WE attended many fairs at Holstein and Flesherston, but never before saw them finish up with such good order. There were no signs of drunkenness or rowdyism of any kind at either place, from which we are forced to conclude that the hotel men in both villages are observing the requirements under local option.

In the group of photos shown by Mr. Chapman at Holstein Tuesday, there was a pair that attracted considerable attention, both large pictures, one of Mr. David Allan when a boy of twelve years and the other taken quite recently. The intervening years make a big change in the appearance of "The Boy" and "The Man."

BALD HEADED MEN—It is wrong to endanger your health and sacrifice your appearance when you know that Prof. Dorenwend's Toupees and Wigs easily replace the lost hair—feather-weight—stay on securely—are protection to the head and add to health and appearance. You are invited to call at the Middaugh House on Wednesday Oct. 10th.

THE Town Council met on Monday night in regular session and passed a grist of accounts amounting to about ninety-eight dollars. There was very little business done apart from the reading of resolutions of the Board of Health relating to cement smoke and the sanitary condition of the town on account of sewer pipes draining into the pond. Communications from the Cement Company signify their intention to curtail the dust nuisance after the mill closes down for repairs.

RE-OPENING.—The Varney Methodist church has been thoroughly renovated, and will D. V. be opened for Divine Worship Sunday, October 7th, when appropriate sermons will be preached at 10:30 a. m. and 7 p. m. Collection at each service. Then on Monday evening, Oct. 8th, supper will be served in the Orange Hall from 6:30 to 8, after which an excellent program will be rendered in the church consisting of speeches, solos, duets, quartettes recitations, club swinging, instrumental music, etc. Admission: adults 25 cts., children 15 cts.

THE Niagara Power Companies desire to ascertain the amount of power used in Durham, and we think it would be well for the Council to give the information and get their rates. It might be of advantage for power users and those intending to use power to substitute electrical energy for what they now have or intend to get.

FASHIONS IN HAIR—Ladies who wish to perfect their appearance and learn all about hair should call on Prof. Dorenwend, of Toronto, who will be at the Middaugh House on Wednesday, Oct. 10th., with a big stock of his famous Hair Goods Styles, Wigs, Switches, Pompadours, Transformations, Wavy Fronts etc. All the latest from Paris, Boston, London and other places. A visit is sure to prove profitable.

MR. W. E. THEOBALD left Tuesday afternoon for Indian Head, Sask., where he has a good position as manager of a large hardware business. Mt. Forest held no more popular young man than "Wes," who, besides being possessed of superior qualities, is prominent in secret society and athletic circles, an all-round sport and general good fellow. It is, therefore, not to be wondered at that his departure is regretted by an unusually large circle of friends and associates, and they showed their regret at his going and esteem for his sterling, manly qualities in many tangible forms, the most important of which was a semi-public farewell gathering at the residence of Mr. R. Weir on Monday evening. On that occasion he was presented on behalf of all his friends in the town with a valuable Swiss repeating (alarm) and stop watch. His former employer, Mr. W. G. Scott, handed him the beautiful timepiece while Mr. G. J. Reid, manager of the Sovereign Bank, and treasurer of the fund with which the gift was purchased, made a suitable address. Mr. Theobald's appropriate reply was followed by apt speeches from nearly all of those assembled, the Weir Wardrobe Co. being represented in well-timed remarks by Mr. J. A. Hebert, manager, and Mr. E. Mott, mechanical sup't. Lunch was served before the guests dispersed. A large number of friends assembled at the station to give Wes. a final and fitting send-off.—Mt. Forest Rep.

EAST GREY FAIR

The East Grey Agricultural Society held another successful fair in Flesherston on Thursday and Friday last. It was ideal weather and a good crowd was in attendance though the gate receipts were somewhat short of last year. The hall was well filled and contained magnificent displays in cereals, roots, fruits and dairy products. The ladies work was largely in evidence, and the department of cookery occupied a very tempting and appetizing corner of the building. As on former occasions there was a good exhibit of penmanship and drawing from the schools, a feature in which this Society is taking special interest. In horses, cattle, sheep, swine and poultry, the people of East Grey evidently enter into a friendly rivalry, and the exhibit here was quite up to the standard of former years.

The exhibition was formally opened about 2 p. m. by R. R. Gamey, the Man from Manitoulin, who was gracefully introduced as a native of the locality by Dr. Sproule, from Markdale. The address was short and couched in free easy language for a man who never attended school after he was thirteen years of age. There was no evidence of pomposity in the speaker's manner, and his words were few and well chosen. For a politician who has gained such notoriety during the past couple of years there was nothing to indicate spleen, malice or the picaresque tactics of men of his stamp, but a straightforward and apparently honest statement of a few thoughts, with a brief reference to the possibilities of New Ontario about which he was billed to speak at the evening meeting.

The hall in the evening was fairly well filled. Mr. M. K. Richardson, Ex-M. P., occupied the chair and discharged his duties in his usual able manner. Mr. D. McTavish, president of the Society, thanked the people generally for their presence and their patronage. Dr. Sproule was the next speaker and made a brief address, expressive of his gratitude at the interest of farmers in the pursuit of their work, and incidentally referred to the prominent position to which Mr. Gamey had risen since his election to the local legislature. Mr. Gamey's address was purely non-political, not a word being uttered that could give offence to either party. His theme was New Ontario, which he regarded as Ontario's heritage of great possibilities in the development of the field, the forest, the mine, and the fisheries. In many respects it was the richest mineral country in the world. It contributed largely from its timber and its minerals to the wealth of the province, and in his opinion should receive a better return for what she gave. He believed she would receive better consideration from the older portion of the province as soon as the inhabitants came to understand her real value as a wealth factor. The address was really instructive and interesting to those who availed themselves of the privilege of attending. We could say much more, but leave the rest to our able correspondent, Mr. Joseph Blackburn, whose contributions are always well written and wholly reliable.

The attendance was over 600, who with many others, had a pleasant sail down the river during the session. On their return to the wharf the delegates and their friends were treated to free transportation to any part of the city by the Street Car Co.

MILLINERY OPENINGS

A very fine display of millinery was shown last Wednesday and following days at S. F. Morlock's store. All the leading styles in fashionable headwear could be found there. Nothing nicer could be found in any city, and the prices were very moderate.

Some distinctly new features are shown this season, notably the return of the high crowned and broad brimmed hat, resembling the Gainsborough type and styled the Empire hat.

Black Picture Hats, which have not been in vogue for the past year or two, are again to the fore, and with their usual accompaniment of rich ostrich plums, are smart and elegant in the extreme.

Both large and small hats are being shown in great variety, and the trimmings were perhaps never richer.

The beautiful Mulberry shades are greatly in evidence, as also is the all white hats.

A large assortment of Ready-to-wear hats were also shown in all shades.

DR. BROWN, of Holstein, will occupy the Baptist pulpit Sunday evening.

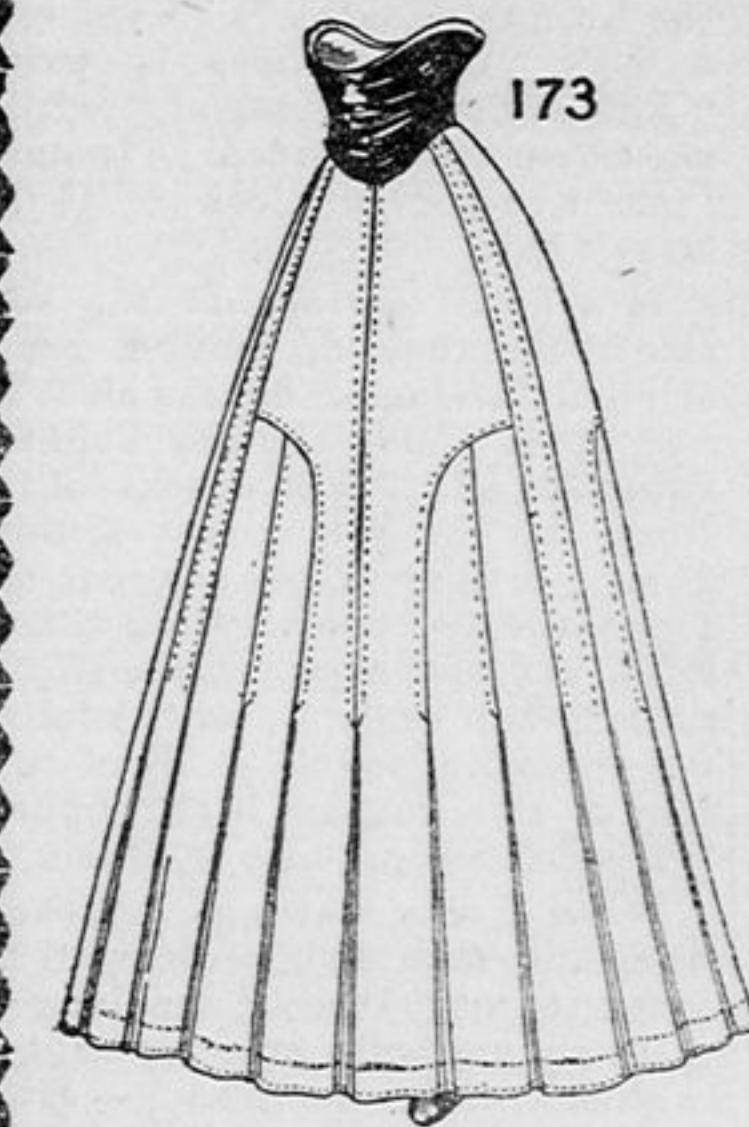

THE regular monthly meeting of the Public Library will be held on Friday night next, at eight o'clock.

In the map competition at Egremont Fall Fair Mr. Jas. Coleridge's pupils were successful in getting four prizes out of the five given. He had only four pupils to compete or he might have captured the whole five prizes.

A VERY quiet wedding took place on September 27th, at the home of Mr. Bell, 279 Dunham Ave., Cleveland, Ohio, when Miss Maggie Galbraith, of London, Eng., was united in marriage with Mr. Raymond Bell of that city, by Rev. J. D. Tisdale. Only the intimate friends and relatives were present. The happy couple left that evening for a short honeymoon trip to Painsville and Genera, then back to Cleveland where they will reside. Mr. Bell is well known at Edge Hill, where he spent a year learning to farm, and by members of the Trinity church, as he was a bass singer in the choir for some time.
