

Nursing baby.

It's a heavy strain on mother.

Her system is called upon to supply nourishment for two.

Some form of nourishment that will be easily taken up by mother's system is needed.

Scott's Emulsion contains the greatest possible amount of nourishment in easily digested form.

Mother and baby are wonderfully helped by its use.

Master Mansfield Leeson, son of Geo. M. Leeson, is among those in our midst who has been on the sick list. We are glad to hear he is getting better.

Mrs. Z. Clark is also down sick, but we hope it will not be of long duration.

Mrs. Blyth and Cecil have also had a trial of the Grippe but are getting better.

Mrs. D. Allen is visiting her sister Mrs. Dickson at Glen Eden, until her house gets repaired from the damages by fire.

Mr. Duncan McDougall and John Pcken came down on Monday the 27th to inspect the damages done to Mrs. Allan's house on the 25th by fire & we think they dealt very generously with Mrs. A. as they should. They estimated the loss at between \$66 and \$67, and they would repair the house. They engaged R. J. Edson and Geo. Pollock, to do the job.

We forgot in our last budget to thank the church of England choir from Egremont, for serenading us on their way to the dance. We are sure they must charm those who go to hear them on Sundays, with their melodious voices.

Well we have had a week of pretty stormy weather. The roads were blocked in good style on Sunday and on Monday the order of the day was breaking roads.

Rev. Mr. Rogers attempted to go to his appointment at Ebenezer on Sunday afternoon but got to Durham and had to return and leave his cutter and get himself and horse home the best way he could.

Billy Prew got stuck in the snow-drifts on Friday night about 2 o'clock and had to leave his cutter. Pretty tough at that time in the morning, Billy.

And still another young man on his way from Durham to Varney on Sunday afternoon to see his best girl got stuck. Half way between Grasby and Mountain's he had to unhitch and pull his cutter back to Grasby's corner by hand and go back home, very sad we suppose while someone in Varney was sad too. Those storms work terrible havoc.

R. Petty had Mr. Clark with his engine and circular saw and a number of men on Friday and got a fine pile of wood cut. So Bob won't freeze if the weather is cold and stormy.

Rev. Mr. Rogers held a reception service on Sunday and received into full membership those who were received on trial three or four months ago.

Will Clark moved into the house that his father bought from Wm. McCalmon. Mr. Clark put a lot of work on it and it looks fine and warm. We wish him and his family the greatest enjoyment in their new home.

A number from Varney L. O. L. attended the county meeting on Tuesday the 4th.

John McGirr and his two sisters together with about fifteen of the young people from Varney, spent a very enjoyable time at Mrs. Thos. Allan's on Monday night.

Winnie Laud returned home last week after spending two or three weeks with her aunt in Mt. Forest. We were glad to see Winnie at Sunday school again. Her sister Blanche acted as Librarian while she was away.

Miss Eleanor Leeson from Mount Forest, is visiting her brother George M. Leeson for a week or so.

SKIN DISEASE OF TWENTY YEARS' STANDING CURED.

I want you to know how much Chamberlain's Salve has done for me. It has cured my face of a skin disease of almost twenty years' standing. I have been treated by several smart physicians as we have in this country and they did me no good, but two boxes of this salve has cured me. MRS FANNIE GRIFFEN, Troy, Ala. Chamberlain's Salve is for sale at Parker's Drug Store.

We have ten extra nice ladies' coats which were only passed into stock last November. To clear them out we offer this week 20% discount. This is an opportunity not to be missed. "The House of Quality,"—H. H. Mockler.

ANNOUNCEMENT

The undersigned having bought from the assignee, the Cream Separator Works in Durham, come before the public asking their interest and support in the undertaking.

Being practical men, having a knowledge of all the machinery, and knowing the needs of the farmers of Ontario, we believe we can cater to the wants of the public in an intelligent and satisfactory way.

We will continue to make the Oxford Cream Separator, convinced that it has no superior, as it contains every desirable feature of other machines, besides many others.

Repairing

We are prepared to undertake repairs at once, and are confident we can give you satisfaction. Watch for other announcements.

Corner Concerns.

As Wendell Phillips once said during bad times if people would stop talking blue ruin, assume a cheerful countenance talk of the many blessings they really enjoyed and the bright hopes of good times close at hand, an improvement would immediately take place, and in a few weeks things booming as of old. There really seems to be very much in that cheerful manner way of going. The extra happy look that Rev. Bice has been wearing of late worked wonders in drawing contributions for paying off the church debt. When he and Deacon McFadden started out the congregation had but little faith in results and the agreement was if they did not reach within \$75 of clearing the debt the contributions were to be returned and other methods tried, but everybody seemed to feel that some good fortune was coming to them and they soon had more money than they needed and contributions were held firm and fast.

As we said last week our school concert is to be held on the night of Feb. 14th and it makes a person feel cheerful to think that such a treat is so close in store. People have been waiting patiently for it, as it promises to be of high order. Some excellent dialogues by outside talent as well as by the school, singing, recitations and other music will be given. Admission 15cts.

Your Classic City man tells great tales of the misconduct of the people of his burg. He seems to be a school teacher, is he not? How long has he been there? Possibly he is some what responsible for their actions. Teachers, Preachers and the Mayor of a town should not mention the wrong doings of their place as people seem to think them not equal to their job.

Although the world is well warned against false prophets, those suffering from infirmities or having close connections seriously afflicted are naturally more easy prey for faith cure people or rather such professors. The seventh son of a seventh son who was so thronged in Mt. Forest with ailing ones, a few weeks ago, has gone with what money they all wished to give him and left very little in return except a lesson which may be of profit to some.

It was a pleasure to read last week of the presentation in the home of our good brother scribe of Flesher-ton. We like to see merit fully appreciated and like to see some of the good things of life go to the very much esteemed couple who received such a pleasant surprise last week.

As there is often a slip between the cup and the lip, so it was with Jim Lawrence buying C. Gray's farm and Joe Lennox is now the proud possessor of that fine farm for \$3000 and some farming effects thrown in. It makes a nice addition to his other 150 acre farm. Charlie goes West in a month, having secured a possession of land out there, which he prefers to any Ontario farm.

Since the closing of the League meetings in Varney on Sunday nights some have been heard to declare they feel completely lost. We hear that meetings are again to start in the school house on Sunday evenings under the leadership of Mr. Wm. Allan, which will no doubt bring the lost ones back to their old feelings again.

We might have had a nice big budget this week had it not been for the Darkie's Corner coming down here and picking up some. Most crows go off to a warmer climate for

the winter, out of the road, if the one in question comes around here any more we are going to make it so hot for him that he will not want to go to any warmer place until he has to go for good.

Those who believe that severe winter weather in Canada means good crops the following year would think the weather of last week a special blessing.

Your Pomona man blames the slow mail service for his only getting in one budget this year. Possibly the cor. is also a bit slow but between them they give the impression that it is a dead place and no person would want to go and live there.

The sisters of St. Paul met as announced on Thursday and laid plans for the spring work. It is to be in making a name quilt. Those having their names inserted will not pay according to the length of their names but according to the size of their heart. As those belonging to the Chronicle Menagerie are and here are all of the gizzard specie they will pay according to the size length of the r heads.

The storm on Friday night no doubt spoiled a very successful meeting of the Varney L. O. L. No. 689. Many from this part wished to hear Organizer Bingham. It would no doubt have added strength to the society.

Darkies' Corners.

Terrible stormy weather at present and has been that way for the greater part of the last two weeks. The result is impassible roads and snow drifts even with the fences.

Mr. N. Whitmore, we forgot to mention in our last report, had the misfortune to fall on the ice, which resulted in the spraining of one of his ankles. It swelled very much and was painful. It happened one day week before last.

The second con. from Ritchie's school to the corner of Lambton St. is badly blocked with snow. The traffic from the south now goes through Mr. Thos. McComb's field to Lambton St near the watering place.

The C. P. R. train is reported blocked somewhere between here and Priceville. No engine ran through here during the past week.

Hello Pomona! The last issue of the Chronicle to hand, and diving through its newsy columns what did we run up against, but a breezy, spicy report from Pomona. That intelligent and active correspondent is again wielding his pen as a reporter on the Chronicle Staff. It is so long since we heard from him that we thought he had forsaken us, but no he didn't and once more he is to the front and enrolled as reporter. We wonder what we ever did to cause our Pomona friend to stand in awe of us? And again he says if we sour out his way he will try and introduce us to Miss Robin Surely my friend it is not the reb-breasted har-binger of spring visiting your burg such weather as this N., it must be some nice young lady with a view to matrimony. If so I'll be there

CHAMBERLAIN'S COUGH REMEDY A FAVORITE.

"We prefer Chamberlain's Cough Remedy to any other for our children," says Mr. L. J. Woodbury of Twining, Mich. "It has also done the work for us in hard colds and croup, and we take pleasure in recommending it." For sale at Parker's Drug Store.
