DEATH IN FEAST AT SILVER WEDDING.

Two Dead, Many Seriously Ill, Near Caledonia.

(Special to the Mail and Empire)

Caledonia, Ont., Oct. 13.—Two people dead with 85 made more or less seriously ill, is the outcome of a feast held a short while ago near here at the home of Mr. and Mrs. Hector Foster, to celebrate their silver wedding.

Great preparations had been made for the festive occasion, and 90 guests including the family, relatives and friends, were invited. They all attended and had an enjoyable time. But in the food they ate there lurked death and sickness. Chickens were served, dressed with gelatine and boiled in copper pots. Shortly afterwards, some within a day and others in lesser or greater periods, the guests were stricken down. Of the 90 guests 85 were laid low. The five who did not eat the chickens enjoyed their usual health.

TWO SUCCEMBED.

It was first thought to be an epidemic of typhoid fever, and Drs. Maw and Morrow were called. But the fact that the wedding anniversary guests were the ones laid low was too significant to be overlooked, and finally the cases were diagnosed as ptomaine poisoning. Some of them quickly recovered from the effects—others did not recover, two succumbing. One was Mrs. Ferguson, and the other was Mrs. Foster, mother of Hector Foster.

Of those who are critically ill, Rev. Mr. Ferguson is considered to be the worst. His condition is extremely critical. Hector Foster, his wife and two children were taken critically ill, and required medical attendance. Fred Foster, his brother, was also ill, and his family suffered. Mrs. Wm. Murray and children were stricken down. Mr. Murray was absent at the coast, and he was sent for.

IN CRITICAL CONDITION.

John Sen, of York, was in a critical condition Allan and Mrs. Anderson were ill, but recovered after a brief illness. Miss Laidman, Blackheath was also stricken, but is not regarded in danger. A couple of hired men were laid low, but their recovery was quick. It is reported that ten people in one family were ill as the result of eating the chicken.

DEATH OF GEORGE NOBLE.

The death of Mr. George Noble removes one of the best known and most genial citizens of this town and district. He had a severe attack of pleurisy last spring which seemed to undermine his health, since which his rugged constitution gradually collapsed, and on Friday evening last, October the 12th, 1906, dissolution came. Although citizens generally were aware of his critical condition the end came like a shock. Burial took place Sunday p. m. in the Public Cemetery, and the funeral was very large. Rev. Ivison Wilson conducted service at the house and grave, the Orange Order superintending the obsequies and a large representation of the order was in attendance. The pall bearers were Messrs Thomas Mathews, J. S. Rowe, I. B. Lucas, W. J. Beatty, Thos. Elliott and S. J. Halbert. Mr. Noble was born sixty years ago in Pickering township, came with his parents to this part a few years later and was therefore a pioneer. For over twenty years he has been a constable and auctioneer, and ten years ago was made head constable of Grey County, all of which positions he held up till his death. He was a superior auctioneer and most popular wherever his wide circle of business extended. He had also been assessor and collector in Markdale many years and also secretary of the Glenelg Agricultural Society. He leaves to mourn his departure a much respected widow and nine children, Thomas, of Weston, Georgias (Mrs. Thayer) of Auburn, N. Y., Richard and Lorne, of Sask., and Henry, David, Alma Roy and Bert at home.—Markdale Standard.

SET BACK FOR MUNICIPAL OWNERSHIP.

Municipal ownership has got a set back in Columbus, Ohio, which has dropped \$400,000 on its lighting system, and is tired of its bargain. Within a few years, it is said, no less than sixty towns and cities in the United States have given up and disposed of their lighting plants. In two years Versailles, Mo., has lost so much on its lighting plant that it shut it down and pocketed its loss in silence. Peru, Ind., reports a failure in the same direction. Its are light bill has been run up to a cost of \$207 a year per lamp.—Sanctum Siftings.

An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale at Parker's Drug Store.

FELL TO DEATH.

An accident which terminated in the death of a laborer named Julius Borbas, occurred at the shipyard on Monday evening about eight o'clock. The unfortunate fellow was working on the new steamer No. 9, or the Midland Prince as it will be known when afloat, and in some manner fell from the upper deck of the hold, a distance of twenty five or six feet. He struck on his head, crushing in the skull. One leg was broken twice and he also suffered other injuries. Mr. McFaul had him removed to the general and marine hospital where everything possible, including trepanning the skull, was done for the poor fellow. He lingered until the following morning between eleven and twelve o'clock when he quietly passed away. He is a stranger in Collingwood and little is known about him. Since coming here he has been connected with the Salvation Army. The funeral will take place Thursday afternoon at two o'clock from Trott's waterrooms to the Methodist cemetery. Rev. H. Irvine will conduct the services.—Collingwood Bulletin.

MOTHER, SISTER AND BROTHER

Died of Consumption, but this Linden lady used Psychine and is strong and well

"My mother, brother and sister died of consumption," says Ella M. Cove, of Linden, N.S., "and I myself suffered for two years from a distressing cough and weak lungs. I suppose I inherited a tendency in this direction?"

"But thank God I used Psychine and it built me right up. My lungs are now strong. I enjoy splendid health, and I owe it all to Psychine."

Consumption, whether hereditary or contracted, cannot stand before Psychine. Psychine kills the germ, no matter how it attacks the lungs. Psychine builds up the body and makes it strong and able to resist disease. Psychine is an aid to digestion and a maker of pure, rich blood. The greatest giver of general health is

WE regret to learn of the death of Mr. Albert Eva, son of the late Eva of this town. Mr. Eva was in business in Detroit, but has been feeling well, and spent some time with friends and relatives here, returning home only a couple of weeks ago. He had been somewhat unwell for some time. Death occurred on Monday last and the remains reached Collingwood on Tuesday afternoon. The funeral will be held at the home of the aged mother, Mrs. Eva, on Wednesday, Monday afternoon last to the church cemetery, where Rev. M. J. officiated. WE had a call on Thursday of last week from County Clerk John McArthur, of Pricewaterhouse Coopers, of Bantyre. Mr. Paterson is chairman of the Property Committee and was in business in connection with the County office which he intends put to proper shape. This is a move which has long been needed by the officials in the office here and an opportunity to look back with pleasure on this business visit Mr. Paterson. Owing to the made recently in the County organization by which that body be again composed of the Deputy Reeves of the municipality. Mr. Paterson is not likely to seek position which he will at the county seat. Municipal council is thoroughly grounded in Paterson's make-up. He was municipal officer, his father him having held for years the office of Reeve of the township of Elora and consequently a member County Council. It seems a men of such municipal experience should step down and out of the municipal arena.
