

Glengly Centre.

(Concluded from last week)

Mr. John Gruby intends leaving the neighborhood and will take up farming in the vicinity of Wingham. John and family will certainly be much missed from around the Centre as they have always been good neighbors.

Mr. Wm. Beaton spent Sunday with friends at Irish Lake and Pomona. He was not alone.

Mr. Hughie McArthur of the 4th. is away back to the West again. Hughie was a nice fellow, and there are more than one left lonely.

Mr. A. B. McLellan is still collecting taxes as well as busy at his Agency business.

Big Sandy is home again after rail-roading for a short term.

Mrs. A. C. Patterson from Flint, Michigan, is a welcome visitor with friends in our burg at present.

A small horse show was held at Mr. Malcolm McMullan's one evening last week.

Miss M. F. McLellan is herself again after a spell on the sick list.

Mr. Angus McArthur was a caller on A. B. McLellan last Sunday.

Will come to a close for the present wishing Ye Editor and Staff and all readers of the Chronicle, A Merry Christmas and a Happy New Year.

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that had received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croup and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children as it is pleasant to take and contains nothing injurious. Mr. E. A. Humphreys, a well known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croup and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale at Parker's Drug Store.

Darkie's Corners.

(Intended for last week)

Railroading is still the order of the day, and teams and men are at time of writing as much demanded as they were a couple of months ago. Sixteen teams are working between Jas. Lawrence's and the Diceman property (two gangs).

Mr. Thomas Davis accompanied by his mother visited friends in town a week ago Sunday.

Mr. Jas. Atkinson has recently purchased a fine new furnace, and is having it placed in his residence, which, no doubt, will make it more comfortable in the winter time. He has also made other improvements recently.

Miss Phoebe Livingston and Miss Bella McKinnon were guests of Mr. and Mrs. Neil McCannell last Sunday.

We omitted to mention in any of our former reports the fact that Mr. Thomas Davis, of this section has recently purchased a fine house and lot in your town. It is situated somewhere near the Furniture Factory. What next, Tom, the bride?

Mr. M. J. Staples visited friends in Lime Kiln Valley last Sunday. Some magnetic attraction for Mat in that direction, eh?

Mr. David Ritchie who has had a serious attack of stomach trouble this past while and has been under Dr. McLaurin's care, is at time of writing, we are pleased to learn, greatly improved.

Mr. J. H. Dean and Hamilton Allan made a trade last week. Mr. Allan changed a beef steer for a cow. Hardy is a licensed butcher now.

Mr. John Staples sold two beef cattle to Mr. J. H. Dean last week for a handsome figure.

We regret very much to learn the sad news of the death of Mr. Joseph Jacques, who passed peacefully away on Friday morning last. Deceased had been ailing for some time past, but sudden death was unexpected, and it came as a shock to the community. Deceased was well known and highly respected, he was ever kind and generous, always obliging and ready to lend a helping hand in time of need. He was predeceased by his wife a few months ago. The funeral took place, Monday to the Saugeen Cemetery where the remains were interred. The sincere sympathy of the community is extended to the bereaved family in this their hour of trouble.

The farmer, if he only knew it, is a little nearer the kingdom of Heaven than anyone on earth. He is certain of three square meals a day and is the only man on earth who can fence himself in and live in spite of the rest of mankind. A few cattle and and fowl provide him with food and clothing, while his fields yield him flour and a source of revenue. So generous are these provisions and so common, that hardly one farmer in ten makes any account of them, although the ordinary business man thinks he has done well when he reaches the end of the year and finds that he has a little more than meets his needs.

REGULATIONS AFFECTING AGRICULTURAL AND HORTICULTURAL SOCIETIES

The New Act Comes Into Force February 1st, 1907.

As the dates for the annual meetings of Agricultural and Horticultural societies are near at hand, our readers will doubtless be interested in learning something of the laws that will govern the procedure of these organizations.

The new laws come into force on February 1st, 1907, but the next annual meetings of these organizations will be held on the dates fixed under the old Act, viz.: Horticultural and Township Societies on January 9th, and District societies on January 16th, and the usual two weeks' notice must be given in local newspapers together with bills posted in places of common resort.

In future societies will no longer be known as "District" and "Township," but every society in the Province will be placed on the same basis in regard to the receipts of its government grant, and will receive such grant in proportion to its expenditure for agricultural purposes during the past three years, as shown by their sworn annual statement to the Department of Agriculture. A definition of what may be considered "Expenditure for Agricultural Purposes" is given in the Act.

Societies will be known by the name and place where they held their last annual exhibition unless they prefer some other, then the new name must be determined by the members thereof, and approved by the Minister of Agriculture.

Under the new law it will not be permissible for Horticultural societies to offer prizes for competition at exhibitions held under the auspices of agricultural societies. These last named organizations, however, may use their own funds for the offering of prizes for horticultural exhibitions.

Hereafter no prizes can be offered for grade male stock.

Spring stallion and cattle shows shall receive a special grant equal to one half the sum expended, but such sum shall not exceed \$50. Where seed fairs are held the maximum grant shall be \$25.

Societies investing in horses, cattle, sheep and swine, for the improvement of stock, will receive a grant ranging from \$50 downwards, for each registered male animal in these classes.

No society shall be entitled to receive a grant exceeding \$800.

Under the new Act restrictions in regard to the conducting of games of chance have been made more stringent.

The annual meetings to be held in January of District, Township and Horticultural societies, which for the last time will be convened under the old Act, will be the most important ones in the history of these organizations.

All who are interested in making of primal importance the educational features of these societies, and in improving the quality and quantity of the products of the farm, factory and garden, should attend these meetings on January 9th and 16th.

Copies of the new Act governing Agricultural Societies may be had on application to Mr. J. Lockie Wilson, Superintendent of Agricultural and Horticultural societies Parliament Buildings, Toronto.

Run Over by a Train.

Flesherton Advance.

Mr. Jam Fisher, of Eugenia, has evidently been trying to make history repeat itself. On Monday he drove to Markdale and on the return journey at night got on the railway track and was struck by the night train. The cutter was smashed but the horse was uninjured. A brother, George, was killed two years ago in a similar way and within a few rods of the same spot. In this case the injured man lay beside the track all night and was found unconscious by the section men in the morning. He was taken to Markdale and later on regained consciousness, but, we understand, is yet in a precarious condition. A year ago the past summer this unfortunate man had a leg taken off in a sawmill at Sandridge. In this accident his artificial leg was smashed.

Vickers.

Mr. and Mrs. Wm Pearson, Jr. of Alla Park visited the Hunt family Sunday last.

Mrs. E. Hopkins visited her mother Mrs. J. W. Vickers recently.

Mrs. W. D. Mills of Durham, paid a short visit to Mrs. Livingstone Sr. who is very ill.

Mr. Wes Hunt and Miss Ruby Mills of Durham spent Sunday last in this vicinity.

Mr. W. K. Reid of Durham passed through our burg one day last week.

Sorry to hear of the illness of Mrs. J. Coutts. Hope she will soon be well again.

Mr. A. W. Hunt met with an accident which almost cost him his life. While breaking on the cars on the trussel work, which is forty feet high at some places, the cars rolled down the dump carrying one man with them who escaped uninjured.

While Art. Hunt and another man stepped off the car to a plank along the ties for to stand on while dumping the cars, they were horrified to discover the platform was gone and fell to the ground a distance of several feet. The other man who was a Swede escaped but Art, was less fortunate. He was brought home by Mr. Alf. Corbett in a rig and Dr. Jamieson was sent for at once. He is improving as well as could be expected. No bones were broken, but it will be many days before he will be able to be around again.

For the Muir Memorial.

Mr. H. H. Burgess, public school inspector for West Grey, has issued a circular to each teacher in his inspectorate eloquently appealing for contributions toward the erection of a monument to the memory of Alexander Muir, the veteran and patriotic school teacher who wrote Canada's national song, The Maple Leaf Forever and other songs which have done more to develop a national spirit than any other means. The request of Inspector Burgess is that with the consent of the trustees collections be made in the schools before the Christmas holidays. The amounts received will be duly acknowledged after having been forwarded to the treasurer of the committee, W. C. Wilkinson, Toronto. Their should be a generous response as it would be a disgrace to Canada and particularly Ontario should some memorial not exist to honor so grand a Canadian patriot. Inspector Burgess deserves credit for the energetic effort he is making to have West Grey inspectorate stand well up on the long list which will include nearly every school in the province.

WINDOWS SHATTERED.

The blasting operations in connection with sewer construction along Second street is not a pleasant experience for the householders along that street. On Tuesday morning a blast shattered every window in the front of Mrs. Hall Teller's residence on the corner of Maple and Second streets. Of course the contractor has to make good any damage done.—Collingwood Enterprise.

NO LINIMENT CAN CURE IT.

That pain between the eyes isn't neuralgia. Many think so, but it is catarrh, plain ordinary catarrh that needs attention right now. Your proper lead is to use "Catarrhazine". Doctors recognize it as a cure that surpasses all others. Sure, because it does reach the trouble; safe, because no drugs to take, you breathe, its healing vapor direct to the cause of the trouble and cure is guaranteed. Two sizes, 25c and \$1.00. Sold everywhere.

A newspaper is placed in a peculiar position often. It will refuse advertising for city houses, in order to stand by its own merchants, but a solicitor for a city printing office will come along and take away work from the very men the paper has made the sacrifice for. A business man will not refuse trade from outside sources, and when newspapers do so, in the interests of business men, there should be enough reciprocal feeling to see that they do not suffer financial loss by it.—Clinton New Era.

J. KELLY, Manager

Samples of Choice Grain for the Improvement of Seed.

TO EDITOR OF DURHAM CHRONICLE

DEAR SIR.—By instruction of the Hon. Minister of Agriculture a distribution will be made this season of samples of superior sorts of grain to Canadian farmers for the improvement of seed. The stock for distribution is of the very best and has been secured mainly from the excellent crops recently had at the branch Experimental Farms at Indian Head, Sask., and at Brandon, Man. The distribution will consist of samples of oats, spring wheat, barley, Indian corn (for ensilage only) and potatoes. The quantity of oats to be sent will be 4 lbs., and of wheat or barley 5 lbs., sufficient in each case to sow one-twentieth of an acre. The samples of Indian corn and potatoes will weigh 3 lbs. each. A quantity of each of the following varieties has been secured for this distribution:—

Oats.—Banner, Wide-Awake, White Giant, Danish Island, Thousand Dollar, Improved Ligowo (white varieties) and Goldfinger (yellow)

Wheat.—Red Fife, Preston, Pringle's Champlain, Percy, Stanley, Huron and White Fife.

Barley.—Six-rowed — Mensury, Odessa, Mansfield and Claude. Two-rowed.—Standwell, Invincible, Canadian Thorpe and Sidney.

Indian Corn (for ensilage).—Early sorts, Angel of Midnight, Compton's Early and Longfellow; later varieties, Selected Leaming, Early Mastodon and White Cap Yellow Dent.

Potatoes.—Carman No. 1, Early White Prize, Rochester Rose, Money Maker and Late Puritan.

Only one sample can be sent to each applicant, hence if an individual receives a sample of oats he cannot also receive one of wheat, barley or potatoes. Lists of names for more than one sample for one household cannot be entertained. The samples will be sent free of charge through the mail.

Applications should be addressed to the Director of Experimental Farms, Ottawa, and may be sent in any time before the 15th of February, after which the lists will be closed, so that the samples asked for may be sent out in good time for sowing.

Applicants should mention the variety they prefer, with a second sort as an alternative. Applications will be filled in the order in which they are received, so long as the supply of seed lasts. Farmers are advised to apply early to avoid possible disappointment. Those applying for Indian corn or potatoes will please bear in mind that the corn is not usually distributed until March, and that potatoes cannot be mailed from here until danger from in transit is over. No postage is required on mail matter addressed to the Central Experimental Farm, Ottawa.

WM. SAUNDERS,
Director Experimental Farms,
Ottawa, November 21st, 1906.

WHEN YOUR BACK HURTS

Of course it's hard to work. Stooping over hurts, lifting is tedious, and you wonder what to do. Ever try Nerviline? Nothing like it for weak or lame back. It penetrates to the core of the pain, eases from the first application, brings cure that defies a relapse. No liniment is so clear, so soothing, so certain to kill muscular rheumatism or sciatic pains. Your dealer sells Polson's Nerviline in large 25c bottles. Why not try it?

A REVELATION OF CANADA

After 40 years' service in the cause of good farming, the Farmers' Advocate and Home Magazine, of London, Ont., has, in its Christmas Number for 1906, distanced all previous records, both in the general interest and value of the articles and the richness and variety of its illustrative features, particularly the tri-colour process work. Most imposing of the latter is the don-le-page panoramic view of the Ontario Agricultural College at Guelph, which every farmer's son will certainly aspire to attend after the faithful account given of what is done at that great institution. There are eight colored pages in the number, besides over eighty wash drawings and photo engravings, including six full-page and many half-page pictures. The best Artists of Canada have contributed of their choicest works to its pages. The articles on agricultural and other subjects are a brilliant revelation of Canada, and Great Britain as well. When you have seen and read this number you will have enjoyed one of the season's best treats. Some idea of the size of this special issue may be had from the fact that each paper weighs a pound net.

PAY MORE AND GET THE BEST.

A cheap flesh burning corn remedy is never satisfactory. The best is Putnam's Painless Corn Extractor, costs but a quarter, and is guaranteed to cure thoroughly. Use only Putnam's.

Elocution and Physical Culture.

THE UNDERSIGNED WILL receive pupils for instruction in Elocution and Physical Culture. Classes Tuesday and Friday afternoons in Calder's Hall. Terms on application.

MISS TWAMLEY,
Honor Graduate Alma College.
Nov. 20th, '06—3m.

DANGERS FROM DYSPEPSIA.

Imp perfect Indigestion Most Prolific Cause of Serious Disease.

Few people seem to realize the real danger in disturbed, deficient or defective digestion.

While health reports do not give indigestion as a cause of death, yet it is in reality often fatal, as it so weakens the stomach that one becomes readily susceptible to an attack of typhoid fever, kidney disease, nervous prostration or other serious or fatal disease.

At the first symptoms of indigestion Mion-a stomach tablets should be used. If there is a feeling of heaviness in the stomach, distress after eating, nervousness, dizziness, nausea, headaches, sleeplessness, pains in the side and limbs, specks before the eyes, or a peevish, irritable condition, with debility and weakness, begin the use of Mion-a at once.

It will build up the stomach and digestive organs so that you can eat anything at any time without fear of distress or indigestion.

A 50 cent box of Mion-a tablets will, in most cases, give prompt relief and cure, although in chronic and long standing weakness of the stomach, two boxes or more are sometimes needed, but we guarantee Mion-a will cure, in all cases, no matter how chronic or serious, or money will be refunded. You run no risk whatever in buying Mion-a.

We absolutely agree that your money will be refunded should you buy a 50 cent box of Mion-a stomach tablets and not be satisfied with the results. Mion-a is sold by druggists everywhere, or will be sent by mail on receipt of price, 50 cents.

Write to-day for a free sample package and also give us your symptoms, and one of the best known stomach specialists will give you our care his careful and personal attention without charge. Booth's Hyomei Company, Buffalo, N. Y.
