Invaluable for Nursing Mothers

With nursing comes an unceasing strain on the mother's vitality. The blood is weakened. Nerves are irritable through loss of sleep. Anxiety and care break down even the strongest. Experience teaches that nothing is more helpful than Ferrozone. What an appetite it brings! No blood former or nerve tonic more potent. No medicine known that so steadily brings back the health, vigor and spirit that mothers require. It's because Ferrozone nourishes, because it supplies the materials for rebuilding that it does such permanent good, 50c per box at all dealers.

CURED HER BOY OF PNEUMONIA

Newmarket Mother is loud in her Praises of the Great Consumption Preventative

"My son Laurence was taken down with Pneumonia," says Mrs. A. O. Fisher, of Newmarket, Ont. "Two doctors attended him. He lay for three months almost like a dead child. His lungs became so swollen, his heart was pressed over to the right side. Altogether I think we paid \$140 to the doctors, and all the time he was getting worse. Then we commenced the Dr. Slocum treatment. The effect was wonderful. We saw a difference in two days. Our boy was soon strong and well."

Here is a positive proof that Psychine will cure Pneumonia. But why wait till Pneumonia comes. It always starts with a Cold. Cure the Cold and the Cold will never develop into Pneumonia, nor the Pneumonia into Consumption. The one sure way to clear out Cold, root and branch, and to build up the body so that the Cold won't come back is to use

KITH AND KIN.

Sweet Ethel and Mr. Waddle had been exchanging sweet nothings in the conservatory for some considerable time. Ethel's little sister, Eva, also had been with them in order that she might report to her parents anything of the nature of love-making which occurred.

"Well," said papa, suddenly popping his head in at the conservatory door, "there must be some very interesting conversation in here."

"Yes, papa," replied Ethel, readily, "Mr. Waddle and I have been discussing our kith and kin; haven't we, Eva?" "Yeth," lisped little Eva, "thath what you wath. Mr. Waddle thaid, 'May I have a kith?' and Ethel said, 'You kid!'"

Traverston.

The Trustee Board of S. S. No. 5, have engaged Mr. Wm. Bailey of Dundalk as treasurer for 1907 at a salary of \$400.

Mr. Ben. May is under medical care, having an attack of measles. The tax-collector, were around last week and nary a copper is left in the neighborhood.

The young people of Zion are busy already, preparing for their Christmas Tree concert.

J. J. Haey's son on Wednesday of last week brought good prices all round. It is about fifty years since Mr. Haey began farming for himself in lot 20 on the 7th con and during those years he has proved a neighbor, true, honest, outgoing and hospitable. But a home without the gentle sex is a one-sided place, so he has rented the farm to his nephew, Mr. James Haey and is going to live with him here. Mrs. Peter O'Neil in her cosy home on the 4th. His son, Johnnie, intends seeking employment at Paris.

That special edition of the Chronicle is a splendid "get up" and we congratulate the Editor and his staff on the results of their pluck, taste and energy.

The "Top Cliff" man's clever pen most graphically portrays some of the disadvantages under which the ordinary cor. laborer in getting up and forwarding his budget. But we heard one of the young chaps say, "what kind of cuss words are in those two unpronounceable lines?"

He's an eccentric old chap and we came upon him unawares looking over the "Special Edition." He was muttering aloud,—"much esteemed" and "most popular" and "progressive" and other phrases of like visage, when we surprised him with the exclamation, "what's the matter old man?" He sung mum for a minute and then solemnly quoted the well-known biblical verse, "No liar shall inherit the kingdom of heaven."

There was a group of ruralists talking together the other day and the subject matter was the number of accounts and dinners that had to be squared up at this season of the year. All of a sudden a waggish chap exclaimed, "Say! what's the matter with you fellows that you don't call around on The Farmers' Supply Co., and get the dividends on your investment?" "Never thought of that," said one, "there ought to be a purty good chunk awaitin' us by this time."

Mr. M. Burke and family have now become cosily ensconced in their new home, which adds another to the many fine homes on the 4th. There was a lack of finish till he employed Mr. John Dazell the skilled and widely known painter, who put on the artistic touches.

FATAL ACCIDENT ON G. T. R.

Frank Coleman, a Brakeman Killed at the Old Overhead Bridge—No Inquest Held.

The immunity from fatal accidents which Meaford has enjoyed for a long time, was suddenly broken on Saturday morning, when Frank Coleman, a G. T. R. brakeman, met instant death at an overhead bridge on the old line of the Grand Trunk, about half a mile west of the town. From particulars learned by THE MIRROR scribe, it appears that Coleman took his position on the top of the train, as it was approaching Meaford, and being a stranger on this branch, was not familiar with its dangerous points. At all events the unfortunate man was standing with his back to the bridge, apparently unconscious of his fast-approaching death. It appears that wire signals are erected on each side of the bridge, to warn brakemen of the danger, but it is alleged that the wires were wound about the cross-bar to such an extent that they were out of reach of the man's head. Be that as it may, Coleman remained in the same position, and as the train pulled under the bridge, the back of his head struck the huge frame and he was thrown with great force to the ground, death occurring almost instantaneously. As soon as the accident was noticed, the unfortunate man was conveyed to the station and Coronor Bennett summoned. The doctor made an examination of the body, and in turn communicated the facts to County Attorney John Armstrong at Owen Sound. They concluded that an inquest was unnecessary and the remains were given in charge of Undertaker Helstrop, who prepared them for burial.

Frank Coleman, the victim, was a young man between 25 and 26 years of age, and came to Canada only a short time ago from England. His fellow workmen speak of him as an agreeable and willing companion, and they keenly regret his terrible end. The only relative deceased had in this country was an uncle living at Bracebridge to whom the remains were sent on Saturday afternoon—Meaford Mirror

Bilean's a "Woman's Medicine"

GRATEFUL WIVES AND MOTHERS TESTIFY TO THEIR VALUE.

Bileans have been called "a woman's medicine" because of their exceptional fitness for the various ailments peculiar to the sex, as well as for liver disorders and stomach ailments generally. Unlike most liver and stomach medicines, Bileans contain no bismuth, mercury or any mineral whatever. From coating to aternal they are purely vegetable.

Mrs. J. Whitfield, of Swan Lake (Man.), says:—"Bileans have done me a wonderful amount of good. I can hardly describe how bad I felt before I took them. I could not eat but that it caused pain. There was a constant sensation of tightness in my side, and my liver was entirely out of order. I could not sleep at nights, suffered also from kidney trouble, and was altogether in a rundown and very serious condition. I had been ailing in this way for years, and it is gratifying to find that Bileans were equal to my case."

Mrs. Wm. Hall, of Dean Lake, says:—"I have proved Bileans very good for constipation, from which I suffered a great deal. They cured me."

Mrs. J. H. Thompson, of Cleveland Park, says:—"For irregularities and painful periods I can highly recommend Bileans. They proved a great blessing to me and restored me to health when I had become very ill and very despondent."

Bileans are absolutely unequalled for female ailments and irregularities, constipation, piles, anemia, debility, rheumatism, blood impurities, etc. They tone up the system and enable it to throw off colds and chills, strengthen girls just emerging into womanhood, and speedily restore energy and strength to those who are rundown. Of all druggists at 50c. a box, or post free from the Bilean Co., Toronto, on receipt of price. 6 boxes for \$2.50.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale at Parker's Drug Store.

Hygienically Cooked Meats. The doctor orders meat broiled for his patients—he wants it hygienically cooked in pure oxygen, with all the nourishing juices and the sweet tasty flavor retained. Meat roasted in a SOUVENIR RANGE comes out of the oven in exactly the same condition as it broiled. The Souvenir's Aerated Oven causes meat therein to be constantly surrounded by fresh oxygen, and really roasts it. Most ovens only bake meat. Every Souvenir is absolutely guaranteed by the makers.
