The July meeting of the Women's Institute was held at the home of Mrs. D. Hamilton. A large number were present and all subjects were well discussed, principally "Canning of Fruits and Vegetables." It was decided to continue this subject at the meeting to be held at the home of Mrs. Andrew Scott on August 2nd. The Institute pins have arrived and those desiring them may get them at the August meeting.

We regret to learn that Mr. Robert Smith, of this town, had the mishap to have his portable sawmill, shingle cutter and other machinery destroyed by fire on Tuesday last. He was working near Hampden, in Normanby and the accident, which is supposed to have started at the furnace, occurred during the dinner hour. As there was no insurance the loss will be a heavy one on Mr. Smith. We regret the loss and hope his more fortunate neighbors will give the matter more than a passing thought and an verbal expression of sympathy.

On Sunday last, July 29th, The Rt. Rev. David Williams D. D., Lord Bishop of Huron visited Trinity church and admitted into the full membership of the church, through the apostolic rite of confirmation, thirty-six candidates who were presented by the Rector, Rev. A. A. Bice, B. A. As this was his Lordship's first visit to the Parish, much interest was taken and although it continued to rain from early morning the church was filled to its utmost capacity and many were turned away disappointed. His Lordship chose for his text John xviii: 36 "My Kingdom is not of this world." His address, pregnant with wholesome advice, sound sense and spiritual teaching will not soon be forgotten, and the congregation of Trinity Church and Egremont will eagerly look forward to his next visit in 1907.

PROF. Pember of Toronto will be at the Knapp House on Saturday August 11th, with a fine display of hair goods. See his ad. in this issue.—2

The Garden Party at the manse grounds Tuesday night was a grand success. A large crowd was in attendance and the grounds were tastefully arranged. A good program of instrumentals, quartettes, glees, solos and recitals, as well as a number of spirited selections from the band enlivened the evening. The proceeds amounted to \$100.

MR. ALBERT MEARNS of Normanby, called at our Sanctum Tuesday with hide of a link he captured the previous evening. The animal was evidently two feet high when alive and fully four feet long. With one exception the claws were left with the carcass. The one attached to the hide had quite a curve on it and was so sharp as to show the animal capable of doing good execution. Mr. Mearns in some way treed the animal and kept him there till his brother went to the house for a gun with which he was despatched. Mr. Mearns prizes the hide which he left at Smith's tannery for treatment. We thought the days for such ferocious looking creatures in this country had long since passed away, but evidently an animal of the pioneer days may yet be found occasionally.

MARRIED IN TRINITY CHURCH.

Wednesday morning was bright and cheerful and before the blowing of the six o'clock whistle a number of ladies and a few gentlemen of the town had assembled in Trinity Church to witness the tying of the nuptial knot by which Dr. A. Walter Park and Miss Amelia (Amy) Meredith were made man and wife. The estimable young couple are natives of this vicinity, and for some time it was an open secret that in the early future they would join heart and hand to travel together through the journey of life.

The ceremony was performed by Rev. Mr. Bice, and after he had pronounced his blessing on the new made couple, the ringing of the bell announced to the citizens the springing into birth of a new household.

The groom is a medical practitioner of Cochrane, Alberta, son of Mr. Jas. Park, of this vicinity. The bride is the youngest daughter of Mrs. Meredith of this town and for some years has been an energetic, painstaking and successful teacher, resigning her position in the school here to unite her life and her love with the man of her choice.

The church was beautifully decorated by the lady friends of the bride, who all admired her for her real sterling qualities. The marriage ceremony was short, simple and effective, the presents were numerous and congratulations sincere.

Among the presents were, a handsome silver bake dish from the teachers of Durham School, beautiful table linen from the members of the choir, a five o'clock china tea set from her Entrance Class and a handsome fern dish from pupils and officers of Trinity Church Sunday School. The groom's present was a handsome piano, awaiting their arrival in their Western home.

The bride's going away dress was of light green silk, made Eton style with vest of point de esprit and Dresden silk. Her hat was cream Milan straw trimmed with dark green velvet and wings with crimson roses at the back against the hair.

After the wedding breakfast the young couple 'mid showers of rice, took the morning train for their home in sunny Alberta where we hope they may enjoy a life of sunshine. They intend to visit friends in Toronto, Fort William, Winnipeg and Regina before taking up their own home at Cochrane, Alberta, which they intend to reach by the 15th inst.

DIVIDEND DECLARED.

36,000 Barrels Manufactured in July.

The Cement Company's report for July will be gratifying to the stockholders. The output for the month is the greatest in the history of the mill, and we are informed is the largest ever made by any eight kiln plant. The number of barrels manufactured was 36,500, and the quality of the product maintains its usual high standard.

At a meeting of the Board of Directors held on the 27th of July, provision was made for the payment of \$75,000 debt and a dividend of 5% was declared. The dividend is payable the first of September and the transfer books will be closed on the 15th of August. Orders are pouring in rapidly and the price of cement is looking better for full delivery. Managing Director, R. H. McWilliams, informs us that he hopes to increase the output of the plant very materially before the close of the season.

OBITUARY.

Another of Glenelg's well-known pioneers passed "Over the River" on Thursday morning, July 19th, after some months of poor health. The departed was born in Co. Tyrone, Ireland in 1827 and twenty-five years later came out to Canada. In 1857 he wedded Miss Fanny McCallum, who still survives him. The union was one of life-long helpfulness and harmony. To them were born eleven children, three of whom died in infancy. The surviving members are, Mrs. John Moffat, Pinkerton, Mrs. Alex. Binnie, Durham, Mrs. I. Petch, Edmonton, Mrs. Thos Turnbull, G. R., Mrs. John Little, Dundalk and Miss Maggie at home. The sons are Robert on the homestead, and Archie who lives on the lot where the family were born, a short mile away and who at present is away out west. The funeral took place on the Monday following and was a very large one, the Rev. Mr. Farquharson conducting service at the home and by the open grave in Saugeen cemetery. The deceased was a man of untiring energy, a model of neatness in field and garden, of sterling honor and as a neighbor always ready to help. In politics he was a Liberal Reformer and in religious faith devout and true to the Presbyterian Church. The sympathy of a large circle of neighbors goes out to the bereaved members.—R. T. E.

CARD OF THANKS.

I beg respectfully to tender my sincere thanks to the Grey and Bruce Mutual Fire Insurance Co. for their exceedingly prompt settlement of my claim against them for loss through the burning of my barn and contents. The barn was struck by lightning and completely destroyed on Friday last, July 27th, and the Company paid over the full amount of claim on Saturday, the 28th inst., less than twenty-four hours after the accident.
