

THE TWELFTH AT HANOVER.

The 216th anniversary of the Battle of the Boyne was celebrated in Hanover on Thursday last.

After a very happy introduction, the Post reports as follows:

About 1 o'clock the lodges commenced to get into line, and from the following list the dimensions of the parade can be realized:—

Table with columns: Name, No., Value. Includes Hanover, Allan Park, Brant, Tara, Purple Hill, etc.

AT THE GROVE.

The speaking took place in the beautiful grove to the north of the town where a temporary platform had been put up.

Mr. Thomas Archibald of Arkwright, County Master, occupied the chair. He opened the proceedings by calling upon Dr. Mearns, the Mayor, to address the meeting.

Rev. Mr. McLachlan congratulated the brethren on the successful demonstration. He modestly withdrew the purpose of making a speech, but during the few minutes he was on the platform, told with a good ring in his voice, what a great land we have in Canada, and how thankful we should be for the British flag.

Mr. T. I. Thompson of Owen Sound received a hearty reception. Many of the faithful seemed to have heard him before, and were not disappointed because he cannot only tell a good story, but give an eloquent speech. He took his sympathetic hearers over the historic ground from the notable landing to the successful Boyne, and drew pen pictures of the events as he proceeded of both friend and enemy.

Rev. T. G. Wright, rector of St. Thomas church, Walkerton, made a very earnest and incisive speech on the significance of the rod of Aaron to the stirring gathering present. He depicted the great occasion when Moses led his people from Egypt. In a powerful way the speaker impressed upon all Orangemen present the necessity of considering earnestly the meaning of this incident.

Mr. D. M. Jermyn of Warton, Past Grand Master, referred to his visit to the historic Battlefield of the Boyne a few years ago. He then spoke of the origin and spread of the Orange Association throughout the world. There are to-day 61 Grand Lodges in the world. In Ontario there are two Grand Lodges. The Grand Lodge of Ontario West consists of two primary Lodges.

NOTES.

Tara was presented with a sum of money for having a brass band accompany them. It was eighteen strong and made a creditable showing.

The Sarawak men won out for the best dressed society. They wore natty red coats and were a fine looking body of men.

Arkwright secured the prize for the largest number in the procession and Cape Croker for coming the longest distance.

Elisnore got first, Purple View second, and Bay View third in the race and drum competition. Messrs. Harry Wisler of Chesley, and George Vogt of Warton, acted as judges of this event.

The demonstration in toto was very creditable to Mr. Andrew Martin, Master of the Hanover Lodge, and the others who were associated with him in the management, principally, perhaps, A. Magwood, J. C. Devlin, Jas. Fursman, and M. Campbell.

Holstein.

Mrs. A. D. Prior, of Toronto, and formerly of this village, accompanied by her daughter, Miss Olive, are spending a short time with friends here.

Quite a number of the villagers took in the sights at the Falls last Friday. A few remained over till Saturday.

R. E. Mickleboro left Tuesday morning on his return trip to Regina after spending a few weeks with friends here.

Wm. S. Thair, who has been in the employ of John Waddell for the past five years, has decided to seek his fortune in the great West, and to that end left Tuesday morning.

The thunder storm Saturday was quite severe in this locality and some very narrow escapes were experienced but the shower came and more good resulted.

Mrs. John Morrison accompanied by her daughter, Mrs. Brown, and Miss Grimshaw, of Oner, Michigan, are the guests of Mr. and Mrs. Geo. Freeman.

Geo. Freeman has decided that he has not power enough in his mill and has therefore purchased a large boiler and is at present having it installed.

Mr. Isaac Traynor, P. L. S., of Dundalk, was on duty in the village in connection with the new walks. The levels have been all taken and the places are being prepared.

Our town sports are in great demand at present and always endeavor to accommodate all. On Friday, of last week they divided up and sent a football and baseball team to Wood land picnic. They were defeated in B. B. by a score of 12 to 16 but in the football they managed to hold it even. On Monday evening of this week the return matches were to have been played here, but only a few of the opposing teams appeared.

The eighth annual convention of the Egremont Township Sabbath School Association was held in the Presbyterian church here on Thursday of last week.

The officers for next year are Pres., J. R. Chip; Vice-Pres., Mrs. W. H. Sim; Sec. Treas., Jno. Sinclair. Next place of meeting to be the Fairbairn church.

THEY WERE UP ALREADY.

Talking of the boat trip across from Toronto to Niagara on the excursion last Friday reminds us of a story we read lately. Here it is: Marshall Wilder was talking about the new type of Atlantic liner—the huge, broad-beamed boat, with elevators, grillroom, gymnasium, restaurant and roof garden.

HE WAS INDEPENDENT.

Rome was not built in a day, neither was Solomon's temple built without the help of an army of laborers; and as a general rule buildings nowadays require a great host of mechanics of different kinds.

SHE TOOK NO RISKS.

"Have ye any gud piannies?" she asked, as she stepped into a piano room. "I want one for my darther, who is comin' home from th semetary wad a finished education."

"What style of instrument do you prefer?" said the clerk.

"Och! never a happorth do I care about the shoitles, so long as it's a strong case. Have ye any wid iron cases?"

"No ma'am, but all our cases are made extra strong."

"How much will ye take for that piannie?"

"Four hundred dollars, ma'am.

"Do ye sell on the slow-pay plan?"

"Yes, occasionally we sell to reliable purchasers on the instalment plan."

"Will ye throw in a cover and stool?"

"Hardly fair to ask it, ma'am, but we'll throw in those articles this time."

"An' a buk o' music?"

"Yes, we won't be mean about it."

"Now, if ye'll insure the piannie I'll take it."

"Well, really, ma'am, the purchaser usually insures the instruments, but to close the bargain, we'll insure this piano, and take all risks."

"Ye see, between me and you" she said, after she had made her mark on the necessary papers, and deposited the first instalment receipt in her bosom, "I'm glad to feel aisy about the insurance, as I want to get the better of me old man, who took an oath that if I brought a piannie into the house he'd smash it up wid an ax."

PASSING OF MRS. GEORGE HOLLINGER.

A long life, filled with much activity and usefulness and brightened by many good deeds, came to an end in Hanover early Monday morning with the passing of Mrs. George Hollinger.

A MONSTER SNAKE.

John Marshall of Mulmur killed a monstrous milk snake the other day which fact having been casually mentioned in the hearing of Elias Leonard recalled to that gentleman's mind a snake which he saw drop from the clouds a good many years ago.

PERFECTLY NORMAL.

A journalist visited an insane asylum to get material for an article and was shown over the establishment by one of the inmates who was so intelligent that it was almost impossible to believe he could be out of his head.

NEARLY A FATALITY.

Thos. White of Caledon and a lady friend from Orangeville and Dr. Babe of Shelburne were in a bad mix up opposite Harry Christie's farm on the second line on Sun-ave last.

White was driving to Shelburne and Dr. Babe was returning from making a call. Mr. White was ahead and when Dr. Babe drove up the former turned out to let him pass.

By not as he was doing so White's horse started to run, and in trying to hold them the buggy wheels dropped over the end of a narrow culvert.

Dr. Babe and the young lady were thrown out. The horses then ran away. Dr. Babe, being ahead, drove across the road to stop them.

The horse jumped right into Dr. Babe's buggy, smashed it to pieces, ran over him and took up the road at a terrific speed.

They soon got loose from the buggy and turned at 25 side road and were caught later on by C. McGuire. Mr. White's buggy was not damaged much.

Fortunately none of the parties in the mix up were hurt but they had a very narrow escape. How Dr. Babe escaped being killed is a mystery—Shelburne Free Press.

More Deadly Than Famine.

Neglected catarrh sooner or later causes consumption which destroys more human beings than famine and war combined. The way "Catarrh" cures catarrh is very very simple; it first kills the germs that cause the irritation; then by soothing away the congestion and inflammation it cures the discharge, hacking and droppings in the throat.

A HOLIDAY WITH HER.

Every twenty-four h. of May he makes it a point to take advantage of the reduced fares to come a hundred miles home to his native village. There is scarcely anyone to welcome him, for his family, root and branch, have faded away and are gone.

And that is why he comes home, for there is no one to look after his mother's grave. The church would never have been built had it not been for her, but they have forgotten that, and thus it is that he comes home on the twenty-fourth of May to fix up her grave after the winter, and to trim the shrubs, and to set the leaning tombstone straight.

And back he comes on the first of July to lay a wreath upon that grave and to perfect the work of a few weeks before. So you see holidays have their diverse uses.

Such a holiday is a pleasure and a pain, and there is nothing so sweet in life as that which is half a pain and half a pleasure—The Khan
