Trimble and daughters, Zilla and Ethel went to Owen Sound last week to hear Madame Albani, and were highly pleased. Mrs. W. Benthon of Buffalo arrived on Monday to see her mother Mrs. Smith, who is very ill. Mr. J. D. McRae of Woodbridge, took charge of Principal's Mansell's room in our public school last week and will remain until the latter who has been ill is about again.

Mr. Charlie Stewart who was visiting his parents here returned last week to his duties at Fort William.

Mr. Pete Norris has returned from a couple of months sojourn in Leeds county.

There has been much sickness among stock this spring we learn. Dr. Ottewill has been very busy for a few weeks.

M. J. Davis of this place received a letter from his sister Carrie G. Davis who was a resident of San Francisco at time of earth quake and fire. She escaped uninjured but considers her escape both miraculous and providential. Miss Davis has many warm friends in Flesherton who will be pleased to learn of her escape.

Mr. Edward Lindsay is employed with Mr. Hastie of Traverston at present.

Miss Bessie Atkinson was the guest of the Weir family one evening recently.

Mr. M. J. Staples visited friends on the south line, Glenelg on Sunday.

Darkie's Corners.

The Canadian Brand frogs have been quite active for the past week or two and are seemingly shut down for the second time.

The frame of Mr. Jas. Atkinson's new driving shed and implement building assumed an erect form a week ago Saturday. It went together well, size being 20x36 feet. Mr. Ben. Sharpe of your town had the contract and the building is now completed. Jas. is one of our most successful farmers.

Miss Julia Weir of Alliston spent the Easter holidays at the parental home.

Miss Bessie Atkinson arrived home from the Queen city a week ago Thursday. Somebody is glad.

Mrs. Whitmore of Lime Kiln Valley spent a few days the guest of Mr. and Mrs. Adam Watson recently.

Mr. Wesley McNally has returned from Hanover Furniture Factory, where he was engaged during the winter, and has taken up carpenter work again.

Miss Margaret Gun of your town visited at Mr. and Mrs. Adam Weir's a few days last week.

Misses Lizzie and Julia Weir accompanied by Miss Gun, visited at the home of Mr. and Mrs. John Weir one day last week. Mr. and Mrs. Jno. Hewitt visited friends on the south line Glenelg last Sunday.
