

DURHAM CHRONICLE

VOL. 39—NO. 2071.

DURHAM, ONT., THURSDAY, NOVEMBER 22, 1906.

\$1.00 PER YEAR.

The Chronicle to January 1908 for \$1.00. Balance of year 15 cents.

LOCAL ITEMS

FOR SALE.—A nice driving mare. Apply to Edward Burnett, Durham.

HUNTING is forbidden on lots 14, 15 and 16, con. 2. Egremont. Richard Morrison, Proprietor.—2pd.

It is a pleasure to us to acknowledge a remittance from Mr. John Livingstone, of Alpena, Michigan.

WHATSOEVER you miss don't miss seeing the Moving Pictures of the San Francisco disaster. Town Hall, Thursday, Nov. 22nd. 8 o'clock.

SEE the beautiful and useful articles in white graniteware in our window to be given away with a pound of baking powder. At Grant's.

MRS. NEWTON will give her last Organ Recital in the Baptist Church, Thursday, Nov. 29th, assisted by Mr. Verne Hower, of London, concert baritone, and others. A first class program will be provided. Admission 25c.

MR. COWLEY, B. A., of Ottawa, Inspector of Continuation Classes will be here next week to examine the schools taking up Continuation work in South Grey. We understand the Government has considered the advisability of a special Inspector for this work.

The most marvellous piece of moving picture photography yet produced is the "Dream of a Rarebit Fiend." This feature picture was the most popular of any shown in the large cities the past summer. You will have a fifteen minutes' laugh when you see it at the Town Hall, Thursday evening, Nov. 22nd.

We understand the Town Council and Board of School Trustees have at last decided to offer the School property to the C. P. R. Company for the sum of \$13000. This is \$2000 less than the first proposition, and would be a fairly good price for the property were another suitable location in sight. At present, however, it seems hard to get a good school site.

A **PIE AND BOX SOCIAL** will be held in U. S. No. 1 Normanby and Egremont one half mile south of Varney, on Friday the 23rd. of Nov. when an excellent program will be rendered by the school children and a lot of outside talent. A grand time is expected. Come and enjoy yourself. Admission 15c. Ladies bringing pies or boxes free. Ladies not bringing pies or boxes, 25c.—2.

An item appears on page 6 relating to a meeting in Markdale of commissioners appointed to investigate the horsebreeding industry. It was contributed by Mr. Binnie and is particularly interesting because of a series of resolutions by which the Ontario Legislature is to be memorialized. From these it will be seen that stock breeders look well to the soundness of animals for breeding purposes and wish to insure themselves against hereditary taints that might be, and likely would be, transmitted to their progeny. The precaution seems to be a very sensible one and if such care is considered necessary for the proper development of the lower animal how should it be regarded in the human animal which is supposed to embody a much higher intelligence? Is statutory enactment necessary?

The world is full of human freaks, who are a menace to society. The other day an effort was made to blow up St. Peter's at Rome while service was being held. The means employed was the explosion of a bomb which fortunately injured no one though great excitement was caused by the report. St. Peter's is regarded as the finest Cathedral in the world, and one can hardly conceive a motive for so dastardly an act. But we don't need to go to Rome for freaks. An exciting time was had in Orangeville when an effort was made to arrest "Bob" Cook, a notorious character who has no regard for law and order. He was summoned to appear at Grand Valley about three weeks ago on a charge of being disorderly, but ignored the demands of the law. A warrant was issued for his arrest, and on Monday as he was passing through the town with his threshing outfit he was served by the bailiff, but showed his contempt by trampling the document in the mud and going on his way. In a subsequent effort to arrest him by unarmed officers, he defended himself with a huge knife, made his escape, and left town by the evening train. He threatens he will never be taken alive.

TOWN COUNCIL. The Council meets in town every month as the regular meeting, with special meetings on emergency demands. The presiding officers are:—A. S. Hunter, Robert Macfarlane, George T. R. Whelan and T. Moran. The work is conducted in a friendly manner, and the work is faithfully recorded by Vollet, who has held the Clerk for a number of

Now is a good time to use Herbagium. Try it on your animals. For sale at Grant's.

FOR SALE.—A second hand cook stove, good as new, will be sold cheap. Apply to Mrs. J. M. Hunter.

SEE the bold bank robbery reproduced in life motion pictures in thirty dramatic acts. Town Hall, Thursday, Nov. 22nd.

FOR SALE.—Two cows, one six years old in the spring, the other three years old in March, both from Parker's stock farm. Apply to Mrs. Ed. Lander, near Creamery, Durham.—3pd.

EDISON'S famous moving picture story of Buster Brown and his dog Tige, has been a winner wherever shown. It will make you laugh if you are at the Town Hall, Thursday, Nov. 22nd.

EX-LICENSE Inspector Harris has secured a government position in the Customs Department and reported for duty this week in Toronto. We do not know the exact nature of his present duty but understand he is to be a relieving officer for a time. We wish him success and hope he may give a good account of himself.

Box Social will be held in the Huton Hill school house on the 30th of November, 1906. Instrumental (piano and violin) and vocal solos, dialogues and recitations. Also an elocutionist, Miss Twamley, a college graduate. Ladies bring boxes, gentlemen 10 cts. Ladies without boxes twenty-five cents.—3pd.

The hunters have returned from Muskoka and took home with them the full number of deer the law allows. Those from here were W. Calder, Fred Peeland Alex. McLachlan. The fourth member of the party was a man from Palmerston, and they got eight deer amongst them. They had an enjoyable time of it.

The last edition of the Chronicle found a number of quick purchasers at 10c. each, or three for a quarter. There are still a few copies left of the illustrated portion but they'll not remain long, even if the price does seem high. There's a lot of expense about a paper of this kind and only those who understand the work can realize it fully.

The Anniversary Services of the Methodist Church on Sunday next promises to be specially interesting. The sermons on Sabbath by the President of the Hamilton Conference and a choice musical reunion on Monday evening, at which Rev. R. J. Elliott will deliver his able address on "Our Heritage." An offering will be taken at the door Monday evening.

HENRY BURNET returned recently from the North West, and reports himself quite in love with the place, where he took up land near Yellow Grass. He says Mr. and Mrs. John Aldred are as happy as cuckoos, and that Bob Braithwaite is getting along well. He saw Alex. Gordon at Weyburne and says he's making things hum in the jewelry business. We are glad to learn of the success of our former citizens.

When the tip of a dog's nose is cold and moist, that dog is not sick. A feverish dry nose means sickness with a dog. And so with the human lips. Dry, cracked and colorless lips mean feverishness, and are as well ill appearing. To have beautiful, pink, velvet-like lips, apply at bedtime a coating of Dr. Shoop's Green Salve. It will soften and heal any skin ailment. Get a free, trial box at our store, and be convinced. Large nickel capped glass jars, 25 cents. Macfarlane & Co.

There seems to be a little trouble brewing between the Town Council and the Furniture Co., which we hope to see amicably settled. The difference grew out of the repayment of the loan of ten thousand dollars made by the town for a period of years without interest. The Debentures bear interest from the date of passing the By-law on the 23rd of April 1905, but the money was not paid to the Company for some five months, and the Company claims the accrued interest should go as part of the return payment. The Council has a different opinion, hence the threatened litigation, which we think will not come to much as the Company has agreed to compromise the matter by paying \$150 and the legal costs so far incurred. The amount in dispute is about \$195.

A **LARGE** stock of men's, women's and children's leggings at Grant's. See them.

A **HIGH** class program and illustrated songs will be given in the Town Hall, Thursday evening, Nov. 22nd.

LOST.—About a month ago a gold bracelet, set with small purple stones. Finder will be rewarded by leaving it at this office.

A **WELCOME** letter was received last week from Mr. J. A. Hunter, of Minneapolis. We appreciate his kindly reference to the Chronicle as well as the cheque the letter contained on subscription.

We thank our correspondents for the increased number of budgets received during the past couple of weeks. They are a great factor in making a newspaper newsy and we hope to have them send in their contributions as often as possible.

The property of the late Donald Campbell is advertised for sale by auction in this issue. Sale to take place on Nov. 30th, Mrs. Campbell, administratrix, Hugh MacKay, auctioneer. This is a good property and in view of the scarcity of houses next spring, it should bring a good price.

The Huton Hill pie social will be held on Friday, Nov. 30th, and the big hearted people extend an invitation to everybody. They expect a big crowd, and the ladies big and little will bring big pies which are sure to command big prices. They invited the Editor of this paper to act as auctioneer, but he declined because he hadn't enough cheek, but they soon got a fellow who has to undertake the job. You ought to see him.

Preventics, as the name implies, prevent all Colds and Grippe when "taken at the sneeze stage." Preventics are toothsome candy tablets. Preventics dissipate all colds quickly, and taken early, when you first feel that a cold is coming, they check and prevent them. Preventics are thoroughly safe for children, and as effectual for adults. Sold and recommended in 5 cent and 25 cent boxes by Macfarlane & Co.

At the recent meeting of the County Council a hard fight was made for the appointment of a Chief County Constable to fill the vacancy caused by the death of Chief Noble of Markdale. Constable John Clark of this town was chosen for the position and is now enjoying the pleasure of the elevation to which he has been raised. We congratulate Mr. Clark on the appointment and hope he will be able to maintain his equilibrium from that dizzy eminence.

The new Pure Food and Drug Law will mark it on the label of every Cough Cure containing Opium, Chloroform, or any other stupefying or poisonous drug. But it passes Dr. Shoop's Cough Cure as made for 20 years, entirely free. Dr. Shoop all along has bitterly opposed the use of all opiates or narcotics. Dr. Shoop's Cough Cure is absolutely safe even for the youngest babe—and it cures, it does not simply suppress. Get a safe and reliable Cough Cure, by simply insisting on having Dr. Shoop's. Let the law be your protection. We cheerfully recommend and sell it. Macfarlane & Co.

Toronto Junction will vote on the repeal of local option at the municipal election to be held the first Monday in January. The Junction has been without licensed hotels since two years ago last May, and reports concerning its condition under local option are varied according to the whims and fancies of the individuals who talk about the place. From what we learn there has been a great deal of building done for a dead and dying town, and one business man with whom we had a conversation a few weeks ago told us that notwithstanding the fact of greater opposition in his line he was doing a better and safer business than he ever did previous to local option. He did not claim there was no drunk-ness, but said there was a marked improvement amongst the laborers and mechanics, who now thought more of home comforts than they did formerly. As far as he was concerned personally he did not see that the absence of licensed hotels was any impediment to the place from a business standpoint. This was only the opinion of one business man, and we must wait for the vote to see what the majority think about it.

ASSESSMENT AND SALARIES.

The following table has been furnished us by Inspector Campbell and will likely be of interest to ratepayers in the South Grey Inspectorate and a guide to teachers, who may be desirous of engaging in any of the schools. The sections are given, the total assessment of each and the minimum salary as required by the new Regulations. This information presented in tabular form should be accessible to every one, as it is a matter that should not be concealed, nor can trustees nor teachers evade the situation inasmuch as the present Regulations force trustees to pay the amounts stated and at the same time force teachers under penalty of losing their certificates for accept nothing less.

The following paragraph from the Regulations explains the situation:—

In order to bring the Continuation Classes more directly under the control of the Education Department, and to raise them to a condition of uniform efficiency, provision was made at the last session of the Legislature for the appointment of a special departmental Inspector. As soon as the schools reopen, after the coming holidays, this officer will begin his duties, inspecting all of grades A and B, and as many as may be convenient of grades C and D. It is not, however, intended that the Departmental Inspector shall supersede the County Inspector, to whose zeal the present number and efficiency of the Continuation Classes are largely due. The County Inspector will still visit these schools as heretofore; one of his visits, however, being paid, if possible, in company with the Departmental Inspector, who will notify him of his intended visit.
