ANCIENT HEROES AND A MODERN DISCOVERY.

Ancient Greece will always be remembered for the fine types of manhood supplied by the heroes of her battlefields and the athletes of her arenas. Still more will these heroes and athletes themselves be remembered for the custom they bequeathed to later ages of healing sore and injured places on their bodies by the external application of some secret balm or salve. The Greek charioteers did not emerge from their mad races without some severe bruise or gaping wound; and to anoint each injury carefully with their favorite balm was an indispensable part of the day's programme. If we go back in history—even to Bible times—we find that this external "rubbing" has prevailed all along the line, and the only explanation of its survival, amidst so many changes in science, seems to lie in the fact that the external use of salves and balms is dictated to us by Nature herself. Our own instincts tell us to rub a part that hurts; and in Zam-Buk the ideal substance to apply to an injured or diseased surface is universally believed to have been found at last.

Most of the ointments, embrocations and salves that have had to suffice in the past are of a coarse consistency, and contain quantities of mineral poisons, rancid animal fat, and turpentine. What healing properties they possess are generally counterbalanced by the grave danger of inflaming and contaminating the flesh.

Zam-Buk is absolutely free from any such danger. It is a preparation compounded purely from herbal juices, essences and extracts—a "skin food," which regenerates old and diseased tissues just as food rebuilds and reconstructs the body. Zam-Buk also gives naturally just that assistance which Nature is asking for when pain, swellings, eruptions, or inflammation occur. Zam-Buk allays all forms of irritation, expels disease, stops suppuration, stops festering and vitiating "feeds" the skin, toning it up in Nature's own way.

Zam-Buk should be in every home. It has a wide range of usefulness, but is especially recommended for cuts, bruises, burns, scalds, sprains, stiffness, swollen joints, bad leg, blind and bleeding piles, running sores, eczema, ulcers, pimples, boils, rash, raw chapped hands, scalp irritation, sore heads, barber's rash, raw chin after shaving, sore throat and chest, sore and aching feet, chilblains, cold-sores, festering sores, poisoned wounds, and other diseased, injured, and inflamed or irritated conditions of the skin. Rubbed well into the parts affected, Zam-Buk gives great relief from neuralgia, toothache, sciatica, lumbago, rheumatism and chest and back pains.

All druggists sell at 50 cents a box, or post free from the Zam-Buk Co., Toronto, on receipt of price.

Two Irish farmers who had not seen each other for a long time, according to the London Tribune, met at a fair. They had much to tell each other.

"Faix, yes," said Murphy, "and I've got a fine healthy boy, which the neighbors say is the very picture of me."

Moran looked for a moment at Murphy, who was not to say the least, remarkable for his good looks, and then said: "Och, well, what is the harrum so long as the child's healthy?"
