ZAM-BUK

Pomona.

Quite a number attended the funeral of the late Donald McDonald (Big Dan) from Priceville to the R.C. cemetery recently considering the inclemency of the weather and the blocked up state of the roads.

One of our ex-conciliators must have been doing a little punning during the stormy days, for he says our municipal election cost some sixty or seventy dollars and all the change we got was a nickel (Nichol).

Mr. Geoffrey McDonald has also been very ill with pneumonia, and for a time his life was despaired of but he is now considered out of danger.

Dr. Dixon, of Priceville, has been a faithful attendant on all the sick cases on the line, and we think he might well wish he had chosen all most any other profession than that of a physician, considering the elements he has had to battle with.

Mr. Archy McDonald, of Bentinck, and his cousin, Miss Annie McDonald, of Michigan, were recently visiting their uncle, who is ill, and other relatives.

We miss the whistles of the engines on the new C. P. R., to the south of us, but hope we will soon hear their welcome scream again.

Mr. Geo. Hannington, a man of about 65 years and a former resident of Owen Sound, has been employed with Mr. McAuliffe for about three months as choreman, but is now desirous of being admitted to the House of Refuge, Markdale, for a short time, as he has some ailment of the feet and would like to be treated.

Angus, son of Mr. Alex. McMillan, arrived home from Duluth on Friday of last week, as his father is quite ill, although he was once numbered among Giesel's strongest men.

CAT SEEMED TO UNDERSTAND

As striking a cat story as I have heard in a long time comes from Alton, N. H., and is vouched for absolutely. The cat was accustomed to visit the next door neighbor after each meal to be fed and petted, bringing also two kittens.

One of the women at the house thus visited, who had entertained a dislike for cats, finally, on observing the animals, expressed aloud a liking for the gray kitten and said she intended to ask to be allowed to keep it.

The next day when Mother Cat came for her bits only one kitten accompanied her, but she took away some choice morsels for the one left at home. This continued several days, when the woman who had at first expressed intention to get the kitten which the cat was feeding remarked that she had given up wholly the idea of securing the gray kitten. All three felines appeared at the next meal and have done so since.—Boston Record.

FOR RHEUMATIC SUFFERERS

Classic City Chronicles.

We had the pleasure this week of a visit from Mr. John House, formerly of Dundalk, but now of North Toronto.

Our School Board is up against a pretty big proposition just now, namely, the choosing of a site for a new sixty thousand dollar school. Their first choice created such an uproar of opposition on account of its supposed unsuitability that the deal was declared off and another place was selected. Now another part of the community is vigorously kicking and the end is not yet.

One of our citizens, a baker, met with a terrible accident last Sunday evening (9th). He was cleaning the dough mixer when one of the revolving fans caught in his clothing and threw him into the pan. Fortunately an assistant was standing by and threw off the belt, but not before the poor fellow was terribly mangled. He was taken to the hospital, and at present is doing better than was expected.

I am afraid our citizens will lose interest in hockey soon unless something "happens." Our boys are wiping the ice with everything that comes along. This week the Paris Juniors tried conclusions with the Midgets and the score was 18 to 3 in favor of the Stratford aggregation. The Indians, our senior team, took a trip to Toronto this week and trimmed the Queen City bunch to a peak. Our lads are getting their own way too dead easy, and it almost makes one wish that some team would turn up that could give the Classic City boys something to do. We can certainly put up the "stuff" in the hockey business.

Tramps and lazy fellows had better give our burg a wide berth in the future as the city council decided last night that everyone who has been receiving relief through the winter will have to work when an opportunity occurs to do so or leave the city. The chances for a job are pretty bright, as two carloads of small stones are expected to arrive shortly from St. Mary's quarries. Work is better than charity, and no doubt the most of those receiving aid will gladly welcome an occasion to earn their living.

Regarding an accurate or graphic description of the recent snow storm I must confess that I am somewhat in the position of a profane carter who was hauling a load of turnips up a steep hill. Just as he reached the top the end board fell down and the turnips rolled to the bottom. Contrary to the expectations of bystanders the carter never said a word. After a few minutes of ominous silence one fellow ventured to ask him why he didn't swear. The carter looked at his interrogator for a moment and then said, "I couldn't do justice to the occasion." Same here. However, the immense quantity of snow that fell was a real blessing for it necessitated the employment of hundreds of shovellers who had hitherto been idle.

Our coldest night was on the 8th inst., when the mercury dropped to 21° below zero. Plumbers had plenty of work Monday morning. But we cannot compare with the Prairie Province, as the following extract from a letter received this week from Mr. Sidney Blakeston, of Rapid City, Man., will show:—"We are having a pretty cold snap just now, 42° below zero last week, but we have had the very best of winter weather, not even one storm. There is no sleighing yet of any account. There are as many wagons used as sleighs, something new for this country. I have about 20 head of cattle running out and we never feed them. Of course there are plenty of straw stacks for them to eat around. Two of my horses have only been in the stable 4 nights yet. We only keep two horses and three cows in the stable." From the foregoing it will be seen that most of the snow has been precipitated on the eastern provinces. If a strong, decided, vigorous winter is a precursor of good harvests we should be in luck this year.

ARE YOUR JOINTS LAME?

Haven't you a weak spot, a place where cold and inflammation always settles? Whether it is in the neck, side, joints or limbs—the cure is simple—a good rub with Nerviline and then apply a Nerviline Porous Plaster. The great rubefacients in variably cure strain, swelling, weakness and muscular pain. There is no mystery about this. Nerviline is the most penetrating liniment known—consequently it gets where the trouble really is. Nerviline Porous Plasters are great healers and draw out congestion. Be sure you get the genuine, substitutes can't do the work.

NOT THE DURHAM HILL.

One cold wintry morning a man of tall and angular build was walking down a steep hill at a quick pace, a treacherous piece of ice under the snow caused him to lose control of his feet. He began to slide and was unable to stop. At a cross street half way down the incline he encountered a large heavy woman with her arms full of bundles. The meeting was sudden and before either realized it a collision ensued and both were sliding down hill a grand ensemble—the thin man underneath, the fat woman and bundles on top. When the bottom was reached and the woman was trying in vain to recover her breath and her feet these faint words were borne to her ear:—"Pardon me madam but you will have to get off here. This is as far as I go."

Egremont Council.

Council met Feb. 10th Minutes approved. Acknowledgement of receipt of donation to Sick Children's Hospital, Toronto. Also of balance due Tp. Normandy for work on O. S. R. and a petition from Ont. Municipal Ass. St. Thomas, re repeal of Sect. 606 Municipal Act, re non repair of highways.

Lothian—Philp—That this Council comply with above request and said petition be forwarded to Dr. Jamieson M. P. P., our representative in the House and he be requested to present the petition and support the Bill when it comes up for consideration.—Carried.

By law No. 219, to appoint Path masters and road Comr. passed the usual readings. Names will be published about May 1st. By-law No. 220 to appoint an Assessor was also passed. The name of David McKelvey was inserted in By-law, salary \$80.00. By-law No. 221 to appoint Collectors was read and passed. The name of J. C. Adams, was appointed Collector for N. D., salary \$35.00, and J. W. Cragg for S. D., salary \$35.00. By-law 222 to appoint Pound-keepers and Fence viewers was passed. Names will be published later.

The tender of A. C. Drumm for fresh cement for tile for 1908 at \$2.00 per bbl. was accepted. The tender of Geo. Hamilton for making tile was accepted. The two large sizes of tile at 25c each and the smaller size at 20c, each.

Lothian—Hunter—That Commissioner Philp call on Samuel Robb and take an inventory of all the tile on hand including the sizes and request the said Samuel Robb to hand over to the foreman Geo. Hamilton the tile moulds and other goods belonging to the municipality.—Carried.

The Auditors presented their report which was carefully gone over by Reeve and Council. Lothian—Ferguson—That the Auditor's report be adopted and they be paid \$10.00 each for their services and 200 copies be printed for distribution.—Carried.

Lothian—Hunter—That the following accounts be paid: O. M. Seim printing, \$8.75; W. B. Sutton, express charges, \$0.60; Clerk's registration fees for 67 births, 19 marriages and 27 deaths \$22.60; J. Spicer work on roads with team, \$3.00; George Eakett do \$3.00; Wm. Horsburgh \$1.00; Reeve telephoning 15c.; Treas. Bank exchange, stationery and postage \$3.57.—Carried.

Philp—Lothian—That we adjourn to meet on Thursday 28th May, as a Court of Revision on the Assessment Roll and general business.—Carried.

D. ALLAN, Clerk.

THE MAN FROM WINNIPEG.

The man from Winnipeg sauntered by in his big coon coat with a collar high. We said it was cold, and he answered: "True." And he gazed aloft at the sky so blue. He sighed and whistled and slapped his leg. He seemed to be thinking of Winnipeg.

It was six below, and we wondered if He was used to that. He gave a sniff As men from Winnipeg often do, And said: "I'm accustomed to twenty-two." How do you stand it?" we made reply. He shuffled a little, then told a lie.

And this the story he told us then, "It gets to forty now a. d. again, There-e days, perhaps, we may find it cool. For the blackboards freeze in the public school. B t if it is twenty or thereabout, We wear no coat when we're walking out."

For Winnipeg air is exceeding dry" (Sing ho, for the man who told a lie) The northern winds may rise and blow, And the mercury reach twenty-six below" (It's a beautiful lie let no one steal it. "It may be cold, but you never feel it.

"But here in Toronto beside the lake The air is damp, and, my goodness sake, It's colder here when it's two below, And the eastern breezes fiercely blow. Than it is up there when it's forty. Why? Because the Winnipeg air is dry." —Toronto News.

NOTHING DOING.

We know some other editors not more than 400 miles from Durham who might be in the same box for all that some of the subscribers in arrears care, as the following editor is guilty of:—A couple were recently married. The ceremony over, the wife began to weep copiously. "What's the matter?" asked the new husband. "I never told you that I didn't know how to cook," sobbed the bride. "Don't fret," said he, "I'll not have anything to cook; I'm an editor."

BURNT HIS TOES BADLY.

But he will never again use a cheap corn cure containing acids. The only safe and painless cure is Patnam's Corn Extractor. It never burns always cures—buy "Patnam's."

HOME-MADE MEDICINE

Said to Relieve Kidney Trouble and Rheumatism

One ounce Fluid Extract Dandelion; One ounce Compound Salutarin; Four ounces Compound Syrup Sarsaparilla; Mixed and taken in teaspoonful doses after meals and at bedtime, is stated by a prominent physician to give most excellent results in kidney or urinary affections, and also in rheumatism and sciatica. The mixture opens the clogged pores of the kidneys, thus assisting them in their work of filtering all waste and poisonous matter from the blood, and expels these in the urine. To allow this to settle in the muscular tissues or joints, and cause the untold misery known as rheumatism. The mixture is composed of harmless vegetable ingredients which can be purchased at any good drug store, and mixed at home. Anyone suffering from any of these affections will no doubt be pleased to learn of so simple and highly recommended remedy.

DOES IT PAY?

Drink and the gang's with you; swear off and you go it alone, for the bar room bum who drinks your rum has a queering taste of his own; Feast and your friends are man; fast, and they'll cut you dead; they'll not get mad if you treat them bad so long as their stomachs are fed. Steal if you get a million, for then you can furnish bail; it's the limit thief who gets out on leave while the little ones go to jail. Advertise and the dollars come rolling; quit, and they fail to arrive, for how are men who have money to spend to know that you're still alive?

SKIN DISEASE OF TWENTY YEARS' STANDING CURED.

I want you to know how much Chamberlain's Salve has done for me. It has cured my face of a skin disease of almost twenty years' standing. I have been treated by several smart physicians as we have in this country and they did me no good, but two boxes of this salve has cured me. MRS. FANNIE GRIFFEN, Troy, Ala. Chamberlain's Salve is for sale at Parker's Drug Store.

J. J. Tilley, inspector of model sen oils, was among the snowbound travellers here last week. Mr. Tilley was up getting some information regarding the Vandeleur pioneer's monument for use in the forthcoming report of the Minister of Education. The article will embrace about four pages of the report and will be accompanied by a full page engraving of the monument. This report will be of more than usual interest to the people of this section.—Flesherton Advance
