THE Meaford Mirror, which long enjoyed the distinction of being a bright newsy paper, is adding to its equipment, and promises well to make rapid strides in the future. The recent installation of a Typograph, a power folder and an Acme mauler is a big undertaking, but these labor saving devices will soon be regarded as essential to the successful operation of a paper in a live growing town like Meaford. We congratulate Brother Paterson on his enterprise and pluck.

THE new Pure Food and Drug Law will mark it on the label of every Cough Cure containing Opium, Chloroform, or any other stupefying or poisonous drug. But it passes Dr. Shoop's Cough Cure as made for 20 years, entirely free. Dr. Shoop all along has bitterly opposed the use of all opiates or narcotics. Dr. Shoop's Cough Cure is absolutely safe even for the youngest babe—and it cures, it does not simply suppress. Get a safe and reliable Cough Cure, by simply insisting on having Dr. Shoop's. Let the law be your protection. We cheerfully recommend and sell it. Macfarlane & Co.

AFTER a lingering illness of two years or more, Mrs. Alex. McDonald was called away on Saturday last and the remains were interred on Monday afternoon. The deceased lady was about forty-five years of age and was highly respected in the community. Her maiden name was Miss McClocklin, sister of Edward, Arthur and Fred McClocklin of this town. Beside her bereaved husband she leaves a family of five children, John in town, Thomas in Weyburne, Man., Allister in Flint, Michigan, and Norman and Martha, two youngest at home. During her long illness the neighbors manifested much sympathy and the sorrowing family desire us to give expression to their gratitude for the many acts of kindness shown by kind friends and neighbors. The Chronicle joins in sympathy with the husband and family who now mourn the loss of an affectionate wife and loving mother.

See Macfarlane's immense stock of holiday goods. It's a real delight.

They expect a big crowd, and the ladies big and little will bring big pies which are sure to command big prices. They invited the Editor of this paper to act as auctioneer, but he declined because he hadn't enough check, but they soon got a fellow who has to undertake the job. You ought to see him.

Preventives, as the name implies, prevent all Colds and Grippe when "taken at the sneeze stage." Preventives are toothsome candy tablets. Preventives dissipate all colds quickly, and taken early, when you first feel that a cold is coming, they check and prevent them. Preventives are thoroughly safe for children, and as effectual for adults. Sold and recommended in 5 cent and 25 cent boxes by Macfarlane & Co.

UNDER the direction of the Farmer's Association a public meeting of the ratepayers of the eastern division of the township of Normanby will be held in Watson's schoolhouse, S. S. No. 1, on Monday evening, Dec. 3rd, for the purpose of nominating a candidate to represent the above mentioned section of the township in the approaching municipal election for the year 1907. Every ratepayer interested is urgently requested to attend. Remember the date. DONALD MCLVRIDE, President.

THE members of the County Council next year will consist of the Reeves and Deputy Reeves of the different municipalities, and in view of the change there will likely be a rush for the honors of being legislators at the County Capitals. The chances are that many of the old County Councilors who have tasted the sweets of office will hate to step down and out of municipal business, and will seek office in their different municipalities for positions as Reeves and Deputies. They will doubtless press their claims for position on the ground of a higher and better municipal experience and win elections to the disappointment of less ambitious municipal aspirants, who were willing during the past eight or ten years to exercise their talents in the smaller sphere of municipal life. It seems hardly fair for those who are legislated out of office to invade the municipal field and dispossess the members who have been holding the smaller municipal offices during the period the bigger members were enjoying the luxuries of County positions. It is too often the ambition of unfit persons to seek high places by securing the votes of the electors who are generally too indifferent regarding the character and qualifications of those who represent them in official positions. This should not be the case, and every elector who holds the power given by the franchise should support the best man independent of social party or political ties and secure as their representatives the best and most worthy men the County can produce. However the change in the law may effect the Counties, it is highly probable that greater care will be exercised in putting good men in the higher positions of local municipal government. Those who are ambitious for reeveships and deputy reeveships will soon begin to extend the glad hand, and in this as in other cases the systematic handshaker may be pitchforked into office to the detriment of the electors. It's high time to quit playing at municipal politics and to put men in position because of their qualifications and ability rather than from any social equipments they may happen to possess.

REV. W. FARQUHARSON will conduct Anniversary Services in Guthrie church, Harriston, on Sabbath next.

UNCLE DUDLEY was given here last week by a travelling Co. It was under the auspices of the Firemen, but we didn't know that until the show was over. Those who attended say it was very good.

Piles quickly and positively cured with Dr. Shoop's Magic Ointment. It's made for piles alone—and it does the work surely and with satisfaction. Itching, painful, protruding or blind piles disappear like magic by its use. Large, Nickel Capped jars, 50 cents. Sold and recommended by Macfarlane & Co.

THE Steamer Jones, of Owen Sound was out in the recent severe gale and as she has not been heard from there are fears she is lost. Besides the crew of twelve men there were seventeen passengers. Owing to the wires being down it is impossible to communicate with points for which she freight and passengers. Later—The Jones went down with all on board. Wreckage coming ashore on the Christian Islands destroys all hope for the vessel's safety.

FUNERAL SERVICES.

The following remarks regarding attendance at funerals has been contributed for the benefit of our readers:

As the season is coming when discomfort is experienced and sometimes irritation produced through tedious delays at funerals the following suggestions as to the order of service may be helpful: It will be kept in mind that funerals are not properly public gatherings, but meetings of friends and acquaintances at the invitation of the bereaved. In this way the hour of meeting and all arrangements are under their control. Friends accepting the invitation come ready and willing to accommodate themselves to their wishes, ready even to endure delay if the circumstances of the household demand it. On the other hand the mourners who have called their friends to sorrow with them will be most desirous that, if at all possible, nothing will hinder the arrangements from being carried out as announced. To help to guide both mourners and the friends who sorrow with them the following suggestions are offered:

1. Never have funeral notices printed till you have ascertained whether both minister and undertaker can attend at the time appointed. Some bitter disappointments have come thru discovering too late that the minister has a wedding, a funeral or some engagement he could not set aside for that hour.

2 Remember that the hour at which "the funeral will leave" is always the hour when the service begins. Friends are not asked to help to bury, but to join with the bereaved in the funeral rites.

3 While leaving sorrowing friends their full liberty as to arrangements, it is well to call to mind the fact that in the order followed at public funerals the first step in the leaving is the closing of the casket. In silence the friends as they come to the house look on the face of the dead and then withdraw to their places, but when the hour appointed strikes, the last look is taken and the casket is closed.

4 The religious service which follows should neither be hurried nor tedious. Nothing should be said to harrow the feelings of the bereaved already overstrained, but appropriate songs and readings and a few words in address or prayer that calm the mind and encourage the heart by awakening faith and hope are always helpful. It is needless to say that the only way friends can help the sorrowing is by entering into the spirit of all the exercises. Sometimes the jarring note of conversation between parties all unconscious that their voices are heard, falls on the ear as a painful discord.

5 At the grave the duties of loving affection are discharged when the burial service is finished. Standing by while the sexton fills the grave serves no useful purpose and is a serious danger to the health of many.

If these suggestions were followed, especially if friends view the face of the dead prior to the religious service, needless delays will be avoided and the whole service will become more sympathetic and reverent. Above all let every one be at his place at the time appointed.

PERSONAL.

Mr. H. H. Mockler went to Toronto, yesterday.

Mr. Brad Jamieson, Medical Student of Toronto, spent a few days in town and returned to the Queen City yesterday morning.

Rev. R. J. Elliott President of the Hamilton Conference preached anniversary sermons in the Methodist church here on Sunday last morning and evening.

Dr. Macdonald of St. Catharines will accept thanks for remittance and kind reference to our Special Trade Edition which he says "is a splendid tribute to your enterprise."

Mr. Robt. McCracken who has been engaged in Bowmanville for some time is home on a short visit prior to going to Hamilton where he has secured a position in the Canadian Co-operative store there.

AN interesting moving picture show was held in the town hall on Thursday evening last, and a packed hall rewarded the work of the Showman, Mr. W. H. Spear. Amongst the moving scenes were the San Francisco Fire and a Bold Bank Robbery, both of which were well exhibited. The pranks of Buster Brown and his dog were laughable productions, which delighted the audience. The Rare Bit fiend series were highly comical, and the songs were nicely given as the illustrating scenes were thrown on the canvass. The show was very good for its kind, and there was nothing objectionable in any part of it. It was one of the best moving picture shows we ever had here.
