## Corner Concerns.

Your Varney man says our English church choir treated him to some music while on their way to a dance. We would consider it one step towards church union for the young people of the English church to spend a social night dancing in the home of the first families of the Varney Methodist church.

We noticed that Howard Mead had a moth eaten appearance when we met him on Sunday. The explanation was,—while engaged at play on a scaffold twelve feet high he had fallen off and as well as being stunned he had received a few scalp wounds.

Your Spring Bank man says court-ing is entirely suspended up there. It is carried on down here by letter, we imagine. At least we noticed a young man take a sly peep at one several times during service on Sun day.

The Chronicle seems to have become a necessary of life to the people of this part. They could scarcely live without it during the blockade.

The benefit of wire fences along the road has been much talked of since the storm and the council may yet be asked to recontinue the grant to building it in certain places. As a result of swamp and wire fence on the beat we had to preside over, two hours work of a few men did the job while other beats with all rail fence, spent two long days and the statute labor for 1908 pretty well used up.

Mr. Sam Ritchie was so unfortunate last week as to have a cow slip on the ice and injured herself so that she would likely have to be dispatched and cows are up in the market now too. They range from \$35 to \$40 at present.

It was Saturday afternoon before the roads could be got opened through to Durham. The stormy weather and the fearful condition of the roads, caused our teacher to postpone her concert announced for Friday night for a few weeks.

A person might easily get lost on the roads at present and still not be an entire know nothing; for they twist and turn in all directions and almost a mile to every four added to the length.

The corner people were all looking forlorn after the Friday night storm, and it was a few days before they found he was in comfortable quarters.

Mr. Wm Lennox walked up to Traverston through the bad roads of last week to see his brother-in-law, Mr. McNally who is down with pneumonia and look after his work. One of the good qualities of the Lennox brothers is their loyalty to friends.

## CHAMBERLAIN'S COUGH REMEDY A FAVORITE.

"We prefer Chamberlain's Cough Remedy to any other for our children," says Mr. L. J. Woodbury of Twining, Mich. "It has also done the work for us in hard colds and croup, and we take pleasure in recommending it." For sale at Parker's Drug Store.

## WE TELL NO LIES

About selling below cost and other such nonsense. What we say, we do, and we believe we are giving as good value for the money as in any house in town.

### What we do

In Blankets, Tweeds, underwear, Prints, Cottons, Flannels Flannelettes, and groceries of all kinds is to sell at a very low margin of profit for cash or trade.

### Look! Look!

On Saturday next you can get Men's and Boy's Caps at Cost, and from now till Christmas, Eve we will give 3 lbs. of the best Raisins for 25c. every day in the week.

## The Jar of Coughing

Hammer blows, steadily applied, break the hardest rock. Coughing, day after day, jars and tears the throat and lungs until the healthy tissues give way. Ayer's Cherry Pectoral stops the coughing, and heals the torn membranes.

The best kind of a testimonial—  
"Sold for over sixty years."

Billiousness, constipation retard recovery. Cure these with Ayer's Pills.

Don't neglect your cough.

Statistics show that in New York City alone over 200 people die every week from consumption.

And most of these consumptives might be living now if they had not neglected the warning cough.

You know how quickly Scott's Emulsion enables you to throw off a cough or cold.

ALL DRUGGISTS; 50c. AND \$1.00.

## ANNOUNCEMENT

The undersigned having bought from the assignee, the Cream Separator Works in Durham, come before the public asking their interest and support in the undertaking.

Being practical men, having a knowledge of all the machinery, and knowing the needs of the farmers of Ontario, we believe we can cater to the wants of the public in an intelligent and satisfactory way.

We will continue to make the Oxford Cream Separator, convinced that it has no superior, as it contains every desirable feature of other machines, besides many others.

### Repairing

We are prepared to undertake repairs at once, and are confident we can give you satisfaction. Watch for other announcements.
