More than one best?

When you ask your grocer to send you the best flour, he sends you—his best. When you know the best flour and order by the name, the choice is not left to the grocer. Many grocers handle

Royal Household Flour as their leader. They have found it the safest flour to recommend because its results are sure and its purity is unquestioned. If your grocer's best is not Royal Household, insist on his getting it for you. The benefit will be mutual.

 QUAKE CHANGES CURRENTS.
 May Account for Three Wrecked Vessels in the Pacific.
 New York, Sept. 18.—Shipping men were much interested to-day in a cable despatch from Tokio, which stated that the Canadian Pacific Railway Company's steamer Empress of China, on arriving there Sunday, reported that considerable changes have taken place in Pacific Ocean currents. They regard this as accounting for the stranding of so many steamers in the Pacific recently in the vicinity of the Hawaiian Islands. The Tokio despatch adds that the report of tidal changes harmonize with the Kobe Observatory's report of a great earthquake in mid-Pacific, which preceded the convulsion at Valparaiso by several hours, and is believed to have made important changes in the bed of the ocean.

Traverston.
 "Earthquakes in divers places are causing dry pastures in old Ontario," so saith the seer, S. L. M. Luke who has been doing a good trade in seed grain this autumn.
 Conductor Lavelle and wife holidayed last week at the hospitable home of the latter's mother, Mrs. Peter Neil's.
 Mrs. G. Rutherford and two children of Galt suburbs, returned home last week after spending a fortnight with the Nelson family. The day of her arrival Tom's horse took fright at a roadside cart, threw them all out and smashed the buggy to smithereens. Tom has quickly replaced it with a handsome new one.
 A pioneer landmark has been removed. Old "Zion" erected fifty years ago was recently sold by the church Trustee Board to Mr. John McNally, of the 6th con. Many a life was changed within its sacred walls.
 Miss May Robson, book-keeper, of Wingham, is home for the holidays.
 Will Jack had a wagon over forty years old and in generously loading her up at our sand bee, can ed her days of usefulness to be over. He bought a new Bain one since from McQueen, of Durham.
 Mr. M. Burke, of the 4th con., is getting his new home into shape. It will add to the appearance of that end of the line.
 George Peart isn't pulling down his barn to build greater, but is adding a big straw shed to his already commodious buildings.
 For good workmanship, gay railery and genial good fellowship, Messrs. Will Moffat, Jim McIntyre and Will Thompson, masons, who are hustling us at present, are hard to beat.
 Mrs. J. J. Peart spent a few days recently visiting among relatives in Bentinck. Her hubby J. J. and Mr. Jim Nelson go up to Owen Sound this week as jurors.
 A very heavy hail and rain storm passed north of this neighborhood on Saturday afternoon.

WAS A VERY SICK BOY.

But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.
 "When my boy was two years old he had a very severe attack of bowel complaint, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy we brought him out all right," says Maggie Hickox, of Midland, Mich. This remedy can be depended upon in the most severe cases. Even cholera infantum is cured by it. Follow the plain printed directions and a cure is certain. For sale at Parker's Drug Store.

GRIDIRON OF TELEPHONES FOR MANITOBA FARMERS.
 Mr. R. J. Somers, of Winnipeg, who is registered at the King Edward to day, spoke enthusiastically of prospects in the West.
 "The crops this year," said Mr. Somers, "will undoubtedly yield at least 30 per cent. more than any previous harvest. With the increased acreage under cultivation and the unusually promising weather conditions there is promise of great returns."
 "Manitoba farmers," Mr Somers continued, "are taking advantage of everything nowadays that facilitates the business of scientific farming. Quite a remarkable feature of farm life in Manitoba is the number of farmers who are installing telephones. The Bell Telephone Company is making strenuous efforts to meet the demand that has sprung up for rural telephones and its lines will soon reach practically every farmer in Manitoba who is desirous of telephone connection. The Bell people have, I believe, some twenty-five gangs engaged in the construction of rural telephone lines in Manitoba alone. Twenty-five to forty men are employed in each gang, so that the work is proceeding with great rapidity. Notwithstanding the great distance between farms in Manitoba, the Bell Company are building the lines, realizing that eventually all farmers, when they realize the advantages of telephone connection, will become its subscribers. Fully six thousand new telephones will be placed in farm houses before winter sets in."
 "Railway construction in the West is also proceeding apace, and when the G.T.P.-C.N. t. joint union station is completed and the Hill road which is building rapidly, is finished, Winnipeg's railway facilities will be unexcelled.—Daily Star.

EASY TO RETAIN HEALTH.

No distress or inconvenience attends the use of Dr. Hamilton's Pills which are world famous for their mildness and efficiency. Sold every where, 25c. per box.
 "That such members of the council as may be able to go and Messrs. J. S. Knechtel and R. J. Ball be a deputation to wait on Mr. Leonard, assistant manager of the C. P. R., re the proposed branch of this railway to Southampton and that the mayor arrange for an interview" was the motion passed at a special meeting of the town council last Friday evening in reference to the proposal to build the branch line to Southampton from Durham, as intimated in the last issue of THE POST. At time of writing the mayor had not been able to get in touch with Mr. Leonard in order to secure an interview but an effort will be made to lay the Hanover side of the situation before him in the very near future. The gentleman appointed should look after Hanover's interests all right.—Hanover Post.
