DURHAM CHRONICLE

W. IRWIN, Editor and Proprietor.

DURHAM, AUGUST 2, 1906.

The growing interdependence of the Provinces of this Dominion must be apparent to all. The product of one is a necessity for another. Not alone are the eyes of the Eastern Provinces, but those of every country in the world, directed to the almost phenomenal wheat producing qualities of Manitoba, Saskatchewan and Alberta. Every hamlet, concession and sideline in Ontario has contributed to the settlement of these fertile western Provinces. The crops, according to the Governmental reports for this season, if safely harvested and garnered, will far surpass previous years in quantity and quality.

It is estimated 20,000 farm laborers will be required from the older provinces in assisting in the harvest of their wealth. The sons of the West are now urgently appealing to the parental and patriotic instincts of the farmers of the East to send every strong, able-bodied man they can to aid them in this work of national importance.

The Canadian Pacific Railway has made the wonderful growth of the West possible. In the saving of the wheat and other crops, the interest of Canada and the Canadian Pacific are identical. The latter is Canada's National highway. It has announced that on Aug. 14th, 17th, and 22, it will transport from different territories in the East farm laborers to the Canadian North-West at the nominally low rate of twelve dollars; in fact this National Highway is offering an inducement to European farm laborers by making an exceptionally low rate over its Atlantic steamship service in connection with its railway lines. It now remains for the Ontario farmer to show his pride in the growth of his nation by co-operating with the Canadian Pacific in sending every available able-bodied man he can to the West.

Kill's Catarrhal Germs.

Breathe Hyomei a Few Times Daily and Be Cured—Goes Right to the Spot.

In treating catarrhal troubles, the first thing necessary is to kill all catarrhal germs that may be present in the nose, throat and lungs, thus freeing the system from the poison that they produce.

Stomach dosing cannot kill these germs. A direct local treatment is absolutely necessary, and for this purpose nothing else equals Hyomei.

Its base is the famous eucalyptus oil. This is combined with other healing balsams, making a germ-killing health-giving treatment for catarrh, entirely unlike anything else known. When using Hyomei the air you breathe is like that on the mountains, high above the sea level, where the pine forests fill the air with fragrant and healing balsams that give health and healing to those suffering from diseases of the respiratory organs.

Breathed through the neat pocket inhaler that comes with every outfit Hyomei reaches every tissue of nose, throat and lungs giving immediate relief, and effecting a permanent cure in the worst cases of catarrh.

The complete outfit, consisting of an inhaler, medicine dropper, and one bottle of Hyomei, costs only \$1. Extra bottles can be obtained for 50 cents.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write to-day for consultation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomei Building, Ithaca, N. Y.

Varney.

Well, since we last wrote the glorious 12th has come and gone. There was a large number went to Hanover to spend the day. As far as we can hear they were not very well pleased the way they were treated and will not be likely to go again unless hay is cheaper. The opinion of most people is that 25 cents is outrageous for hay for one horse and tied outside at that.

Irene Trotter has returned to her home in Toronto after spending six or eight weeks very pleasantly with friends in Varney.

Miss Alice Ramage, of your town, was visiting at H. W. Leeson's and Albert McClinton's for two or three days.

Mabel Pettigrew returned to Toronto after two weeks at home. Her sister Ethel returned with her to try her fortune in the Queen City.

Mr. and Mrs. Mitchell from Chicago, were visiting at Mr. Z. Clark's for a few days. Mrs. Mitchell is a sister of Mr. Clark and it is about 25 years since they saw one another. They both have changed a good deal in that time. Mrs. Mitchell didn't know her brother when she first saw him.

We are pleased to see that Mrs. A. McClinton is around again after quite a severe illness.

One of the liveliest nights that Varney has seen for some time was the night of the wreck on the Grand Trunk. One thing that made it lively was the torch light procession by the Baptist picnickers from Durham which took place from Bryan's sideroad around to the Varney station where they were loaded in two box cars, the crowd that gathered a sound hollering "Shoo, shoo!" as if they were loading sheep. After that a large number watched the 100 or more men clearing away the wrecked cars from the track which they completed ready for the train to pass over by 5 o'clock in the morning.

I wonder which one of the girls is responsible for Adam Hillis going to sleep and letting his horses run away. Well, we don't know whether Adam was asleep or not, but the horses ran away all the same. They started with the wagon and rack and hay rake hitched on behind at Lennox's sideroad and got as far as Varney with the wagon and rack but left the rake on the road. Wm. Long assisted by McCabe stopped them from going farther. No damage was done except a number of pickets torn off R. Petty's fence.

Miss Pearl Burnet, of your town, spent a few days visiting her aunt, Mrs. J. W. Blyth.

Oscar Best is stryng with his aunt Mrs. R. Allen, at present.

Jim Blyth has erected a new wire fence around his orchard which adds to the appearance of the place. The wire was supplied by Wm. Connor.

Mrs. Best from Palmerston was the guest of her sister, Mrs. R. Allen, for a short time last week.

Jas. Hoy received a very severe kick from Pioneer Colten while cleaning him on Wednesday morning last. The blow was so heavy that it knocked him out of the stable door and Jim now requires a cane to walk with. He says he never knew the horse to do the like before, he also says it is the worst he ever got, but it might have been harder. We are pleased to see him getting over it so well. One needs to be careful while around that kind of horse as they are not to be trusted, but if anybody knows how to get along with them it is Jim.

Miss Andrew from Brooklyn, New York, is visiting at her aunt's Mrs. H. W. Leeson's, at the present time.

Aggie and Allie Dunn came home from Toronto on Wednesday to spend their vacation for a couple of weeks with their parents. We are pleased to see them around Varney again.

The Epworth League was with drawn on Sunday night and held on Monday night so that the members could attend the Confirmation services in the Church of England in Durham and a large number drove up and some of them could not get in the church was so full.

Reddy was complaining of a sore neck for a few days. He said that the sun had burned it, but some of the boys think that it was the daughter.

While we were busy painting our barn doors red the other day Billy Prew and Wilbert Blyth came along, and I asked Billy if he wanted to be painted red and he said no, that he would prefer Black, and that he thought Wilbert wanted Brown. So I couldn't get a job as my color did not suit.

Berry picking is all the rage among the fair sex at the present time, but we don't mind eating a few cold dinners so that we can have lots of berries in the winter time.

We congratulate Miss Mildred Leeson on being successful in passing the Normal course. Miss L. was a good teacher and with a year's experience at the Normal we can assure any school board that they may consider themselves lucky if they can secure her services. We wish for our friend, Mildred, the greatest success.

The theme that the Rev. Mr. Sanderson preached from on Sunday last was "Christian Growth." His text was from 2nd Peter, 3 chapter and 18th verse: "But grow in grace and in the knowledge of our Lord and Saviour Jesus Christ. It was well thought out and very instructive and helpful.

Junior Lacrosse.

DURHAM PUTS IT OVER MARKDALE TO THE TUNE 9 TO 2

On Tuesday evening our Junior lacrosse team crossed sticks with a lar aggregation from Markdale on agricultural grounds here and without much difficulty.

Referee Kelly, of Markdale, blew whistle about seven o'clock, and teams took their positions to battle supremacy before a rather small crowd of admirers of our national game.

The visitors started out well, showed signs of putting up a leg game. In about ten minutes they bulged the net and placed themselves in the lead. This ended scoring for the quarter.

In the second quarter Edwin found the net twice and Markdale to be satisfied with second place the score stood at half time, Durham 2, Markdale 1.

The third quarter was rather sided. Fred Smith, who is always "good at home," got busy and the nets for four goals.

The last quarter was more free Durham gave the visitors an opportunity to score which was accepted. Markdale was forced to allow locals to add three more goals in quarter, thus winning the game 2 to 2.

The play, at times, was rather the visitors showing the spectators the hillside that they could use to stick, even when away from home.

The Durham team was composed the following players:

Goal, Robert Hughes; Point Hunter; Cover Point, A. McPeck; Defence, G. Duncan; 2nd Def. A. McCorb; 3rd Defence, D. McMen; Centre, G. Burnett; 3rd F. E. Glass; 2nd Home, A. Saunders; Home, "Peck" Darling; Inside F. Glass; Outside Home, F. Smith.

Robt. Hughes played in the Durham and stopped some dangerous attacks on his citadel.

Hunter, Duncan and Edwin, shone brilliantly, and were a in it.

"Peck" Darling found a fine his opponent and wouldn't leave. When his check was sent to him he would accompany him also rest.

BETWEEN THE FLAGS.

The best lacrosse team that Durham is the one that is playing Arthur to-day against the Tig that town. It our boys lose v certainly take off our hats and date the aggregation of A than will have her full t a great game is assured. A of citizens accompanied on their mission.

Our fast intermediate lacrosse played an exhibition game Dundalk on July 19th. The s 8 to 3, and our boys got the su of the tally, owing to the team not being able to go. Ho our boys decided that it wou shame to defeat the Dundalk their own grounds and didn't let selves out until the last quarter they played their opponents of feet. Our boys "enjoyed" the j to and fro.

A C.L.A. lacrosse match wa to be pulled off here on the agral grounds between the "hasbe Mount Forest and the Durh Durham. At the eleventh h Forest called up the Manager Durham lacrosse club on t and in a feeble tone "brok that the Lornes could not s way clear to play in Durha would have to forfeit the gam boys were, to say the least, dis ed, and many were the short-s prayers that went up in favo town to the south of us for the of promise" she made by not the engagement.
