Inspector Campbell's twenty-first annual report to Grey County Council at its recent session we have read with very much interest. The report shows that Mr. Campbell has a deep sense of the high responsibilities of his office, the duties of which it is the consensus of opinion have been faithfully and very efficiently performed. South Grey is to be congratulated on having an Inspector at once so capable and so enthusiastic in his work. The Christian spirit manifested in his work, the high ideals he ever places before the teachers and pupils and the inspiration he gives for the attainment of those ideals must tend to the development of that which is truest and best in the lives of all who come under his influence. We congratulate Mr. Campbell on reaching his 21st anniversary, and wish him many years more of successful work.

From friends in the West we learn that weather conditions have been much more favorable with them than with us. In a letter of date Feb. 25th Mr. W. Hocking, of Emo, Rainy River writes: "We have scarcely enough snow for sleighing and the sidewalks are bare," and on the same date Mr. J. B. Hogg, of Manor, Sask.,

says: "We have had beautiful weather and very little snow all winter." The blizzard days we have been enduring are in striking contrast to this.

On Friday evening last the teachers and senior pupils of our Sunday School met together and went as a surprise party to the home of Mr. Thos. Greenwood and presented Herb with a gold locket and Annie with a dozen silver teaspoons, cream ladle, sugar shell and butter knife. The address was read by the Superintendent and the presentation made at the proper time by Master Victor Williams on behalf of the boys' class and Miss Maggie E. Ector on behalf of the girls' class. Although taken much by surprise, Herb made a neat reply thanking them most sincerely for their kindness to him and his sister. The remainder of the evening was then most pleasantly spent in different games. Following is the address:

Edge Hill, Feb. 28, 1908.
 MR. HERB AND MISS ANNIE GREENWOOD.

DEAR FRIENDS—During the past number of years you have been the faithful teachers of the senior boys' class and junior girls' class in our Sunday School, and it was with deep regret that we, your fellow workers and pupils, learned some time ago of your intention of leaving our neighborhood. During these years you have been very faithful and earnest in your work and ever ready to assist in any undertaking of the Sunday School. The regular attendance of your classes, their interest in their studies testify of efforts on your part worthy of the highest commendation. We trust that the influence of your character and teaching will be of lasting benefit to us.

As a slight appreciation of our high appreciation of your services we ask you to accept these gifts, trusting that they may always call to mind pleasant memories of your association with us in Edge Hill Union Sunday School.

In conclusion we trust that you will ever faithfully serve the Master and that his richest blessings may be bestowed upon you as you go to other fields of usefulness.

Signed on behalf of the Sunday School:
 W. J. RITCHIE, Supr.
 TENA FIRTH.
 SARAH J. A. EDGE.
 EDGAR RITCHIE.

There goes that Darky Corner Crow again. He's been up here (after some girl, we presume,) and ran off with a bunch of our valuable news. What had we better do with him anyway? Guess we had better wrap his head two or three times around his neck so that he can see over his shoulder and look the other way. Or would it be more profitable to raise him as a pet, teach him to catch rats, mice, etc.

How Crows do thrive to beat the bard On our Spring Bank land and water. If Crow from the Corners were only here He might find some man's lovely daughter.

FIVE rinks of Durham journeyed to Walkerton last night to battle with the same number sent that town. THE Salvation Army held a meeting at the Stratford Hotel, Capt. John W. Hay, Officer of the Stratford Subject, "War with the B.C." The speaker when stationed at cover, B. C., made two very interesting trips to the Indians of visiting several Indian villages including the Salvation Army village of Glen Vowell, being up the Skena River by the Bay steamers and canoe interior of British Columbia a very interesting and an address mixed with humor. You should not miss this. church on Monday, March 7.

We have seen the plans for a rink to be erected this summer. Joseph Brown, and are pleased to form our readers that the expense are being spared. Durham on the list of Canada where winter sports can be enjoyed. The building, which is 74x196 feet with an ice space surrounded with a 6 ft. wall, is forty feet from ground and will have a seating of eight hundred people. Two galleries on each side of the rink, a men's and ladies' room, two club rooms and an end gallery will have six or six feet long, and the entire structure will be of type, and covered with rubber. Mr. Brown has spent considerable money during the winter from place to place inspecting rinks in the country, and what is, in his opinion, the able for a town of this size operations will commence the weather permits.
