FIELD CORN at Parker's Drug Store.

MR. EWEN is building a house east of the school grounds.

DON'T fail to examine the latest ideas in dress shoes at Peel's.

PRINCIPAL ALLAN caught a trout last week that weighed an ounce over two pounds.

THE population of Meaford is 2370, and 101 dogs. The assessed value is \$970,460.

THE 75c. and \$1.00 shoe snaps are chances turned up at Peel's shoe store and are lucky hits for you.

CHRIS REAY of Allan Park advertises a stray heifer in this issue.

MR. Bert Stonehouse is erecting a house for himself on Mill street west.

MATCHLESS silver polish for sale only by P. G. A. Webster, jeweller, Durham.

MR. FRANK HIND has a house well on towards completion on Lambton street, east.

A GOOD large house and also a good garden to be rented cheap close to town.—Apply to William Wall.

WANTED.—Bench and machine hands for a sash and door factory. Apply to W. H. Clark & Co., Limited, Edmonton, Alta.

THE population of Owen Sound according to the assessment census is \$10,765, and the total assessed value is \$5,438,396.

THIS sounds like pretty big talk and it's meant to be. Peel's own make of shoes is guaranteed superior to all others in material and workmanship.

JUST received another shipment of our celebrated Heave Drops, the kind that cured so many bad cases of Heaves in this neighborhood, at W. Black's.

In another column we copy from the Hanover Post an account of the death of Sydney Willis. We learn since that Mrs. Willis died on Friday last, just a week after her husband.

FIVE Roses and Royal Household flour at \$4.90 per bbl. Other high grade Manitoba flour at \$4.40 per bbl. Choice family flour at \$4.25 per bbl. Also greatly reduced prices in groceries and canned goods. A. W. Watson, the up-town bakery.

WE congratulate Miss Ruth Johnston on her change of name as announced in marriage notice in this issue: Only a couple of weeks ago we referred to her departure to Portland, Oregon, but we didn't have the first idea then that she thought of committing matrimony. We wish her every success and hope she may never have reason to repent her action.

MR. A. F. McLAREN, M. P., of Stratford, left Wednesday for Karlsbad, Germany, in company with his medical attendant. Mr. McLaren has been ill for some time and hopes to be benefited by the trip. He met his constituents recently and expressed his willingness to resign his parliamentary position, but the idea was not entertained.

JACK MURDOCH has bought the handsome team of blacks from Mr. John Vollett and took possession Tuesday morning. We understand Mr. Vollett has not been feeling well for some time, which is his reason for disposing of the team. That Murdoch has made a good bargain we feel sure, as the team is one of the best in this part of the country and can be disposed of at a good figure any time.

THERE'S no particular certainty yet about the building of the C. P. R. though all sorts of rumors are afloat. One report has works started at the east end, another has it going on between Walkerton and Lacknow. A day or so ago it was reported that several Dagos, hundreds or thousands we don't know which, were going to start right away in town, but the scribe who swings the quill in this sanctum hasn't seen anything of their arrival. The line surveyed runs through the school grounds and cuts off part of the school building. This set the trustees a thinking and Secretary Ramage of the school wrote about it to head quarters at Montreal. A very courteous reply was received intimating that it would entail considerable cost to make any material deviations, and that changes in the present plans would entail cost and cause delay. Evidently the company means business and is anxious to get to work as soon as possible, but how soon that is we are unable to say at present. The crossing at the foot of Garafraxa street hill, as shown on the plan will be a very dangerous place especially for teams coming down from upper town. In addition to this inconvenience all George street will be taken up by the road and considerable property seriously inconvenienced by the course the road proposes to take.

A FEW days ago a telegram was received here by the Adam family announcing the death in Tacoma, Washington, of Mr. David Britton, only brother of Mrs. George Adam. Deceased lived in Bentinck about forty years ago and will be remembered by some of the older residents. For some time after leaving here he was engaged in Alpena in the saw mill business and accumulated a goodly share of property, but his whereabouts since leaving there fourteen or fifteen years ago was not known to the relatives here until his death was announced by telegram referred to. He was a bachelor.

SOME Durhamites say the livery horses here can't run away, but Norman Walpole says they don't tell the truth. On Saturday last one of his plugs which was left standing in front of the post office a minute or two, started on an excursion trip through the city via Garafraxa street to his master's barn. The animal struck a lively clip all the way, was going some at the finish, and came in first after an exciting chase. Joe Best was at the barn and succeeded after some trouble in quieting the brute, which was making frantic efforts to break into the coat box.

Miss Flora McArthur, of Glenelg, left on Wednesday morning last to visit her brother Neil McArthur at Bottineau, North Dakota. She will be absent for several months.

Mr. Gilbert McKechnie is around again after being forced to stay in for a couple of weeks from sciatica. He is a little shaky yet but will soon mend.

Mr. Joseph Corbett and daughter, Mrs. John Armstrong of Gravenhurst, arrived last week to visit friends in town and vicinity. Mr. Corbett is looking well and seems to be getting no older.

CEMENT NOTES.

After all the gush we had to listen to about bad marl, rotten marl, marl of no commercial value, etc., etc., ad nauseam, we are pleased to know that the present management moved the dredge into the condemned portion of the lake for two or three days and turned out over eleven hundred barrels a day. They pronounce the material all right and say they can use every shovelful in the lake and manufacture at a profit.

Stock is quoted at 43 but we hear a Listowel stockholder disposed of a thousand dollars worth of his stock at par. Stockholders will rejoice in the change from 16 quoted last November.

Further reports will be given from time to time.

Mr. S. F. Morlock is erecting a stable at the rear of his lot on Lambton street.

We congratulate Mr. and Mrs. Bean of the Big Four on the arrival of a baby girl.

THE residence purchased lately by Mrs. Jas. Redford on Garafraxa street is undergoing internal changes prior moving into it.

SIXTY dollars per share for Cement Stock in exchange for Manitoba land is offered in this issue by Mr. Addison of Hamilton. See his ad. on page 4.

A MEETING of the Farmers' Association will be held in the Varney school house on Friday night May 18th, at 8 o'clock. A full attendance is requested.—D. McILVRIDE, Pres.

THE local clergymen will change pulpits next Sunday as follows:—Mr. Farquharson in the Methodist church, Mr. Colling in the Baptist church and Mr. Newton in the Presbyterian church.

MR. LYAL G. IRELAND is reported in the announcement of the successful candidates School of Practical Science, Toronto, as having taken honors in the second year in mechanical and electrical engineering.

THE Epworth League of the Methodist church intend having an excursion to Niagara in the latter part of June. The date is not yet fixed but will be announced in due time. A similar outing last year was thoroughly enjoyed by hundreds who took advantage of it and many at the time expressed a desire to make it an annual affair. Those who were never there should make an effort to go even if it should cause them a little inconvenience to get away. Look out for announcements.

VICTORIA DAY IN DURHAM.

The Lacrosse boys have decided to hold a big demonstration here on Victoria Day, May 24th.

The scene opens at 11 a. m. by a huge Calithumpian Parade. At 2 p. m. an exhibition Foot-ball match will be played between Flesherton and Durham teams, and at 3.30 p. m. a Lacrosse match between the Lornes of Mt. Forest and the Durhams of this town. The day sports promise to be good, interesting and well contested and all lovers of athletic sports should make it a point to be present. Admission to the grounds 15c. and 25c.

In the Hall at night the Dramatic Club will give in excellent style that favorite Comedy "She Stoops to Conquer," the cast consisting of about twenty costumed characters in 17th-century style. This play was given some time ago to a delighted audience, but as the club have given the subject additional thoughts and practice their next effort will be much better than the former one. Admission 25 and 35 cents.

LACROSSE.

The delegates for Intermediate District No. 4, met in Mt. Forest on Friday evening last to arrange the lacrosse schedule for the coming season. Convener Kearns of Arthur called the meeting for 8 o'clock in the Queen's and at that hour representatives from Arthur, Durham and Mt. Forest drafted the following playing dates:

Arthur at Durham, June 8th.

Mt. Forest at Arthur, June 21st.

Durham at Mt. Forest, June 29th.

Arthur at Mt. Forest, July 20th.

Mt. Forest at Durham, July 27th.

Durham at Arthur, August 2nd.

Grand Valley, who was placed in this district by the C. L. A. was not represented, and the schedule was made up independent of them, it being learned they had dropped out.

Lacrosse in Durham has started out well this season. With a good line-up and good prospects for having a winning bunch the town people are being wakened up and once more the interest of bygone years is slowly reviving. The boys are devoting themselves to the game and practise is on every night. So far they show good form and though the weather has not been fit to get right down to business, from their performance in heavy apparel we do not believe there is a weak man in the team. Lacrosse must certainly boom this summer and from present indications, we have as good a line-up as most amateur teams can boast of. Now for the opening of the season.

Mr. S. F. Morlock is erecting a stable at the rear of his lot on Lambton street.

We congratulate Mr. and Mrs. Bean of the Big Four on the arrival of a baby girl.

THE residence purchased lately by Mrs. Jas. Redford on Garafraxa street is undergoing internal changes prior moving into it.
