WOMAN'S PECULIARITIES.

That woman has many peculiarities of action is a fact that cannot be de nied, and our statement will be youched for by nine out of ten men who have been fortunate in landing the woman of their choice. The following extract from rhe Boston Herald tends to show this peculiarity in one direction:- "The locomotive engineer has many things to look out for and numerous nerve racking experiences, but there is nothing in his whole category of troubles that he dreads quite as much as the presence of a woman on the track ahead."

The speaker was Assistant General Manager Hustis, of the Boston & Albany. He was riding in his observation engine with a number of officials dry, warm clothing are the proper and reporters on a tour of inspection A woman crossed the track about 200 yards ahead, hesitated, recrossed and waited till the train passed.

"There", continued Mr. Hustis, "is an illustration of what is happening But the ordinary light cold will be every day. You saw how the engineer slowed up when he saw that woman on the track. He knew just what she would do. But if he had not seen her or anticipated her action life at this season of the year is the she might have had a narrow escape.

I have ridden thousands of miles on the front of our observation engines and I have seen hundreds of women do that same thing. No one can explain why it is, but if a woman sees a train coming when she is crossing the track she will invariably go across and then change her mind and go back to the place from which

A leading health journal in answering the question, "What is the best prescription to clean and purify the blood?" prints in a recent issue the

Fluid Extract Dandelion one ounce: Compound Salatone, one ounce; Compound Syrup Sarsaparilla, four

Shake well and use in teaspoonful doses after each meal and at bedtime. A well-known physician states that these are harmless vegetable ingre-

dients, which can be obtained from any good prescription pharmacy. This mixture will clean the blood all impurities. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down debilitated men and women. For many years Sarsaparilla alone has been considered a good blood medicine. But while it built up and made new blood, the impurities remained within and the good accomplished was only temporary. Sarsaparilla, however, when used in combination with Compound Salatone and Extract Dandelion, works wonders. This combination puts the kidneys to work to filter and sift out the waste matter, uric

acid, and other impurities that cause

The above reproduction reminds the writer of a similar experience that happened to him in California, though the woman in the case in this instance was not track-walking, and the only danger she was exposed to was the unexpressed blessings of the mechanics whose handiwork she upset in less time than it tokes to tell it. In the year 1903, when the city of

The day had been exceedingly warm, and many of the workers were congratulating themselves that the sultry day was over, and, in a very few minutes more they would be homeward bound to dinner and a pleasant hour in one of the beautiful parks for which that city is deservedly famous. But this was not to be, for some of them, at least. About this time, a well dressed young lady appeared. cross country-wise, evidently trying to make the first car into the city. Church people had just arrived home and knew the nature of Kenny. the wintry wind. Thus an interest and sympathy of an unusual charac ter were aroused. Bright and early on Monday morning the unfortunate owner arrived in town to tell the Post the particulars as far as known. It was Mr. James Manser, of the 5th concession of Bentinck, about one and one quarter miles west of Lamlash. He reported a total loss of barn, con tents, stock and implements. The family were just retiring for the night, and as the wind was high, nothing could be saved. The cause is unknown as no one had been out, and no possible way for any accident to occur. Mr. Manser's loss will be very heavy. The disappointed victims of poor Catarrh remedies should read the statement of J. R. Smith, of Lake Stream, N. B. In Catarrhozone he found an absolute cure and says: "Last winter my little girl of eight caught cold which lodged in her ears in the form of Catarrh. She became sick and deaf and nothing helped. By inhaling Catarrhozone she got relief and gradually the discharge went away. She was cured perfectly of Catarrh. Personally I can recommend Catarrhozone for coughs and throat irritation; it's a wonderful medicine." Sold everywhere, 25c.
