ROUND ABOUT US.

We overlooked mentioning last week the accident that Miss Maggie Badjeros met with a week or so ago. She was engaged in cooking dinner when her apron took fire from the stove, and before the blaze could be stopped she was badly burned about the shoulders and body. Her hands were also scorched in her efforts to quell the flames. It will be several weeks before she is herself again, so severe are the injuries. Miss Colgan, who was in the kitchen at the time, also suffers from burnt hands as a result of helping Miss Badjeros out of the difficulty.—Dundalk Herald.

Mr. Harry Nelson, editor of the Chatsworth Banner, has discontinued the paper and is preparing to move to the West. Last Tuesday evening the Chatsworth I. O. F., of which Mr. Nelson was an esteemed member, presented Mr. Nelson with a valuable gold watch, as a token of their appreciation of his faithful services in connection with the work of the Order. The Chatsworth lacrosse team, of which Mr. Nelson was a member for many years, also presented him with a tangible token of their regret at his departure. The Sun hopes that success may follow Mr. Nelson to his new sphere in the West.—O. S. Sun.

A funny thing occurred on the farm of James Cavanagh, gravel road, in the hurry of the hay operations last week. He had been in town one evening with his wagon and while here lost a nut off the axle. He did not miss it till about to start drawing in hay the following morning. There was then no time to lose so he ventured with the first load, took in the second and continued drawing all day long and the wheel didn't come off. In the evening Mr. Cavanagh came to town for a nut and ran up against Mr. R. C. Howell who had found the one he had lost the previous day. Mr. C. says he will vouch for these facts and we have no reason to dispute his word.—Dundalk Herald.

Reading, writing and spelling, we say it regretfully—are no longer taught in the schools of our land. Young men and women who seek instruction in telegraphy, stenography and type-writing, although of good ability and general information, are lamentably deficient in the fundamentals of the English language. This every newspaper man will stand ready to vouch for from experience. The schools no longer give the common rudiments the attention they should—too much attention is given the higher branches before the common ones have been mastered. Reading is badly neglected. Girls and boys attending the public schools should be thoroughly drilled in reading aloud. This should not be neglected.—Ex.

The sad news was received in Priceville and Flesherton on Tuesday of the death while bathing of Willie Tryon, the 15-year-old son of Mr. and Mrs. Geo. Tryon, who was living in Detroit with his elder brother, Donald. The lad was bathing on Monday in company with about 200 others and took heart failure and sank in about six feet of water. The body arrived home yesterday and interment will take place at Priceville to day (Thursday) at 2 p. m. The boy's father was at Akron, Ohio, at the time and the mother was alone at her home in Priceville. A sister, Masie, a nurse in Detroit, started home immediately after the accident to break the news to her mother. The deceased boy was a brother of Mr. C. Tryon, painter, of Priceville and Flesherton, and had been living in Detroit since last fall.—Advance.

There was a rather interesting time at a farm house west of Shelburne on Sunday morning last, says the Economist, over the possession of a 6-year old boy. The father of the boy, who is said to run a fruit farm near St. Catharines, was deserted by his wife last year, who took their two children with her. The father regained possession of one child several months ago and recently learned that the other, a boy about 6 years of age, had been left by the mother with her brother west of Shelburne. He accordingly arrived here on Saturday night last. On Sunday morning he engaged a rig and, accompanied by Constable Brandige, drove out for the boy, whom he secured without any great difficulty. Driving back to town he reached here just in nice time to board the south-bound steamboat express with the boy, who was minus shoes or stockings. The boy's uncle came to town in hot pursuit, but he was too late—the train had gone.

The big steam shovel and a small engine are being taken across from Flesherton Station to Priceville this week. The work began on Monday. A track is laid on the highway by a gang of twelve men and the big machines travel by their own power. When they arrive at a hill or heavy grade a bawler is thrown out ahead and they pull themselves up. Down a hill the bawler is thrown out behind and they are let gently down. The steam shovel was partially dismantled before operations began, the huge scoop and crane being taken across on drays. On Monday about half a mile was made and it will likely be Saturday before the machines arrive at Priceville. A company of half a dozen surveyors are now engaged between Priceville and the junction. They were working on Sunday at Priceville to the horror of many good old Presbyterians—and Methodists too, of course—who do not look upon this haste as a good omen.—Flesherton Advance.

Mr. and Mrs. Jas. Durrant, of the 12th concession, on Tuesday of this week, celebrated their golden wedding. All the members of the family were present, being Alvin, of this village, John and James of this township, Mrs. John I. Orchard, also of Egremont, Mrs. Murdoch, of Owen Sound, Mrs. Moses, of Toronto, Mrs. St. Ledger, of St. Paul, and Mrs. Knight, of Denver, Col. One daughter, Mrs. Runciman, has joined the great majority. The bride and groom of fifty years are now enjoying good health, and are preparing to retire from active life by building a dwelling house in this village, to which they will be welcomed by all the citizens. May they be blessed with continued good health and live to celebrate their diamond wedding.—Holstein Leader.

The people of Durham are up in arms because the C. P. R. in passing through the town is crossing certain streets that the citizens don't want a railway to cross, and going through the school grounds that have been consecrated to the cause of education. The people of Durham, it would seem, are hard to please in the matter of railways. In days gone by, the late George Jackson, after much negotiation, succeeded in securing a charter to build a line from Durham to connect with the old Northern, which ran from Toronto to Collingwood. It was going ahead all right, but when the line had been surveyed it ran through lower town instead of upper town. The upper town people resented this and created such a racket over it that the line was abandoned altogether. Later an effort was made to secure a branch of the narrow gauge, but owing to local jealousy the people of Durham went out in an organized body into Bentinck and advised the people of that township to vote against the bonus. This advice was taken and the by-law was defeated. This put an end to that project. Whether they will be able to scare off the C. P. R. or not remains to be seen.—Walkerton Telescope.

Why Chest Colds are Dangerous.

They lead to pleurisy and pneumonia. Follow the advice of W. H. Powles of Powles's Corners Ont., who says: "I used to be subject to attacks and although I used most everything nothing relieved quickly till I discovered Nervilleine. I have used it for pleurisy and sore chest and found it just the proper thing. For lumbago or Neuralgia it's quick as lightning. I cheerfully recommend Nervilleine." Strongest, cleanest, most pain destroying liniment on earth is Polson's Nervilleine, 25c. bottles sold everywhere.

Dornoch.

A case of unusual interest was tried here recently before D. A. Smith and Hugh Riddell Justices of the Peace. The plaintiff in the case was Mrs. Geo. Miller and the defendant her husband to whom she had been married only about a year. To this couple a child had been born three months ago and it didn't please his lordship because the child was a girl, and he was alleged to have abused the infant. Several witnesses were called and the magistrates deciding the husband was guilty let him off with a fine of twenty dollars and costs and two months in jail. The costs have since been paid. The evidence showed the treatment to be brutal, marks being visible on the little child's face and on different parts of the body.

Miss Jessie Reid, after spending her holidays at home in Toronto, resumed school duties on Monday last. Miss Darcy, teacher in the separate school returned from her home in Seaford and is again on duty.

Messrs. T. Corlett, Geo. Hay, Angus McIntosh, Arthur Dargavel, Walter Horsburg and Alex. Fletcher left on the Excursion to the West last week. We wish them great success.

Mrs. Geo. Twamley and son, and her sister, Miss Boyce, of Crawford, left last week with a load of settler's effects to join her husband in the West. The comfortable farm they left is now for sale.

Mr. Cameron McIntosh head master of the Model School at Athens (formerly Farmersville) is holidaying with friends here. We prize Mr. M. very highly and feel pleased to know of his success as a teacher and student.

Dr. J. L. Smith attended the High Court meeting of the I. O. F. at Orangeville, and reports a pleasant fraternal visit.

Mr. Geo. Corlett of Kansas is spending a few weeks under the parental roof.

HEALTH FOR RUN-DOWN WOMEN

From the experience of Mrs. Jno. Panke, Saskatoon, nothing compares with Ferrozone. "At times I was confined to my bed and couldn't do any work. I was run down in flesh, lost strength, my appetite failed, my color was pallid. Weary and cast-down, it seemed I couldn't catch up. Ferrozone started a new kind of life in my blood, built me up, vitalized and strengthened my nerves and finally cured my heart and stomach pains." Ferrozone is a re-builder that has special virtue in female ailments. Sold everywhere in 50c. boxes; try Ferrozone.

FOR SALE.—A good second hand Bell organ. Apply to Wm. Jackson, Bunnassan—3 pd.

Municipal Notice.

Notice is hereby given that the Municipal Council of the Township of Glenelg, in the County of Grey, will at the meeting of the said Council to be held on

Saturday, 15th Day of Sept. A.D., 1906 or at some subsequent meeting of the said Council, proceed to pass a By-law to provide for the closing up and authorizing the sale of the following portions of Streets in the Village of Priceville, within the limits of the said Municipality of the Township of Glenelg, namely:—

In the Government Survey of the Village of Priceville, that portion of Harvey Street lying between Town Line Street, and the Western limit of the Town Plot of Priceville, and that portion of Glenelg Street, lying between Elgin Street and James Street, in the said Village of Priceville.

All persons whose lands may be prejudicially affected thereby will take notice and govern themselves accordingly.

Dated this 13th day of August, A. D., 1906.

J. S. BLACK, Clerk of the Township of Glenelg.

Fall Term Opens Sept. 4th
