Robt. BURNETT, Durham, Ont.

Spring Bank.

Lots of snow but very little sleighing.

That fearful blow from the east on Friday night last made the roads in many places impassable. The continued blow of Saturday did not improve them any.

Mr. James Sealey accompanied by Miss Edwards, both of Woodstock, has been visiting the Sealey's and other friends of this place.

Mr. J. M. Lawrence, one of our enthusiastic and progressive farmers is making preparation for building a large structure next summer used for implement shed, pig pen, etc. It is to be a brick structure and when erected will do credit to himself and neighbors at large.

Courting has been suspended for a time owing to the blocked condition of the roads. The boys and girls are all waiting anxiously for a genuine thaw when they expect to have an old time rally.

Judging from the supply of brick, Mr. James Hopkins has on hand, he intends building a mansion next summer. We congratulate Mr. Hopkins in his enterprise and hope that health may favor him in his undertaking. Few men indeed have made the progress of Mr. Hopkins but it has only been through hard and honest toil, and never shirking from duty that brought him to his present financial position. We understand his house is to be a handsome structure and of the latest design.

Mr. and Mrs. D. Hamilton treated the young people to a party recently, while a similar affair took place at the home of Mr. and Mrs. James Brown.

A sleigh load of the jolly youth from this corner attended a party at Mr. Hargrave's on Friday night. Don't know if they canceled while there or not but they had a jolly dance returning home.

Traverston.

Charlie Cotton has the pluck that makes men heroes. He left Eborac early on Saturday morning with the mail for Markdale. No one expected him to get through, but he shoveled waded, poled and made the way there and back, bringing a full mail bag to boot. Well done, Charlie!

Mr. and Mrs. John Allen, Mr. and Mrs. S. Patterson of Egremont and Mrs. Wm Hood of Okanagan Valley, B. C., visited Mrs. R. Hastie a couple of days last week. It's quite a number of years since the four sisters have been together and they made good use of the hours. Mrs. Hood is spending the winter among relatives in Ontario.

Why Refer to Doctors

Because we make medicines for them. We tell them all about Ayer's Cherry Pectoral, and they prescribe it for coughs, colds, bronchitis, consumption. They trust it. Then you can afford to trust it. Ask your own doctor.

What we do

In Blankets, Tweeds, underwear, Prints, Cottons, Flannels, Flannelettes, and groceries of all kinds is to sell at a very low margin of profit for cash or trade.

Look! Look!

The next batch of accounts will be handed in shortly, but all who remit at once at a dollar a year for arrears and a dollar in advance may save themselves annoyance. Act at once.
