The weather was on its best behaviour. The room was packed with an orderly and appreciative audience. Reeve Wilson was in the chair, while the position he very gracefully filled, and the verdict was that as a chairman and auctioneer he was excellent. The program was a choice one, and to particularize any one number would be unfair as they were all good. The boxes—here our limited vocabulary fails us to describe the beauty and trimming of the dainty boxes held up by the auctioneer to the bidding youths. Prices were fair, two boxes going for \$9. Total amount realized \$44, which is to be applied to school equipment.

The funeral on Wednesday last week of the late Mrs. Neil was largely attended. At the Presbyterian church which was prettily draped in mourning, an impressive service was held the pastor, Rev. J. C. Little, preaching an appropriate sermon from John 14:12 "Because I go unto the Father," concluding with a fitting tribute to the memory of the deceased, whose even and sweet Christian life from early girlhood was a constant preparation for going home to her Father. "I Shall Know Him" was sweetly sung by the choir. Rev. Dr. Caldwell assisted in the service. The Session Managing Board and congregation were represented by the following pall bearers: Frank Chard, Frank Cairns, Wm. Stewart, Jas. McMullen, John Blackburn and Mark Stewart. Beautiful floral offerings were presented from the Ladies' Aid Society. Mr. and Mrs. John Stewart and others.

A quiet marriage was solemnized at the Presbyterian Manse on Wednesday evening of last week, when Rev. G. C. Little joined in wedlock Mr. John B. Poester, of Eugenia, and Miss Christena McKinnon, daughter of Mrs. McKinnon, of this place. The bride's costume was a very neat brown tailor-made suit with pretty hat to match. The young couple went the same evening to their new home at Edge Hill.

Mr. Samuel Turner, who was a number of years a resident of this village, died at his home near Eugenia on Friday night last. The funeral took place on Monday to Salem cemetery, Rev. G. C. Little conducting the service. Mr. Turner has been deprived of his sight for a few years by cataract on the eyes, which operations failed to remove. About three years ago he was seized with a paralytic stroke, from which he never recovered. The deceased, who was 83 years of age, was born in Lincolnshire, England, where he was married and later bereft of his wife. After coming to Canada he first settled in Scarborough, where he again married and subsequently came to Flesherton. He was an industrious man, marked for his integrity and while living here became a member of Chalmers' church. His aged partner, four sons and two daughters, children of his first marriage, survive him.

A sudden death occurred at the home of Mr. Wm. Benson, 8 Con. Artemesia, on Saturday evening last, when Mr. Christopher Johnston, of Collingwood, who was assisting Mr. Benson at light work for a few weeks, passed away a short time after being seized with a paralytic stroke. The remains were taken home for interment. The deceased, who was 60 years of age, is survived by a widow and two daughters.

A short time ago the teacher and pupils of S. S. No. 3, organized in the school a Literary and Debating Society, which has for its chief object the training of the pupils in the arts of elocution, dramatic reading and public speaking. The officers of the Society were elected by ballot by the pupils according to regular election methods. After the Society was organized and the different officers instructed as to their duties, the officers undertook to prepare a program. Their maiden effort was crowned with success, for on Friday afternoon last a program was furnished which reflects great credit upon the zealous members of the executive. Master Wilfrid Greenwood, the President of the Society acted very ably in the capacity of chairman. Interesting stories were read by Fanny Ector, Alex Edge, Emma Ritchie and Eva Ritchie; recitations were given by Willie Ritchie, Mary Paylor, Edith Edge, George Williams and Katie McNally. The most interesting part of the program was a debate:—"Resolved that a girl is more useful than a boy." Emma Ritchie was the leader of the affirmative and was supported by Alex Edge; while the negative side was championed by Willie Falkingham as leader ably supported by John Banks. Numerous convincing arguments were forcibly presented by both sides. Then followed the critic's report by the teacher, Mr. Weir, who found no fault: what ever with the manner in which any part of the program was presented but rather conferred upon the pupils their merited praise. He then concluded after some deliberation by giving the decision in favor of the negative.

What is Liquid Granite?

It is a varnish of such remarkable toughness and elasticity that although wood treated with it may dent under a blow, the finish will give with it without cracking, and by virtue of its toughness it is adapted to natural wood floors and is guaranteed to be the best floor finish ever introduced. It takes the place of wax by its greater utility producing a more handsome finish and by its durability doing away with the frequent renewals necessary with a wax finish. This Varnish is not only confined to floors, but is especially useful for Countess Bathrooms, Oilcloths, Lineoliums and inside work of any kind where a good tough varnish is necessary. Put up in pints, quarts, 1/2 gallons and gallons. Sealed as illustrated.
